Kerfoot, Elmer F. Flick, Cary P. Kloss, Arthur V. Lager, James MacDonald, Herman Miller and Robert H. Napier of Klamath Falls, Oliver Newsome of Pelican City, Dustin A. Dalrymple of Jacksonville, Harry T. Kiley of Ashland, Jack D. Magner of Central Point and Leo C. Martin and John W. Medley of Medford.

MEDFORD WOMAN HURT IN CRASH

Mrs. Rose M. Berry, 520 Crater Lake avenue, this city, received cuts and bruises when the car in which she was riding turned over after it was sideswiped by a truck on a highway between Cornell and Richview, Wash., Saturday night, July 1.

Mrs. Mary Grunewald of Cornell, was taken to a hospital with a broken collar bone and Arthur Grunewald, her husband, who was driving, and Clara Berg, of Dunas, Minn., Mrs. Berry's niece, received cuts and bruises. Blinding headlights apparently caused the Grunewald car to swerve into the passing truck, skid 20 feet into a bank and turn over once completely, landing on its side. The auto, a Pontiac, was a total wreck, Mrs. Berry said.

CCC QUOTA FOR COUNTY COMPLETE

With 152 men enrolled for Civilian Conservation Corps work in the local area, the quota for "the next six months" period has been filled, it was announced by officials here yesterday.

Twenty-eight of the newly enrolled men are of the junior class, legal residents of Jackson County between the ages of 18 and 25, and were registered through the Jackson County Relief committee.

The remaining 124, classed as experienced woodsmen, are over the age of 25, with experience in forest work. Eighty-four of these men were enrolled for work under the supervision of the forest service, while the work of the other 40 will be supervised by the national park service.

FRANCIS, PIONEER OF FILMS, CALLED

HOLLYWOOD, July 7.—(AP)—Death thinned the ranks of filmdom's old-time personalities today.

Alec B. Francis, a distinguished character actor whose features are familiar to most film fans, succumbed to an internal ailment of long standing after an emergency operation. He was 65 years old.

Francis' screen career dated back to the days of one-reelers and the nickelodeon. His popularity was almost instantaneous and it never wavered through his long career.

MURDER HINT IN KLAMATH DEATH

KLAMATH FALLS, Ore., July 7.—(AP)—Search for Elmer Johnson, 45, who disappeared July 2, was ended by discovery today of his knife-slashed body in Ewans lake.

The body was badly decomposed, but a knife wound in the left side of the neck was discernible. In pockets of the clothing was \$72.

An autopsy will be conducted to determine whether Johnson, a partial paralytic, was killed and thrown into the lake.

Forest Creek

FOREST CREEK, July 7.—(Spl.)—Mrs. Paul Pearce was hostess to the women's group at the final meeting for the summer June 28. The pleasant afternoon was spent quilting.

Those present were: Mrs. Dan Pearce and children, Mrs. Walter Armstrong and son Ray, Mrs. George Pearce and Valerie, Mrs. George Miller and children, Mrs. Boyd, Mrs. James Davis, Mrs. Charlie Madsen and Alice, Mrs. Jack Crump and sons, the hostess, Mrs. Paul Pearce and sons.

Paul, George and Dan Pearce are working in a mine in Jacksonville. Charlie Madsen and Bill Thurman went to Ashland June 28 to work in a logging camp.

Mr. and Mrs. Jim Kent and daughters, Genevieve and Maxey, visited Mr. and Mrs. Charlie Madsen July 1. Russell Ayres went on a fishing trip to Diamond Lake with his aunt and uncle, Mr. and Mrs. W. H. Roberts of Medford, July 1.

Mrs. John Black visited Mrs. Ivan Davies and Mrs. Jim Kent, who are living near Ashland for the summer, June 28.

Harry Ayres returned from Annie Springs CCC camp to spend the Fourth with his family. Miss Isabel Blak of Phoenix arrived July 3 to spend the Fourth with her father, Lee Black.

BURDICK, FORMER OREGON ATTORNEY IN WILL MIX-UP

SEATTLE, July 7.—(AP)—The heirs of wealthy, eccentric, Sarah E. Smith-Scollard and the state of Washington battled all day today for the mysteriously missing millions of dollars and piles of jewels supposedly left by the "Hetty Green of La Salle street."

Testimony in the probate court of Judge James Kinne was that someone—counsel for the heirs said it was the late Reese Brown of Yakima—changed the will of the woman slightly.

The heirs demanded hate in probating the will, on the grounds, George Rummens, of counsel for them, said, that important discoveries as to location of part of the woman's fortune are about to be made.

