RAIN FALLS OVER WIDE AREA WITH BENEFIT, DAMAGE

(Continued from page one)

dicted partly cloudy weather for tonight and Thursday; slightly cooler tonight. Precipitation up to noon today was .33 of an inch.

PORTLAND, Ore., June 6.—(AP)—Light, but general, showers which fell over much of Oregon during the night, continued today, and the weather bureau here believed the east and southeastern portions of the state, parts of which are extremely dry, might be dampened tonight. Cooler weather over the entire state.

In western Oregon there was some fear that the rain might damage cherries and hay crops, but the precipitation greatly relieved the worries of growers of larger crops. Although no rain fell last night in the eastern Oregon wheat belt, skies were overcast today and there was every promise of showers. Rain would be of considerable value to spring grain in some sections, although in others the dry season has too far progressed to be relieved.

Klamath Falls had a very welcome heavy rain during the night; Roseburg received more than half an inch; at Medford .12 of an inch fell, and at Wolf Creek .26 of an inch was registered.

There was a trace at Marshfield, Eugene and Albany. Salem escaped the night showers, and at Portland three-hundredths of an inch fell. Baker had .14 of an inch, and Grants Pass was showered by .29 of an inch.

KLAMATH FALLS, June 6.—(AP)—Heavy rains in the night continued here today to soak down the Klamath basin. The moisture was particularly welcome to farms and ranges where drying out was feared following the mild winter.

The flow of irrigation water has been cut with the arrival of rainfall.

Double Features On Rialto's Bill

On the same program, "Private Scandal," featuring Zasu Pitts, Ned Sparks, Phillips Holmes, Mary Brian and Lew Cody, proves to be a brand new idea in mystery-thrillers, with comedy at all times pushing to the front.

Ned Sparks and Zasu Pitts are a unique combination for a mystery film—but they give splendid performances in two of the most laugh-loaded roles they have had in years.
