RICHEST INDIAN DIES SUDDENLY

Jackson Barnett, 92-year-old Oklahoma oil millionaire, died unexpectedly in his palatial Beverly Hills, Cal., home. The aged Indian, a ward of the government and adjudged incompetent in 1912 was a familiar figure in the city where his greatest diversion was directing traffic in front of his mansion. This picture of Barnett and his wife, Anna Lowe Barnett, was taken as they left a Los Angeles court two years ago where the federal government sued to have returned to him $250,000 he gave his wife. AFRICAN TRIBES FIRMLY OPPOSE ENTERING UNION

By LEE WILSON
United Press Staff Correspondent

LONDON.—(UP)— Whole tribes of African natives are working themselves into a fever pitch of resentment against the Union of South Africa.

The union wants to absorb the three native territories of Basutoland, Swaziland and Bechuanaland, which, though within the borders of the union, still are administered by the British colonial office.

The natives, led by their chiefs, are objecting to the plan. The position of the negroes in the union is akin to slavery, they assert. The white residents are divided in their opinions as to the transfer.

Questions have been asked in the British house of commons on this matter, and J. H. Thomas, secretary of state for dominions, has indicated that the residents—both native and white—of the territories concerned will be consulted before any transfer is made.

The main objection of the natives to the transfer is the existing color bar legislation in the union. By this the negroes are prevented from taking up certain occupations in competition with white men. They also are restricted to their compounds during stated hours, and cannot leave them without a pass from their employer.

CANADIAN WHEAT CROP 82 PER CT. YEARLY AVERAGE

OTTAWA, July 12.—(AP)—Canada's wheat crop at the end of June was estimated at 82 per cent of average, says a report issued today by the Dominion bureau of statistics.

At the end of June, 1933, the crop was estimated at 77 per cent of average, showing an improvement this year.

The 1934 wheat crop was planted on 2,000,000 less acres than last year, but in computing the relative figures, the bureau of statistics took this into consideration.

The bureau report said dry weather was taking a toll of crops in Nova Scotia, Ontario, Manitoba, Saskatchewan and British Columbia.

WASHINGTON, July 12. — (AP) — Heavy reductions in the spring wheat crop in the principal producing states of Montana, the Dakotas and Minnesota, because of drouth, account for almost the entire drop in the national expected yield of this crop for 1934.

The July 1 estimate for all spring wheat other than Durum, by the department of agriculture, is 82,911,000 bushels, as compared with the 1927-1931 average production of 192,838,000 and last year's yield of 160,261,000.

THE GRANGE

Phoenix Grange.

Phoenix Grange met in regular session July 10. Lecture hour was especially enjoyable, one of the features being a roll-call, each member answering by giving a brief history of his or herself, where born, and when they came to Oregon, etc. Out of the 31 answering, 16 states were represented, from Florida to Canada, and Pennsylvania to Oregon. Kansas and Oregon had the most representatives, the former with five and the latter six.

The birthdays occurring in July were honored. The fortunate persons were Mrs. Bonham and Mrs. Caster, Cal Luak, Ray Ward, Frank Marshall and Mr. Knudson.

In place of the next meeting, July 24, the Phoenix Grange will have a picnic at Jackson Hot Springs at 7 o'clock. Every member is urged to attend.

Central Point

CENTRAL POINT, July 12.—(Spl.)—Annual Sunday school picnic of the Federated church held Saturday in the beautiful Riverside park at Grants Pass was declared the best ever held.

The roomy trucks of Messrs. Richmond and Milton, with numerous family cars left the church at 9:30 a. m. to make a full day of pleasure.

With tennis and swimming for the young people and visiting for their elders, the time passed all too swiftly. Included in the group were Mr. and Mrs. D. F. Amick and mother and Mrs. Bittner of Grants Pass. Mr. Amick is eighth grade teacher at Central Point, who lives in Grants Pass during the summer vacation.

Dinner was served at noon to the 154 persons seated around the tables. Ice cream was served later in the afternoon, and at 4 p. m. preparations were made for the homeward journey.

Much credit is due Messrs. Milton, Webster, Richmond and Rev. Johnson for the success of the gathering.

LONESOME SNAKE UNWILLING DINER

CHICAGO, July 12.—(AP)—Josie, the python, was and still is homesick.

That is why the reptile, which is 25 feet long and weighed 350 pounds when captured a year ago in the Malay jungle, refused to eat, attendants at the world's fair explained.

The hunger strike lasted from the time the snake was placed aboard a steamer at Singapore four months ago until yesterday, when Frank Buck, the big game hunter, with the aid of 14 assistants forced 40 pounds of raw beef down Josie's throat. Several of the feeders were bitten, but were not badly hurt.

Josie is down to a mere 200 pounds now.

BOSTON, Mass., July 12.—(AP)—Governor Joseph B. Ely today denied the petition of Charles Ponzi, one-time "wizard of finance," for a pardon which Ponzi sought to prevent his deportation to Italy.

LEGION GIVING WIDE STUDY TO FUTURE POLICY

INDIANAPOLIS, Ind. — (Spl.) — A tentative policy as a guide to the American Legion in future rehabilitation and legislative matters is being given careful study throughout the United States, according to an announcement of E. V. (Pat) Cliff, vice-chairman of the legion's national rehabilitation committee, and Watson B. Miller, chairman, at recent conferences.

The conferences are conducted in areas and are attended by department officials of the Legion and Auxiliary from surrounding states, and by them carried back to department conventions for study, discussion and action. Such conferences have been held in Boston, where the statement was written after a five-hour debate; in Atlantic City, Savannah, Little Rock, Kansas City and Chicago, with three more to come in Denver, July 10-11; Spokane, Wash., July 14-15, and Santa Monica, Calif., July 24-25. The statement is being tentatively improved as to wording as the conferences progress. After action by the department conventions it will be submitted to a vote of the national convention in Miami, Fla., Oct. 22-25, and if adopted will become the official sentiment of the Legion as a whole on matters of national legislation, especially as it affects disabled veterans and dependents.

The tentative statement, approved by conferences so far held, declares for the enactment into law of the principle of universal service in time of war. It has been explained at the conferences that the Legion does not seek to place the World war veterans upon a pedestal, nor put them in a class by themselves; but to bring them out of a class handicap into which they have been placed by reason of their service, and bring them up to the level of those who did not serve. In order to eliminate what are called such inequalities in the future, it is declared the burden of war should be borne by all citizens alike, and not chiefly by the youth who is drafted to do the fighting, while others reap fortunes and high wages.

Chairman Miller announces that all who are interested in the disabled veterans and the dependants will be welcome at the conferences still to be held in Denver, Spokane and Santa Monica.

FREE FARMS TO JOBLESS SCOTS

DUNDEE, Scotland.—(AP)—Between 200 and 300 Scottish unemployed are to turn farmers in an experiment to be inaugurated three miles from here.

A 423-acre farm has been purchased by George Bonar, a prominent jute manufacturer, and presented to the department of agriculture for Scotland.

Two hundred acres are to be divided into acre and half-acre plots while the remainder of the farm is to be divided into 21 small holdings of from six to seven acres and one large holding.

While the acre and half-acre plots will be testing grounds, the larger holdings will be available for unemployed of training and character to become self-supporting.

The small plots will be turned over to unemployed, both to give them healthy outdoor occupation and the chance to qualify as farm workers.
