

Johnny Weissmuller at Craterian in Tarzan Film

"Tarzan and His Mate" Opens at Craterian

Johnny Weissmuller and Maureen O'Sullivan are again united in a jungle story based on the famous Edgar Rice Burroughs fictional character in "Tarzan and His Mate," opening at the Craterian theater today. Neil Hamilton and Paul Cavanaugh are again featured in the supporting cast. Into the primitive romance of the Ape Man, taking up where it left off in the first picture, is packed a series of animal scenes that have never before been equalled. Herds of elephants are shown charging members of a safari followed by a mixed fight between elephants and fifty lions, with Tarzan in the middle of the struggle. The swimming ability of Weissmuller is shown in under-water scenes as he fights a crocodile to the death.

OFFICERS BOUGHT AUTO CUT RATES, COMMITTEE TOLD

WASHINGTON, June 9.—(AP)—The special house committee investigating irregularities in the purchase of army supplies was told today that officers had bought Chevrolet passenger cars at a 24 per cent discount. Purchases of these automobiles were attached to Camp Holabird, Mr. where all specifications for army trucks and other automobiles originate and where some machines, bought piecemeal, are assembled.

The witness who gave the committee the information was Lieutenant Walter F. Wiley who finally conceded he was "through" and would buy no more Chevrolets at the dealer's price, 24 per cent under list. He said he had bought "at least one Chevrolet a year" since 1929, and two in 1933. But he explained: "Colonel (Edgar S.) Stayer, then in command at Camp Holabird, told me to contact a man at Flint. They had some agreement by which men could get cars at a discount. A number of officers got them; I wasn't the only one. It was generally known that if you wanted an automobile you could get it."

Asked to name the "other officers," he gave the names of "Captain Barnett" and "Lieutenant Gustaf Vogel." Wiley said he saw nothing wrong with the transaction at the time; that he had not connection whatever with the drafting of specifications; that he had done nothing "criminal."

In 1933, he said, he was ordered to Flint, Mich., where the Chevrolet factory is located. To inspect 15 automobiles being bought for the National Guard. The inspection was completed in four or five hours.

WASHINGTON, June 9.—(AP)—Congress today sent President Roosevelt a three year road building program that will involve upwards of a billion dollars if carried out. It provides for continuing the normal federal aid program in the 1936 and 1937 fiscal years, with authorization for \$125,000,000 to be appropriated each of those years, upon condition the states match it with an equal amount.

In addition, for each of the same two years, \$10,000,000 is provided for forest highways, \$2,500,000 for main roads through public lands, \$7,500,000 for roads and trails in national parks and \$4,000,000 for Indian reservation roads.

The \$224,000,000 for roads in states, 25 per cent of which must be spent on so-called "feeder" roads unless state laws prohibit, and \$24,000,000 for national park and other government land roads.

PARIS, France, June 9.—(AP)—A fine of 11,466,285 francs—approximately \$754,744—was imposed today on Jenny Dolly, of the dancing Dolly twins, for evading payment of luxury tax on a 51-karat diamond ring she purchased in 1928.

The court also sentenced her to three days in jail, but suspended that portion of the punishment. Miss Dolly, who was not present when the heavy fine was announced, is expected to appeal the sentence, friends said. If the loss in the higher courts and is unable to pay, she would be liable to a prison sentence of several months.

Decrease of the value of the dollar in terms of the franc figures in the high American equivalent of the fine. The ring was bought in Cannes for 4,533,856 francs, equivalent at that time to \$185,000. The luxury tax, which was not paid, would have been about \$32,500.

JACKSONVILLE, Texas, June 9.—(AP)—Packing sheds were closed, hundreds of men were out of work and tomatoes were left to rot on the ground today as growers in the East Texas tomato area again refused to sell for less than two cents a pound.

GATES AND ALLEN THANK VISITORS TO THEIR UNITS

W. A. Gates, industrial exhibit chairman, publicly thanked the thousands who have visited the outstanding display of Oregon products in the Natatorium building. The display is the best ever seen in this section.

The Jacksonville committees reported a successful week, and committees on trapezoidal, tennis, golf and flycasting reported successful meets. The latter were held during the early part of the week.

In fact, all divisions functioned perfectly, each contributing their share to the big success of the celebration which in years to come will identify Medford and southern Oregon as an outstanding section.

There was little trouble during the week as the result of violence or crime. The city police and state police departments and the sheriff were prepared for all emergencies and maintained perfect order.

Another hard-working committee man, E. T. Allen, completed his labors last evening in connection with the concession end of the jubilee, including the carnival, Indian village, street stands, etc. These different attractions were popular throughout the week. W. W. Allen is chairman of the committee.

One of the outstanding pieces of work in connection with the pageant, "Oyer-Un-Gon," was the beautiful setting of a white-capped mountain and foothills. The painting is regarded as one of the best examples of stage scenery ever made in this section. William Oatman, son of Mrs. N. S. Oatman of South Central avenue, is responsible for the work. He was aided by William Cottrell.

One of the hardest working persons of the celebration was Miss Delphine Hinck of the headquarters office in a secretarial capacity. Hours meant little to her in taking care of the vast amount of office work the celebration incurred. She was aided by Anna Mae Fuson.

Change in Price—Concerning the fees as listed in the Girl Scout camp bulletin, the charge will be \$5 a week, and the registration fee \$1. It was announced yesterday. Scouts are urged to get camp bulletins immediately from the scout headquarters, or from Mrs. Charles Bateman at 716 West Jackson street. Organizations which are sending girls to camp are asked to send their checks to Mrs. William Holloway, 328 May street.

MID-JUNE WHEN CONGRESS QUITS

WASHINGTON, June 9.—(AP)—If congressional expectations of quick adjournment could be reduced to a "fever chart" the resulting line would have as many ups and downs as a roller coaster.

Party leaders who spoke confidently yesterday of quitting within a week found it necessary to revise their estimates today on the basis of the uncertain situation that existed tonight. It appeared inevitable that the session would run well beyond June 16.

Return Showing of "David Harum"

In answer to innumerable requests, the Rialto theater, for today and Monday, is showing Will Rogers' great success, "David Harum."

When played at the Craterian theater, "David Harum" made an instant hit and since that time the theaters have been subjected to a flood of inquiries regarding a return engagement.

Rogers, in his role of the famous fiction character, has a role that might be described as "right down his alley." In his sharp dealings particularly with the Deacon, he seldom comes out second best when a good horse is at stake.

At Roxy Today

Is a woman's love more lasting than a man's? What of the man who loves—and forgets? Should a woman keep silent when her happiness is at stake? In the modern view, need there be any stigma on the unwed mother?

These questions, and many others, are prompted by "Only Yesterday," which comes to the Roxy theater today, with Margaret Sullivan, John Bolen, Billie Bugke and Reginald Denny in featured roles.
