

# MEDFORD ROGUES CAVORT AT HOME COMING SUNDAY

### Team Has Suffered by Lack of Local Field in Past Few Weeks — Fans Urged to Give Team Big Welcome

By Billy Hulen  
For the first time in two long months, Hal Haight's Medford Rogues, holder of second place in the Southern Oregon league, will be playing on their home field next Sunday when they entertain Shaw Bertram.

Forced to transfer their games to opponents' fields or to Jacksonville, the Rogues have suffered both financially and in the matter of winning games, and it will be with real joy that they take the field Sunday in their own back yard before their own fans.

Nothing finer could possibly be done by Medford fans than to make a real homecoming out of that game and fill the grandstand to overflowing.

Herman Wakeman, Shaw Bertram first baseman, stands so far ahead of other initial sockers in the league that it isn't even close. A powerful hitter, possessor of a bullet left arm and fast as a flash, the boy, who is still in his early twenties, is almost a clinch to get a Coast league tryout next spring if not this summer.

Paul Heer, young Jacksonville high school hurler, has certainly made a place for himself on the Rogues roster as a result of his fine work against Shaw Bertram Sunday. He will, undoubtedly see a lot of work on the Medford mound in the future. Incidentally, the game, which went fourteen innings, was the longest in the circuit so far.

Former Pacific Coast league players who are pasting in the Southern Oregon circuit are: Al Droulette, fence-busting Grants Pass catcher who was with Oakland for years; Paul Hoffman, Medford center fielder; Bill Nelson, Grants Pass hurler who tried out with the Portland Beavers this spring; Camrout, Ewanna pitcher and Haight, Medford manager and shortstop, who was with Portland for a time. Also "Papa" Gipe, Grants Pass pinch hitter and utility man. And let us not forget Kenneth Williams, over ten years in the National league, who is doing a pretty fair job of running the league-leading Grants Pass Merchants.

The two oldest regulars in the league are strangely, or perhaps not so strangely, the most valuable players to their respective teams by a wide margin. Paul "Hooster" Hoffman from the opening run has been the big punch in the Medford lineup. Hitting in the cleanup position, "Hooster" has driven in plenty of runs and, along with that playing ability, has got a disposition that has been the joy of every member of the Rogues team. Enthusiastic, hustling, fighting all the time, Hoffman is just like a youngster breaking in. No doubt at heart he is one, where baseball is concerned.

Al Droulette is head and shoulders above any player on the Grants Pass club when it comes to inspiration and brain.

He is that team's guiding force when on the field. He holds it together in the tight spots and, in addition, is the best hitter in the league according to averages. More than anyone else, Droulette is responsible for the brilliant work of Bill Nelson, league leading pitcher.

# STARS AIDED BY JOLLEY'S RALLY

By the Associated Press  
If the split season helps any club in the Coast league, Hollywood may be the team.

In fact Hollywood may even be a pennant contender in the second half, largely because of the return to form of big hitter Jolley, right fielder and key man in the Star attack. Hampered by an ailing arm since the start of the season, Jolley, who came to Hollywood from the Boston Red Sox, is just beginning to hit. His record as a home run hitter has been established by years of clouting in the Coast and American leagues.

After wallowing only three four baggers during the first half of the season, Jolley came back yesterday to lift two over the fence and account for seven runs as Hollywood trounced Oakland 11-6.

# WIZARD OF BRIDGE LOSES TO DEATH

PHILADELPHIA, June 27—(AP)—Milton C. Work, instructor and advisor to millions in the international realm of auction and contract bridge, died early today in a Philadelphia hospital. He was 69.

The Philadelphia card expert, who gave up a promising law career to find a fortune in popular interpretation of the laws of bridge, fell victim to intestinal disorders that harried him for months.

A son of Robert and Mrs. Anna Whitman Work, the bridge author-teacher entered his chosen field through the medium of what, a game of which he was enthusiastic follower in his college days at the University of Pennsylvania and the university law school.

His law career opened auspiciously, but what he had much of his attention. His first book, issued in 1893, was "Whist of Today."

With the advent of bridge, he became a "fan" of the new favorite.

# BRITON SHATTERS ALL RECORDS FOR OPEN FIRST ROUND

SANDWICH, Eng., June 27—(AP)—Shattering all first round records in the history of the British open golf championship, tall Henry Cotton, a native professional, today scored a sub-par 67 over the Royal St. Georges course to take a three-shot lead in the first 18 holes of the 72-hole title grind.

SANDWICH, Eng., June 27—(AP)—Fred Taggart, a British professional, set the early pace today in the first round of the British open golf championship shooting the royal St. Georges course in 70, two under par.

Taggart toured the outward nine in 34 strokes, two under regulation figures, and came home in par 36.

Gene Sarazen, the 1932 champion and betting odds favorite, wasted strokes on the green and negotiated the first round in 75. Gene was out in 37 and back in 38.

Robert Sweeney, American student at Oxford university, who qualified for the championship with 145, used up 80 strokes.

MacDonald Smith, the transplanted veteran Scot who holds forth at Nashville, Tenn., found the greens plenty troublesome and required 77 strokes for his first round. Smith was out in 38 and back in 39.

# SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter: "Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for ALL-BRAN. It gives such a clean taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful! Just eat two tablespoons daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green packages. At all grocers. Made by Kellogg in Battle Creek

Edwards, county bee inspector; rearing honey from the hives, Floyd Rush; fall management, preparing for next year's crop, T. E.
