

### CHARLES W. LOGAN, ASHLAND PIONEER, DIES IN MONTEREY

ASHLAND, June 14.—(Sp.)—Charles W. Logan, pioneer of southern Oregon was claimed by death at his home in Monterey, California, Tuesday, June 12, 1934, following an illness of two days. Mr. Logan is the father of Mrs. Amos C. Ninninger and Mrs. Blanche O'Neal of this city.

So colorful is the early history of Charles Logan that a book "The Trail of the Little Wagon," was written and copyrighted in 1928, by Alice McGowan of Carmel, California. The author is a cousin of Mr. Morgan. The book concerns the adventures of Mr. Logan when at the age of 18 years he and another boy built a wagon and crossed the plains to Oregon from Iowa. Their experiences in meeting Buffalo Bill and Brigham Young are interesting episodes in the book.

Mr. Logan arrived in Ashland about 1880, and operated a photograph gallery on the spot where the Ashland Daily Tidings is now published, for a number of years. In Ashland he met and married Hattie Reeser, daughter of B. F. Reeser, Oregon pioneer. Mrs. Logan later passed away.

He left Ashland 35 years ago, locating in Oakland, California, where he operated a photographic studio for a number of years. His marriage to Emma Reeser, daughter of a pioneer Oakland family, occurred 30 years ago, and during the past 20 years Mr. and Mrs. Logan have made their home in Monterey.

Mr. Logan leaves to mourn his death his widow, Mrs. Emma Logan, two daughters, Mrs. A. C. Ninninger and Mrs. Blanche O'Neal of Ashland, a son, Charles C. Logan, of Yreka, California, and three grandchildren; Billy Hulen, Mrs. William Briggs and Logan Ninninger, all of Ashland.

Members of the family plan to leave for Oakland where funeral services are to be held Saturday, June 16.

### GRANGERS INVITED CELEBRATE 4TH IN PARK AT ASHLAND

ASHLAND, June 14.—(Sp.)—An estimated 4000 members of the Oregon state grange, with the majority coming from Jackson county and the Applegate country, will make Ashland and Lithia park their headquarters for a Fourth of July celebration.

All of the grange members in the county have been invited by the Chamber of Commerce, and plans are being made for an extensive program of celebration.

It is expected that Joe Dunne, Republican candidate for governor, will be present, and will deliver the speech of the day. Important grange officials from California have been invited, and Edwin Taylor, master of the Applegate grange, will talk.

There will be a picnic in the park, food concessions, old-time and modern dancing, and other diversions. A children's track meet will be arranged. The visiting grangers will be entertained at Twin Plungees by some sort of athletic program, and it is possible that there will be a bathing beauty contest.

### LOOK OUT FOR SPIDERS BEFORE TREES INJURED GROWERS ARE WARNED

Spider mites have made their appearance in pear trees during the past few days and general leaf injury has been observed in several different orchards. Growers are advised by L. P. Wilcox, county agent, and L. G. Gentner of the Southern Oregon Experiment station, to be on the watch from now on and when trees first show signs of leaf damage to apply control measures immediately. The mites work on the under sides of the leaves, causing leaves to turn brown and black and later to fall off. Such defoliation is harmful not only to the fruit now present, but also the formation of fruit buds representing next year's crop. The D'Anjou and Bosc varieties will probably show injured leaves first, so watch these trees closely from now on.

Recommended control is as follows: On pears use medium summer oil emulsion at the rate of 1 1/2 gallons to the 100 gallons of water. On apples use 1 1/2 gallons of light summer oil emulsion to the 100 gallons of water. Successful control depends a great deal upon the application. Spray thoroughly the undersides of all leaves, especially those in toward the center of the tree.

Fall From Tree Fatal. CENTRALIA, Wash., June 14.—(AP)—Falling 15 feet from a tree into a barbed wire fence while picking cherries, Mrs. Roy Campbell, 55, was fatally injured.

### PLANT LICE

When your plants have just been watered or are still wet with dew, sprinkle them with Bu-hach if you wish to free them from lice. Bu-hach is sure death to insect pests. So save your cherished plants this easy way—cannot injure the most delicate foliage or blossoms.

Rake, with 14 teeth, only 89c

## Why Paint with Water?

Tests show that cheap "bargain" paints contain as much as one-third water!

### Zinc-ite House Paint is all paint and no water!

The Zinc-ite Formula is On Every Label - For Your Protection!

**\$2.45** gal.

Water thickens paint—makes it look substantial. But water evaporates when the paint dries! It weakens the paint. And watered paint wears out quickly, making frequent re-painting necessary, raising the cost!

Zinc-ite costs you little, if any, more. Yet Zinc-ite is made of all quality ingredients only. It actually outcovers and outlasts most high-grade lead and oil paints! It's Wards own contribution to better and less costly painting—made in our own factories. And its low price saves you a good 25%!

### Hay Fork

Here is a value! Spring steel tines—three of them, 12-in. long, 4-ft. bent handle of smooth ash. **\$1.65**

### \$5.98

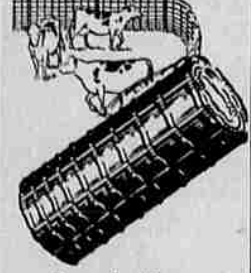

Four keen steel blades send grass flying. Self-adjusting ball bearings.

## FENCING OF ALL KINDS

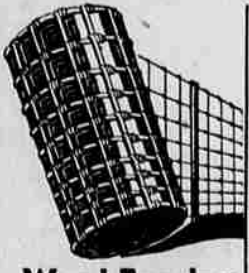

### Barbed Wire

Long, Sharp Barbs! Galvanized! Wound to prevent tangling. 80 - rod spool. **\$2.49**

### Stock Fence

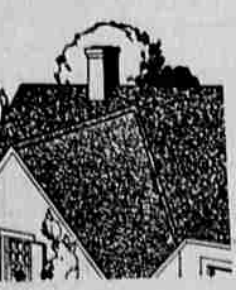

Heavily Galvanized! Hinge joints lock stay wires—prevent spreading. **39c** rod

### Ward Fencing

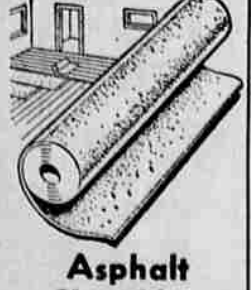

For All Purposes! Stay wires won't spread! Properly spaced. **36c** rod

## ROOFING AND BUILDING PAPERS

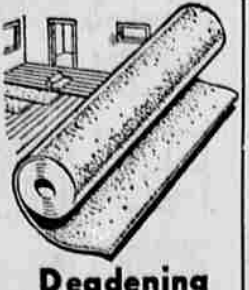

### Roll Roofing

State-surfaced. Choice of colors. Years of wear. **\$2.95** 85-lb. roll

### Asphalt Sheathing

500 Sq. Ft. Roll Building paper, saturated with asphalt. **\$1.45** 35-lb. roll

### Deadening Felt

Roll contains 430 sq. ft. Low priced! **\$2.15**

Gray Sheathing. Best pulp paper stock. Rosinized. **90c** 800-ft. roll

Low priced Asphalt Roofing. 108 sq. ft. in each roll. **\$1.35** roll

2-in. Varnish Brush. Ward value... 20c

Turpentine, 100% Pure Spirits **\$1.00** gal. Bring own container

Cleaner for wall paper. 14 oz. **10c**

Boiled Linseed Oil. Best quality **\$1.10** gal. Bring own container
