

FIVE MEASURES ASSURED PLACE COMING BALLOT

(Continued from page one)

In 1935, then in five years, bring this down one mill each year until the maximum of 15 mills is effective. All present indebtedness and voted bond issues would be exempt from the limitation.

The healing arts bill is a constitutional amendment, sponsored by the progressive constitutional amendment committee, and would provide for competition in the healing arts, and classify healing into three divisions—medical and osteopathic; chiropractic and naturopathic; and spiritual healing.

Rush Work on Two The other two upon which work is being rushed are the grange measure, one calling for the creation of a state bank, and the companion bill calling for a constitutional amendment repealing the state bank and legal tender issue prohibition. It was learned sufficient names may be obtained on these before Thursday night.

Only two liquor bills were conceded a chance by the department of state—the liquor tax and license bill, repealing the Knox act, which is sponsored by Charles Donke of Portland and its companion bill calling for city liquor control and state licensing and taxing of producers and wholesalers.

One other proposal was being pushed, that favored by various unemployment groups in Multnomah county, calling for unemployment and social insurance.

Meteorological Report

Forecast: Medford and vicinity: Fair tonight and Tuesday; not much change in temperature.

Oregon: Generally fair tonight and Tuesday, but local afternoon thunderstorms in mountains of east portion; warmer interior of northwest portion tonight.

Local Data: Temperature a year ago today: highest 84; lowest 54.

Society and Clubs Edited by Irvn Fewell

Special Meeting of Degree of Honor Held.

A special meeting of the Degree of Honor Protective Association was held on Saturday evening, with a large number present. Mrs. Minnie Card, state organizer from Portland, was present, and initiated a class into the order.

The degree work was beautifully presented by the drill team, Carrie Belle Ranney, Catherine Campbell, Jean Goddard and Cherokee Seller. Those initiated were Frances Luman, Carrie Chase and Charles Kempke. Several of the class were unable to attend.

Among the visitors present were Mrs. George Sally of Portland, Mrs. Clara Hatfield of Lodge No. 26, Mitchell, S. D., and Mrs. Ruth Goddard.

Refreshments were served at the close of the initiatory work, during which Mrs. Card presented the candidates with pink carnations, the organization's flower. Dancing and a social time were enjoyed the remainder of the evening.

McMahon Family Leaves Sunday.

Captain and Mrs. B. B. McMahon, son, Jerry, and daughter, Janet, Anne, left Sunday by motor on a two months' leave. They will spend July 4 in Marysville, Calif. with friends, then continue to San Francisco for several days. They plan to then motor east and attend A Century of Progress Exposition in Chicago before going to Fort Leavenworth, Kas., where Captain McMahon will be a student for two years at the command and general staff school.

The McMahaons spent the last summer residing on the Applegate, where Captain McMahon was in command of the Applegate camp for the Civilian Conservation Corps. The family returned to Medford from Vancouver Barracks, Wash., to reside the first of this year, upon the captain's being transferred to the district headquarters for duty.

Royal Neighbor Party at Shirleys.

Owing to the rain, the Royal Neighbor picnic planned for last Wednesday afternoon and evening at Jackson Hot Springs was postponed. Neighbor Irene Shirley extended an invitation to her home, instead. Those who had prepared to go met at the Shirley home, where the covered dish lunch was served at 5:30.

Following the supper cards were enjoyed until a late hour.

More than 30 members and friends enjoyed the hospitality of the Shirleys and all agreed that a grove and a long ride, while always enjoyable, are not necessarily essential, as all present felt they had enjoyed a regular picnic indoors and on the lawn.

The camp is going to have that promised picnic at the Hot Springs, the date to be announced later.

Mrs. Culbertson Gives Party for Daughter.

ANTELOPE—Mrs. Helen Culbertson entertained with a party in honor of her daughter's birthday June 27. Present were Alene Owens, Audrey Lindsey, Ethel Lawrence, Marjorie Tobin, Betty Jean White, Nellie Basse, Cora and Clara Mae Bigham, Della Bigham, Hazel and Annabelle Riggs, Marie Wood, Marine Yorton, Barbara Culbertson, Mrs. Bill Bigham, Mr. and Mrs. Henry Owens. Refreshments were served.

Mrs. Horn to Visit Wilsons in Medford.

Mrs. Lila M. Horn, niece of Mr. and Mrs. H. G. Wilson, will arrive here this week from Pocatello, Idaho, to spend the summer here. Mrs. Horn is a government employe at Fort Hall, Idaho.

Miss Wilson Visits in Roseburg.

Miss Elow Mae Wilson is spending this week in Roseburg, visiting friends and relatives. She plans to return here on Thursday.

MR. DAIRYMAN: YOU CAN KEEP YOUR COWS FREE OF FLIES IF YOU USE THE RIGHT FLY-SPRAY

K-O KNOX-OUT DAIRY FLY SPRAY AS WELL AS KILLS REPELLS AS WELL AS KILLS

To be right, a fly-spray should repel as well as kill, for after all it's not the flies in the stable that do the most damage. It's the flies in the pasture that bother between milkings and take the profit out of your cream check.

Knox-Out Fly-Spray is the most efficient fly spray on the market. Don't take our word for this statement. Try it! Prove to yourself we are right.

Knox-Out Fly-Spray costs less in the long run; for you put on less spray to get far better results. Ask for free descriptive circular. Tells how you can keep flies off your cow with three sprayings a week.

PREMATURE FOURTH IS CAUSE OF SCARE

Further investigation of the explosion Friday evening and Saturday

morning in a downtown alley, which led some to believe that a member of the Dillinger gang had become active hereabouts, or the current German upheaval was assuming an international aspect, now leads to the theory that the noise was caused by premature Fourth of July celebrations.

Refresh yourself with one of our big 10c ice cream sodas. Anything you like in the fountain line at DeVoe's.

Good company deserves good drinks... It must be Canada Dry. And the liveliest water is Canada Dry's Sparkling Water. Ex-Senator Long Of Kansas Passes

Sunshine in Their Milk at no increase in cost!

"EAT A SUNBEAM!" says one of the most famous scientists in America. The particular sunbeam he tells us to eat is the one that the smoke and dust of cities, the houses and buildings we live and work in, and the clothes we wear, keep from reaching us.

We must have this vitamin. Children must have it to make their bones grow straight and strong. Expectant and nursing mothers must have it for the protection of the bones and teeth both of the mother and the child.

Pet Milk has long been noted for its sure safety, uniform double-richness, and ready digestibility. Thousands of physicians have prescribed Pet Milk for babies because of these extraordinary qualities.

Many thousands of women use Pet Milk for all their milk and cream needs because the double-richness enables them more easily to put in their families' food the quantity of milk they ought to have.

Irradiated Pet Milk—enriched with vitamin D—now possesses the further virtue of enabling you to give to all your family the additional protection which this precious vitamin provides against the tragic results of faulty bones and teeth, not only in childhood but in later life.

And this added protection costs you nothing. The cost of Pet Milk is not increased because of irradiation. It costs less generally than ordinary milk.

Listen to the PET-MILKY-WAY on the Woman's Magazine of the Air every Tuesday Morning KGW KGO 11:10 a. m.

New and seasonal recipes for making attractive, delicious dishes that are more wholesome and that cost less
