

3 OUT OF 5 FAVOR ROOSEVELT'S ACTS BALLOT REVEALS

Straw Vote Literary Digest Shows Vermont Alone Registering Disapproval—Coast Swing Favorable

NEW YORK, July 5.—(AP)—The final returns on the Literary Digest's poll of public opinion on President Roosevelt's acts and policies, on the whole, show today that three out of every five persons approve.

Of the poll taken in 48 states, Vermont was alone in registering disapproval. This opinion was held by 53 per cent of those balloting. The total number of votes cast was 1,772, 108, divided between 1,033,752 for the general policies of the new deal and 638,411 against them.

Popularity Grows On a ratio basis, the magazine found that President Roosevelt's popular vote of 1932 by 3.83 per cent. Compared to their balloting in 1932, 459,938 of the poll voters indicated they had changed their minds about the president since the election. An analysis of the switching showed an average gain for the president in the 48 states of 5.39 per cent.

The same analysis by the Literary Digest indicated that Mr. Roosevelt had incurred net losses of support among the voters in the poll in 20 states and net gains in the other 28 states. The larger losses were tallied in the southern and agricultural sections, while the larger gains were registered in New England and eastern industrial states and the Pacific coast.

California Enthuses The greatest switch from Roosevelt was shown in South Carolina, with California showing the greatest swing, over 14 per cent, to him.

In six special polls conducted among bankers, the clergy, business men, educators, lawyers and physicians, all groups voted in favor of the new deal with the exception of the bankers.

The bankers voted 13,795 to 12,528 against the general acts and policies of the president.

In the other groups the percentages in favor of the new deal were: Clergy, 84 per cent; business men, 65 per cent; educators, 87 per cent; lawyers, 83 per cent; and physicians, 85 per cent.

The special poll conducted among undergraduates of 17 colleges and universities gave a majority of 64 per cent to the new deal. In 1933 Mr. Hoover carried 13 of the same universities. The present poll showed them all for Mr. Roosevelt now.

DRUNKEN DRIVER IS FINED, JAILED

William Earl Tucker, an Idaho transient, charged with driving while drunk, was sentenced to 30 days in the county jail and fined \$100 in justice court yesterday.

The evidence tended to show that Tucker was under the influence of liquor while speeding. Officers said he had a dime when arrested. His family is being cared for by Ashland authorities during his incarceration.

Inspector at State Line Dies Suddenly

GRANTS PASS, July 5.—(Spl.)—C. B. Hopkins, employed at the California line inspection station, died suddenly Wednesday morning of heart failure. He fell on the highway when he was crossing to report for work.

If You Suffer from the Heat!

If hot weather gets you, and if you feel tired, run down, and nervously upset when the thermometer begins to soar, probably you're eating wrong.

Shredded Wheat is whole wheat—nothing added—nothing taken away. It contains the carbohydrates you need for energy; the proteins for tissue building; the mineral salts for bone structure; the vitamins that help you resist disease; and bran to keep you regular. Nature might have made a better food than wheat—but she didn't!

We Grade Milk—Why Not Meat?

WE REALLY are a funny people. We pass laws to insure cleanliness and purity of milk, classify it and compel branding so the consumer will know what he gets—while meats are sold with but little or any worthwhile regulation. . . . Because we realize the urgent need of careful handling we have placed every known safeguard around all meats to insure quality and cleanliness. Using none but prime young steers—scientifically pre-cooling and holding ample time before offering for sale in our thermo-cooled sanitary porcelain cases, we add every personal safeguard to insure the same degree of cleanliness you observe in your own kitchen.
