

STEVEDORES ASK OTHER UNIONISTS JOIN IN STRIKE

SAN FRANCISCO, June 11.—(AP) Stevedores longshoremen here today called upon all trade unions to join the movement and William J. Lewis, district president of the International Longshoremen's association predicted that within the next few days Atlantic coast workers will refuse to handle ships unloaded or loaded by non-union men on the Pacific coast.

From Seattle came word that Joseph P. Ryan, president of the I. L. A. declared an attempt to open the harbor there by force "undoubtedly would end in a general nationwide strike of all labor."

In an appeal to all trade unions, the strikers' committee here requested all unions band together in calling a general walkout "to bring the strike to a successful finish."

"I have received advices from the east that they are ready to join us in a sympathetic move for the support of the strike," Lewis said.

He declared that 200 ships were tied up in Pacific coast ports and that 8000 maritime workers were on strike in San Francisco alone.

BEER SIGN RULES TOLD DISPENSERS BY BOARD AGENT

W. E. Berry, special agent for the state liquor control commission, was visiting the various beer dispensaries in Medford today, in company with Chief of Police Clatsop McGredie, and was conferring with the proprietors concerning signs for their places of business.

Mr. Berry pointed out that no sign, in or on the window, door, or outside premises can include the word "beer." The sign inside can advertise the beverage by name, without mentioning "beer, wine or ale." The indoor signs might be of any dimension, but those outside the store must be within the dimension of 30x6 inches. All highway signs advertising beer are being removed, Mr. Berry stated.

There can be no sale or consumption of beer after one a. m., and at no time can there be curb service, he said, and draft beer must be consumed within the building where sold.

Mr. Berry expressed pleasure with the fine co-operation he had received in Medford, and said that very little bootlegging apparently exists here at the present time.

A Hummobile eight driven by Oliver, was pushed 27 feet by the lighter Ford.

Those injured are Mrs. Lester Beal, Humboldt, Ore., Mr. and Mrs. Donald Brown, of this city, and their nine-months old baby, all of whom received minor cuts and bruises.

An accident on the Jacksonville highway near Baker's service station was reported at the city police station this morning by Wm. S. Hain of this city, who was forced off the road and into the ditch by a car whose driver's name was not learned. Hain's car turned over, in trying to avoid the other machine, which made a left turn without signaling.
