A number have daughters of their own in the school now. One out of every twelve of the girls enrolled at the Anna Head school is the daughter of a mother who was herself educated in this famous old school.

Not How Much Money

But how much money is moving. Getting ready for the Jubilee made considerable money move and did much good.

If we keep money moving in Jackson County for safe and sane purposes our problem will be solved.

Authorities say a million more homes are needed in the U. S. A.

This being true, would it not be well to repair and repaint what we have?

If all who could, would, times would be good.
