

# Scenes in San Francisco Dockyard Rioting

One of San Francisco's policemen aims at maritime workers during one of several engagements in which strikers were dislodged from Rincon Hill by gunfire and gas. The hill, takeoff place for the San Francisco-Oakland bay bridge, was the scene of vicious fighting as efforts were made to open the port. The high piece of ground is only a short distance from the waterfront. Bullets crashed through the walls of shacks, and several strikers fell wounded.—(Associated Press Photo.)

## REPUBLICAN SAYS OREGON ELECTION WATCHED AS TEST

### First Annual Picnic G. O. P. Club Draws 4000 at Portland Gathering — Candidates Make Short Talks

PORTLAND, Ore., July 9. — (AP) — The eyes of the entire United States will be watching Oregon in November, to see whether or not the Republican party can regain the losses suffered in 1932. Frank M. Francisco, state senator from Astoria and keynote speaker, told some 4,000 Republicans at the first annual Republican club of Oregon picnic.

Opening a program of speaking which included short addresses by Joe E. Dunne, candidate for governor; Earl Snell, candidate for secretary of state; C. A. Howard, candidate for superintendent of schools; Judge William Ekwall, candidate for congress from the third district; Mrs. J. Hunter Wells, Dr. P. O. Riley of Hubbard, James Bain, candidate for Multnomah county district attorney, Frank Shull and Grant Phegley, Francisco's opponent expressed his confidence in the ability of the party to unite for the election, and called on all groups of Republicans, young and old, to rally to the support of the party's candidates.

#### Dunne Plays Foes

In a 10-minute speech, Dunne flayed opposition newspapers for "distorting" his statements, assured the picnicgoers he did not intend to send the state on a road-building "spree" if elected, and that he had never mentioned putting the state into business. Dunne asserted he would hereafter attempt to make all statements in writing to avoid misquoting.

#### Has a Plan

"I have a plan to do this," he said "I think I can do it, especially if I have the help of the Republican nominees in the legislature." Dunne did not state what his plan is.

## COTTON BLOSSOM FOUR WILL SING TONIGHT AT PHOENIX PRESBYTERIAN

The Cotton Blossom Singers, representing the Piney Woods Farm Life School, of Piney Woods, Mississippi, will appear in concert at the Presbyterian church in Phoenix at 8 o'clock tonight.

If you want to spend an enjoyable evening listening to good quartette harmony, as found only in the negro spiritual, plantation melodies and folk songs you must not fail to witness this concert.

Among other numbers on the program will be "Steal Away to Jesus," "Swing Low Sweet Chariot" and "Behold in Gilead." The rendition of such numbers will long remain in your memory.

This group of singers—A. V. O'Neal (first tenor), Hugh Beatty (second tenor), Ellis Willburn (baritone), and W. J. Pruitt (bass and manager)—has toured both the United States and Canada, and has appeared on both C. B. S. and N. B. C. radio systems.

No admission will be charged at the door. However, a free-will offering will be taken for the benefit of the Piney Woods school, which is dedicated to the underprivileged negro youth of Mississippi and the Southland. The school is Christian, but non-sectarian. It has no special source from which to draw funds and must depend upon free-will offerings and personal donations given by the friends contacted by the various groups of Cotton Blossom Singers.

Recently the quartette has completed a three months' series of unusually varied and highly interesting programs in company with Dr. Lawrence Cross, N. B. C. minister of "Cross Cuts From the Log of the Day" fame.

## LIFE TOO SWIFT NOW FOR PROPER ANALYSIS IS PASTOR' WARNING

In speaking last night from the topic "Stop, Look and Listen," Fred M. Weatherford, pastor of the local Church of the Nazarene, said in part: "This is an age of swift moving events. The people of this age are like the Jews—they are so much on the go that it is difficult to get people still long enough to think on matters pertaining to eternal verities. We could well stop for an analysis of life, as to where I came from, where I am, and where I am going. It is needless to say that man came as the master creation of God, but

where is he now? This question is answered from the Cross. The writings of Paul tell us that all the world has become guilty before God. The tragedy of the unsave world is that you are playing marbles with diamonds without suspecting their value. Your own soul is an undecorated legacy—a value which many have not learned to compute. Garments of the blood-washed are offered but most people are holding on to their sin-stained attire, with a death grip. Man by his sin has marred the image of God. The age in which we live is comparable to the days of Josiah as related in 2nd Kings and 22nd and 23rd chapters. Where I am going is very graphically portrayed by Matthew the Apostle, the 23rd chapter. His description emphatically declares "there are future and eternal rewards for the righteous and that his penal judgments are meted out to those who have chosen a course apart from the Infinite."

# LOOK AT BRAKES AND BODIES.

## NOW THAT PRICES ARE ALL THE SAME

TODAY, MOST PEOPLE KNOW that the prices of "All Three" low-priced cars are pretty much alike. Models may differ a few dollars . . . but it's safe to say that a Plymouth Special Six, delivered at your door, costs about the same as the comparable model of either of Plymouth's two competitors.

So when you look at "All Three" today . . . there's only one thing to think about . . . WHICH IS THE BEST CAR—WHICH GIVES YOU THE MOST FOR YOUR MONEY? We'll admit "All Three" are good automobiles. But before you buy any, consider these things:

When you step on the brake, will that car stop dead in its tracks? When your wife and children drive away, will you know they are safe, in a body of steel reinforced with steel?

Even if Plymouth COST MORE, which it probably doesn't, it would be worth it. The Special Six has Hydraulic Brakes, Safety-Steel Body, and the same Individual Wheel Springing that is used on the most expensive cars for a more comfortable back-seat ride. It has Floating Power to end vibration.

It has the luxuries that make you proud to own a car. Yet its price is right in line with comparable models of its two biggest competitors.

Look at the prices on the right. See the car at any Dodge, De Soto or Chrysler dealer. Then decide.

### PRICES AND FEATURES OF THE NEW PLYMOUTH SPECIAL SIX