The will named Denton G. Burdick, former Oregon attorney, now a resident of Seattle, as one of the executors. J. T. McVay, financier of Seattle, was the other. McVay resigned, and Burdick asked appointment as co-executor of Wilton Tucker, present guardian of the estate of Mrs. Smith-Scollard.

W. H. Pemberton, supervisor of the estate inheritance tax and escheat division, intervened, demanding the entire estate for the general school fund, on the ground that the heirs named were only entitled to two dollars.

The will leaves one dollar to Francis Scollard, husband of the woman, who was divorced subsequent to the will, and one dollar to Mrs. Margaret Fitzpatrick of Oakland, Calif., sister of Mrs. Smith-Scollard, the remainder to the "legal heirs."

SPENDING STARTS RIGHT AWAY FOR REPAIRING HOMES

WASHINGTON, July 7.—(AP)—James A. Moffett took over the post of housing administrator today with the frank and smiling assertion: "I don't know much about this job but I think I'll learn."

A week's intensive study of the housing art convinced him the home modernization and repair phase of the program can be put into operation without delay.

Moffett, youthful in appearance and ruddy of face, said he had no idea he would be offered any government post until late Saturday.

"We hope," he said, "to see about \$500,000,000 put into home renovation and repair by next fall and that ultimately the housing legislation will result in the employment of 5,000,000 men. I intend to stay here continuously until the modernization feature of the plan is in operation."

This part of the program authorizes government backing up to 20 per cent of private loans for home modernization and repair. If a bank, for example, lends \$50,000 for modernization, the government will guarantee there will be no loss on \$10,000.

Moffett said there was no complicated mechanism and that a homeowner who needed money for repairs or additions would ask a building loan association, a bank or a loan association, a bank or an institution will consult the housing administration and if the latter approves the terms, will guarantee there will be no loss on 20 per cent of the amount loaned. The borrower, under present plans, may not have to offer security.

SLAYER UNABLE TO SEE JUSTICE

JEFFERSON, Wis., July 7.—(UP)—Carl Church, itinerant painter was sentenced to life imprisonment tonight after pleading guilty to charges of murdering Earl Gentry, 47, former Ku Klux Klan bodyguard.

Judge George Grimm ordered Church removed to the state penitentiary immediately after the hearing in circuit court. Church was dumbfounded at the severity of his term.

"I still don't see that I've done anything wrong," he said.

LADY CAN CHANGE MIND WHEN READY COURT DECLARES

BALTIMORE, July 7.—(AP)—It is a woman's prerogative—"God-given"—to change her mind at any time about anything. Judge Eugene O'Dunne has decreed in Baltimore circuit court.

In an opinion filed in the court today declaring void the marriage of Miss Virginia Clasen Thompson, attractive 1933 "color girl" at the United States naval academy, to John Brandon Bronner of Baltimore, Judge O'Dunne said a woman has a right to change her mind even about marriage.

"Decision dissecting the feminine mind, soul, and body and their several requirements are at best mere man made law, and law never accepted as binding on the female of the species," the jurist said.

"Has any man ever been born who could interpret the female heart?" "What are the limitations (if any) legal or human, on the right of the female to change her mind at any time on any subject, as she would her dress or brand of perfume?" "There is none, he asserted. Woman may change her mind without regard of consequences and without any sense of responsibility either to god, law, or man, especially in all affairs of the heart."

BROOKINGS AREA FEELS TREMBLORS

GRANTS PASS, July 7.—(AP)—No damage was done in an earthquake felt here yesterday and reported also in Brookings, 55 miles southwest. The tremor was felt most severely at 2:35 p. m. by Miss Fannie Abrams, chief clerk of the Siskiyou forest service staff, who immediately telephoned ranger stations throughout the forest and learned the quake had been felt at Galice and was just then being felt at Brookings.

It was evidently stronger to the west, where suspended lights swung with the motion. Many persons here did not notice the light tremor.

CCC DIRECTOR ON TOUR WEST AREA

WASHINGTON, July 7.—(AP) Robert Fechner, director of emergency conservation activities, will start a two-months' inspection trip tomorrow of civilian conservation corps camps in 11 western states.

The trip will take Fechner into Colorado, Arizona, Utah, New Mexico, Wyoming, Washington, California, Montana, Oregon, Idaho and South Dakota.

He said today that the tour had no political significance and that he would make no speeches.

Bromley Improved—Horace Bromley of the California Oregon Power company, who has been ill for the past several days, was reported in an improved condition last evening at the Community hospital.

