

156 OLD AGE PENSION CERTIFICATES ISSUED BY COUNTY OFFICIALS

To date, 296 applications for old age pensions under the Oregon law have been filed with the county court, acting as the old age pension commission.

Of this number, 156 old age pension certificates have been issued, 75 have been rejected, two have passed away since filing of applications, five have been withdrawn by the applicants, and 60 applications are pending. Some of this number have not been issued, because the applicants have failed to sign the property release agreements.

Of the 75 applications rejected, the chief reasons were: Possession of ample means for own care, not of sufficient age or residence in the state, ability of children to provide, and remaining at the poor farm until the county was better situated financially to pay the pensions.

Average amount of the old age pension is between \$11 and \$12 and range from \$6 to \$15 per month.

Under the old age pension law, persons with property valued at more than \$2000 are not eligible. Applicants must also be 70 years of age, a resident of the state for 15 years, and of the county two years.

FIRE ADDS TO WOES OF KANSAS WHEAT FARMERS

First it was a rain shortage, then serious drought in the nation's wheat belt. Near Clearwater, Kan., a devastating fire came along to spread further destruction and ruin 54 acres of wheat before it was halted. Some of the volunteer fire-fighters are shown on the job before the blaze was extinguished. (Associated Press Photo)

HOMESTEAD PLAN LACKS GOOD LAND

Following a conference with State Senator George Dunn of Ashland and A. S. V. Carpenter, representative of state relief work in this county, with County Judge Earl B. Day last week, it was decided that Jackson county owned no land suitable for use under the "Self-Help Subsistence Homestead" plan.

The committee held that all county-owned land in this county is not suitable for agriculture and that "there is no use in placing worthy people on land where they have but scant if any chance to win, and their hopes would be crushed again."

The meeting was held at the suggestion of the state leaders in the plan. The main idea of the project is to place worthy folk upon lands where they can develop self-help traits and make a living through their own efforts. The plan is nation wide in scope.

It was explained that most of the county land in this county is mountainous and rough, or not adapted to agriculture, because of the rocky or poor soil.

COUNTY AMENDS WATSON ANSWER

Jackson county, through the district attorney, yesterday filed an amended answer in the action of Dan Watson against George L. Jantzer and wife, and Jackson county for annulment of a sale of a timber homestead in the Prospect area on a delinquent tax foreclosure sale.

The county's amended answer sets forth that the county court in regular session, ordered the sale to Jantzer, that it was under the Oregon tax laws, made and provided and that due notice of the delinquency was served upon Watson. The court is asked to enter a decree confirming the sale and declaring it valid and upholding the action of the county court.

Watson filed upon the homestead 10 or more years ago, and in 1931 the taxes thereon became delinquent in the sum of approximately \$133. Jantzer purchased the land on a tax foreclosure sale for the amount of the delinquency. Watson then contested the sale, and tendered the amount of the taxes paid. Jantzer, in the meantime established a small sawmill near the homestead and started operations.

An increasing amount of English movie talent is being brought to Hollywood.
