

GRANGE TO OFFER SUBSTITUTE BILL ON SCHOOL TAXES

(Continued from page one)

School equalization district board. This board, after organization, would take over all authority and duties heretofore vested in the district board of each county.

The county equalization fund would be made up of all monies accruing to the elementary school districts, including the state elementary school fund, common school fund and taxes levied by the equalization board.

Rate \$800 Per Classroom. The money thus received by the equalization board would be distributed under the provisions of a state minimum equalization level on a rate of \$800 per classroom unit.

Each district participating in the equalization fund would be required to maintain a standard elementary school and employ a teacher holding a valid Oregon certificate.

Would Submit Budgets. Districts would be required to submit budgets to the county equalization board, which would have the right to recommend changes to promote efficient handling of school finances.

Right to Determine Minimum Salaries. The board would also have the right to determine minimum salaries to be paid to teachers.

Schools having less than 16 resident pupils would not be permitted to participate unless the county board was unable to arrange transportation or some other means of caring for the pupils, in which case funds could be provided up to 75 per cent of the equalization level.

If it is found that consolidation of districts is justifiable and warranted through transportation of pupils, the county board shall have authority to make such consolidation.

The act would also provide that where districts are in sound financial condition and have no unpaid obligations, that the levy against such districts shall be proportionately lowered.

No school district participating in the equalization fund shall be permitted to erect a new building without the authority of the county board.

Some Not Affected. School districts of the first class, and counties now operating under the county unit system, would not be affected by the act.

The bill was submitted to the convention of the Oregon State Grange with the committee's recommendation for adoption, and resulted in considerable discussion. The general opinion of the Grange members was favorable, and it was voted to submit the proposed law to the next session of the state legislature.

By CLAYTON V. BERNHARD Associated Press Staff Writer. ROSEBURG, Ore., June 14 (AP)—Peter Zimmerman, Yamhill county state senator, would not be adverse to offering himself as an independent candidate for governor of Oregon if he finds he is able to assist in the regular progressive program.

Should he enter the race, Zimmerman admitted, it would be for the one purpose of putting over the "progressive program." He said the regular progressives do not care for Zimmerman, Gill, Burke or Thomas, whomever the candidate may be—they want the program.

Program Is First. "The individuals are only a means to an end," the Yamhill senator continued, "and should I enter the race it would be for the sole purpose of putting over that program."

The progressive program, as Zimmerman sees it, and he is a member of the Oregon grange executive committee which is in session here in connection with the annual meeting of the state grange, consists of three points: Taxes paid by those best able to pay, state-owned transmission lines for municipal power to be delivered from Bonneville dam, and a state-owned bank.

Zimmerman's announcement that he would enter the gubernatorial contest as an independent candidate if requests continue to be pressed upon him, followed a declaration by Ray W. Gill, master of the state grange, that Gill positively will not be a candidate. Grange leaders said he seeks, rather, to be elected head of the national grange organization.

People Unsatisfied. "The people over the state are not satisfied," Zimmerman continued, "with the major party nominees. While I was speaking at various parts

CUP CANDIDATE LAUNCHED

A large crowd of yachting notables braved a drenching rain to watch the new racing sloop Rainbow take her initial dip at Bristol, R.I. The yacht was christened by Mrs. Harold S. Vanderbilt and is the latest candidate for international racing honors and the famed America's cup. (Associated Press Photo)

of the state in favor of the state bank, I heard many comments to this effect.

"I agree with many who have talked with me," he said, "that the time is ripe for an independent candidate to put over a program of the regular progressives. Whether or not I am the candidate, I shall devote all my time to that program."

Dog Nightmare Caused Suit. CLEVELAND—(UP)—Claiming she has frequent nightmares in which vicious dogs attack her as a result of having been bitten by a small Scotch terrier named Sam, Mrs. Hilda Jacobson of Cleveland Heights filed suit for \$10,000 against Joseph G. Kenna. Kenna said his dog was only 10 inches high "and never would bite anyone."

Last Flat-bed Stamps Popular. SOUTH BEND, Wash.—(UP)—The South Bend postoffice had difficulty in selling the 1914 issue of 12-cent postage stamps, of which they bought 10,000 when issued. The last few days stamp collectors have swarmed in to buy them. It was found they were the last stamps made by the government by the flat-bed printing process.

STANDARD BUTTER UPPED HALF CENT

PORTLAND, June 14.—(P)—An advance of 1/2 cent in standard grade butter was ordered during the last session of the produce exchange. There was no change in the price on other grades.

Butterfat remained a trifle mixed in character owing to the decreasing supply. There is no surplus of butterfat, demand being for every pound produced and for which the trade is offering full prices generally.

Market for eggs continued to reflect a generally steady tone and without price change locally for the day. Receipts of fresh lay are still decreasing.

Killers were so filled with chickens at this time that a further cut in buying price has been made to curtail offerings. Hens and broilers are affected.

Markets Livestock

PORTLAND, June 14.—(P)—Cattle: 150; calves 35; steady, unchanged. HOGS: 500; steady, unchanged. SHEEP: 500; steady, unchanged.

REBECCA JENSEN, Clerk. School District No. 49.

Located in a narrow valley about 20 miles from the city of Rochester, in southern Minnesota, Millville draws its water from a reservoir carved out of solid rock in the bluffs 150 feet above the community.

MOSQUITO DRAFT SLOW IN FILLING FOR CCC STUDY

It does, apparently take all kinds of special orders to make up a day's work for the Medford district CCC headquarters, and in today's issue there was a gentle reminder that mosquitoes were not being sent into headquarters as requested.

Inquiring of First Lieutenant Wallace S. Douglas, Med. Res. district surgeon, however, brought forth details that the lack of the dipterous insects had been the reason for such an order, or that he intended to keep an accurate count of mosquitoes in the Medford district.

His explanation was that the medical corps is making a mosquito survey and camps have been requested to send in species of the insect found in their vicinity.

Lieutenant Douglas pointed out that only certain types of the mosquito transmit disease, and that it is beneficial to know the location of those types, in order that they might be exterminated. The district surgeon has requested those sent to him be in a lifeless state.

The St. Louis Cardinal roster for the 1934 season included eight bachelors.

23 Little Pigs. CRANE, Mo. (UP)—The attention of Secretary of Agriculture Wallace should be called to a Duroc sow owned by Ike Ledbetter, near here. Ledbetter's sow farrowed her third litter of pigs recently, and 23 small porkers are now dependent upon her.