WORLD RETURN TO GOLD PLAN URGED

BASEL, Switzerland, July 1.—(AP)—With George L. Harrison, governor of the New York Federal Reserve bank, taking the position that the dollar is already stabilized, directors of the Bank for International Settlements are expected to give particular importance to statements in the report of President Leon Fraser concerning the wisdom of the world returning to the gold standard.

"One conclusion is perfectly clear, namely, that an international monetary system based on gold, which is bound to be reinstated, needs, if it is to operate more successfully than before, a common center of contact, counsel and collaboration in order that it may be international in fact as well as in name."

Fraser's report finds that the United States qualified to return to gold through the gold reserve and that a more definite and clear statement of the future American policy reopens the door "to international discussions between nations principally concerned as to definite stabilization."

Mrs. Voorhies Ill.—Mrs. Charla Voorhies was taken to the Sacred Heart hospital Saturday afternoon for treatment, and last evening was reported getting along satisfactorily.

WILL ROGERS AND FOLKS TO TRAVEL

LOS ANGELES, July 7.—(AP)—Wise-cracking and smiling, Will Rogers, film actor and writer, today obtained a renewal of the passport for himself, Mrs. Rogers, and their two sons, James and Will, Jr.

He said they would leave July 21 on an extended trip to Japan, Russia, Scandinavian countries and Germany.

When asked why they would not be accompanied by his daughter, Mary, who is acting in a stock company, Rogers quipped, "Mary is working, so that makes it possible for the rest of us to go."

After the passport renewal blanks were filled out, Rogers was asked to raise his hand and swear to uphold the constitution of the United States. Winking, as he held up his right hand, Rogers told the clerk, "well, all I know is what I read, but I sure thought they had done away with the constitution by this time."

Denies He Was Snatched. PITTSBURG, Pa., July 7.—(AP)—Maxie Smith, 33, reported kidnaped from the front porch of his home early tonight, walked into the East Liberty police station two hours later and denied that he had been abducted.

BAYONETS QUIET DUTCH RADICALS

AMSTERDAM, Holland, July 7.—(AP)—Troops with hissing bayonets and military tanks which crushed and swept aside the street barricades of rioting communists and unemployed persons tonight had restored quiet to Amsterdam after disorders in which at least one more was killed.

The victim was an old woman. Because of deafness she did not hear a command to citizens to remain in houses, and two bullets struck her in the back as she tried to cross a street.

Authorities, after a confusion of reports coming out of the three days of rioting, tonight said the total killed is six. About sixty were injured.

May Production of Gold Highest Ever

NEW YORK, July 7.—(AP)—World production of gold increased 100,000 ounces in May to the highest figure to be reported for any month since the American Bureau of Metal Statistics began issuing the regular monthly reports in the summer of 1932. May output totaled 2,248,000 ounces, compared with 2,148,000 in April and 1,965,000 ounces in the same month last year.

'NEW DEAL' PLAN FOR PORTO RICO

SAN JUAN, Puerto Rico, July 7.—(AP) President Roosevelt told Puerto Rico today that it will get its "new deal" by the same methods used in the United States, but warned that rehabilitation takes a long time.

The president broadcast his message from the governor's palace after conferences in which he agreed to a program of rehabilitation.

Details of the plan were not given out, but it was assumed that it is the one given the attention of Rexford G. Tugwell, under secretary of agriculture, and island "brain trusters."

After his speech the president boarded the cruiser Houston which steamed out for St. Thomas, Virgin Islands, the next stop in his long trip.

THE true story of motor-car value is written-on-the-road. There a car reveals its character. There it shows what it can do.

Figures from 34,954 Ford V-8 owners show a total of 272,815,970 miles without a penny for repairs. Their letters are further proof of Ford V-8 economy and dependability.

"I transport school children," writes a Ford owner in Minnesota, "and see plenty of tough going. In three years and eight months I have never missed a trip nor have I been late. My Fords have all been honest cars."

Another Ford V-8 owner writes: "A friend of mine was planning on buying a new car but was considering another make. To prove to him the economy of the Ford V-8 we made a 59-mile run. The gas used was exactly three gallons, measured for the run. It is needless to tell you that my friend now owns a V-8."

A salesman writes: "I drive about 1500 miles a month. I have not spent five dollars for repairs on the five Ford cars I have used. In more than 100,000 miles I have had no motor trouble."

A police officer writes: "To date I have operated my Ford V-8 for seven months and have driven 15,000 miles—most of which was done at speeds up to 88 miles per hour. I have not paid out one penny for repairs or replacements of any kind."
