

# GHASTLY DISASTER WIPES OUT PLANT IN OLYMPIA AREA

(Continued from page one)

Oliver Wilson, 12, stepson of Henry Denn, Jr.

The injured:  
William Barto, fractured skull; Glenn Moyer, head injuries and serious burns; Roscoe Deeds, severe burns; George Denn, cuts; Ed Parker, bruises; and Mrs. Peggy Skinner, scratches and bruises.

Seven Killed Outright  
Seven of the victims were killed outright as the plant, in which powder, used chiefly for clearing stumps and other agricultural purposes, was made, shot skyward. Three others, badly mangled, died on the way to the St. Peter's hospital here, or soon after arriving.

From Frank Skinner, who was working on a road a half mile away from the scene, came a description of the blast.

"It knocked us all on our backs. At first, I thought a terrible earthquake had rocked the country. But as I looked up I saw a great cloud that looked like a sandstorm reaching a quarter of a mile into the air. Then it settled slowly, and in its place big red tongues of flame shot skyward."

Wife at Plant  
"I felt a sickening sensation as I knew what had happened—the powdered plant had blown up! My wife, Peggy, was working there."

His wife miraculously survived the blast, however, although a companion working near her, Mrs. Eppley, was among the victims.

Because of the fearful destructiveness of the explosion, plant officials said today that its exact cause might never be known.

CHEYENNE, Wyo., June 28.—(AP) A terrific explosion followed by a raging fire took the lives of three women and brought injuries to two more last night in the complete destruction of two two-story buildings

## PICKETS CLASH WITH POLICE

Mounted officers and patrolmen on foot are shown in Seattle, Wash., clearing strike pickets off a railroad track leading to the piers. Three of the striking longshoremen received head injuries as police swung night sticks. The piles of junk in the foreground were gathered by the strikers to block the track. (Associated Press Photo)

## KLAMATH OFFERS DETECTIVE THIRD OF SUM CHARGED

KLAMATH FALLS, June 28.—(AP)

Dr. O. E. Heinrich, Berkeley criminologist, will receive \$762.48 from Klamath county in connection with his investigations into the Horace M. Manning case here recently.

The amount the county is willing to pay is about one-third the bill the criminologist submitted for professional services and materials. He asked \$2362.48 for his activities on behalf of the prosecution.

Manning, prominent attorney, was acquitted on a plea of self defense for the shooting of Ralph Horan, his former law partner and member of the state legislature.

Heinrich was the key witness for the state. The photograph of a fingerprint on one of the two guns taken from the death room was offered as evidence but later was identified as one accidentally placed there by the expert.

Both state and defense attorneys believed the incident materially reduced the strength of the prosecution's case.

## MEDFORD GAINS AIR CONNECTION WITH VANCOUVER

Direct air passenger and express

service between Medford and British Columbia will become effective July 1 when United Air Lines opens operation into Vancouver. It was announced today in a wire received by L. G. DeVaney, field manager, from President W. A. Patterson of United.

Extension of the Pacific coast airway will link the Canadian and Mexican borders, placing them only 14 1/2 hours apart.

Three-mile-a-minute multi-motored Boeing transport planes of the kind used between Medford, Seattle and San Diego will be operated on the Seattle-Vancouver run, it was announced. Travel time from Medford to Vancouver will be five hours and twenty-five minutes, with an hour and twenty-five minute layover in Seattle.

Under the schedules provided, Medford citizens will be able to leave here just before breakfast, spend the major part of a business day in Vancouver and be back home at mid-

night. Planes will leave here for Vancouver at 8:30 a. m., arriving there at 10:55 a. m., leaving Vancouver at 4:45 p. m. and arriving here at 12:05 a. m.

United's entry into Vancouver provides that city with air transport connections with Medford and all Pacific coast cities of 100,000 or more population, as well as with approximately 200 cities reached by the entire airway network in this country.

Rain Lays Dust

PENDLETON, June 28.—(AP)—The atmosphere cleared here today following two days of wind and dust storms. Rain last night dissipated any further threats of another serious dust storm.

ASHLAND, June 28.—(Sp.)—The Artisan lodge members of southern

Oregon will have a family picnic in Lithia park Sunday, July 1, according to Al J. Peake, district manager of the southern Oregon district.

Arrangements have been made with

the chairman of the park board, W. H. McNeil, and the lodge extends an invitation to all friends of the organization, and their families, to meet with them Sunday.

Ready Now! Penney's

# Vacation Wear

VACATION DAYS! First time in about 5 years anyone dared mention a vacation, because most folks were out of a job and on a FORCED VACATION—happily however, more people are now employed and while we have not reached UTOPIA, we are headed out of the woods—THANK HEAVEN! But listen, LOW PRICES and VALUE never take vacations at PENNEY'S, they are always working for you at this store—and while we have high class merchandise only—we never dress it up with a high hat price tag! Another thing, your dollar buys merchandise VALUES at PENNEY'S and you never get soaked "extra" to cover fancy store-keeping frills on other needless expenses. We don't feel like spending a lot of extra expense money to impress you—because the customer has to pay store bills when he buys. When you add a lot of store expenses on—you gotta add it on the goods.

Here they are! Come and get 'em! Chiffon
