

COMMITTEE WILL SCAN CANDIDATES FOR KERR'S POST

PORTLAND, June 18.—(AP)—Appointment of a special committee to investigate possibilities of electing a new chancellor to succeed Dr. W. J. Kerr who announced two months ago his desire to retire at the convenience of the board, was decided upon today by the state board of higher education in a quiet session devoted otherwise to purely routine matters.

The committee is to consist of three members with President Willard L. Marks serving as an ex-officio member. Personnel of the committee was not decided upon and may not be made public when it is, it was indicated.

Personnel adjustments, budget transfers and some increases in salaries to prevent "bleeding" of key men from the various staffs to other institutions constituted most of the other 24 items of business making up the docket.

Chancellor Kerr reported that the system will close the fiscal year July 1 with a financial balance of approximately \$50,000 as was estimated at the time the 1934-35 budgets were adopted two months ago. Chief addition today was an extra \$2200 necessary to meet the bill of \$4418.73 submitted by the secretary of state's office for making the recent audit of the board's affairs.

Adjustments necessary incident to the recent acceptance by Paul V. Maris, director of cooperative extension, Oregon State college, of a federal position were approved by the board. Under the new arrangement Dean W. A. Schoenfeld has been officially designated as director of extension by the Washington office. F. L. Ballard, state county agent leader for 19 years, was today designated as vice-director, with no change in salary.

MEDFORD STORE AMONG OREGON'S MONEY MAKERS

(Continued from page one)

of operation were the Jersey Street store in Portland, in the former class; Oregon City, a loss of \$994.89; La Grande, \$225.68; Grants Pass, \$113.94, and the Milwaukie store the least loss.

The Eleventh and Alder street store in Portland showed the largest gain of the total profits of \$26,220. Its net was \$6,833. It was followed by the Fifth and Oak street store of \$6,833. The Ontario store near the Idaho line was third, with \$2,421.

Other stores showing a profit included Salem, \$1,284; Sandy Boulevard, Portland, \$1,878; Union Avenue, Portland, \$341; Medford, \$278; Klamath Falls, \$783; Baker, \$501; Roseburg, \$108; Pendleton, \$748; Eugene, \$1,400; Southwest Third Avenue, Portland, \$1,585, and East Burnside, \$864.

49 Agencies Lose
Forty-nine of the 93 agencies located in the state reported losses ranging from \$1 to \$92. Total profits of the agencies was \$3,063.

The accompanying audit of J. T. Pasquill of Portland, named by the governor to aid in the audit, was up to April 1. He criticized the lack of cooperation between the Salem and Portland headquarters of the commission.

"The necessity of maintaining two offices for carrying on the activities of the commission is one which should receive serious consideration, results in divided responsibility, and does not permit of complete control supervision by the administrator. It is suggested that economies in cost of operation could be effected were consolidation of the various divisions undertaken."

BROWN'S STAFF HAS RIVER CAMP PICNIC

Brown's Billiards was closed Sunday, and all employees, their families and friends spent the day at the Elks picnic grounds. Swimming, baseball and a picnic dinner were enjoyed during the day.

To South Fork Camp—Karl Janouch, forest supervisor, and P. V. Horton, assistant regional forester from Portland, left this morning for the guard training camp at the South Fork of the Rogue CCC camp.

THIS SHOULD PLEASE MR. FARLEY

Three years ago when an order went out to postal workers to economize, the matter was taken literally by C. F. Norquist, Minneapolis letter carrier. He began to save twine used to bundle up letters and parcels. Here Norquist is shown with the huge ball of twine he brought back to the postoffice to be used again. (Associated Press Photo)

Wall St. Report

NEW YORK, June 18.—(AP)—Stocks shuffled about hesitantly today and price changes, on the whole, were narrow and meaningless. While several issues developed firmness, and some new highs for the year were recorded, there were a number of soft spots in evidence. The close was irregular. Dullness predominated and transfers approximated only 535,000 shares.

Today's closing prices for 32 selected stocks follow:

VISION MAMMOTH DAM ON COLUMBIA

PORTLAND, June 18.—(AP)—Envisioning a mammoth dam, costing hundreds of millions of dollars and developing 6,000,000 horsepower of electrical energy, the Columbia river committee of the Oregon legislature will recommend to President Roosevelt that the United States engineers make another examination of the ambitious proposal to determine the feasibility of the structure.

Such a dam, 550 feet high, at The Dalles, would obviate several of the series of dams recommended in the recently drawn Columbia river basin development program, it was said by members of the interim committee.

TOO LATE TO CLASSIFY

FOR SALE—Pony apricots, R. C. Ward, Fern Valley, Ph. 19-F-21.

SMASHES SPEEDWAY RACE RECORD!

-and then be smoked a Camel!

BILL CUMMINGS FOUGHT OFF a fast field of daring drivers for over 4 1/2 exhausting hours of nerve-racking, record-breaking speed to take the 500-mile classic at the Indianapolis Speedway. Press wires flashed: "Cummings, after stretching himself, first requested a cigarette." It was a Camel! For Bill is a Camel smoker of 12 years' standing, and knows that smoking a Camel gives you a quick "snap-back" in energy!

TRY THIS EXPERIENCE

in increasing energy quickly when worn out!

If you have ever tried to clock 300 or 400 miles in one day's drive you can imagine the terrific output of energy a racing driver crowds into "the 500" at Indianapolis. As Bill Cummings said himself after the race: "For 200 grueling laps . . . I had to average 104.863 miles an hour, the new world's record for 'the 500' . . . sometimes hitting it up to over 2 miles a minute . . . to win. 4 hours and 46 minutes of this wrings the vitality out of a man. I felt pretty well played out at the end of the race. My mechanic and I turned to Camels for the first luxurious smoke that always chases that tired feeling away. Any time I'm 'all in' I know that Camels will give me a 'lift' in energy. I smoke them steadily, too, because I know that Camels will never jangle healthy nerves."

This "energizing effect" in Camels, long recognized by Camel smokers, has recently been studied and confirmed by a famous research laboratory in New York. It is harmless, refreshing. You'll like Camels—a matchless blend of costlier tobaccos. You can "get a lift with a Camel" as often as you wish. Camels never get on your nerves, no matter how many you smoke.

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand

"Get a LIFT with a Camel!"

CAMEL'S Costlier Tobaccos never get on your Nerves
