

ASHLAND COUNCIL RAISES WAGES OF CITY'S EMPLOYEES

ASHLAND, July 12.—(Sp.)—The city council last night raised the wages of the entire staff of city employes by the amount of 25 per cent of the 1932 cut, resulting in an increase of approximately \$2500 per year in the aggregate salaries of city workers.

The council based its action on the fact that the cost of living had increased nearly 30 per cent since 1932, and that the increase in pay was justified from the standpoint of giving employes a suitable living wage.

The council voted unanimously for the increase in wages.

The police department, however, had the wages of patrolmen and the chief of police put back to the 1932 level, restoring to them the entire amount of the cut.

The department was commended very highly for the way in which it has conducted police work, and the general improvement in police office work was also cited.

The fire chief's salary was increased more than the 25 per cent restoration, such action being taken by the council in general appreciation of the high standards that have been maintained in that department also.

START ROAD JOB AT LAKE O' WOODS

ASHLAND, July 12.—(Sp.)—Twenty-seven Ashland men who have been employed on the forest road to Mt. Ashland Tuesday moved to the Lake o' the Woods where they will be employed in construction of a road during July and August.

Four miles of new road on the east side of the lake which will serve the summer homes in both first and second tier groupings will be constructed by the forestry service under direction of Foreman B. F. McRae.

The work will continue until the latter part of August.

Machinery used on the Mount Ashland road was moved to the new site during the early part of the week.

ASHLAND OIL PLANT ENTERED BY THIEVES

ASHLAND, July 12.—(Sp.)—Burglars Tuesday night entered the Union Oil company buildings on California street and took money estimated at \$80.04. The lock on the door had been clipped from the hasp by a heavy pair of wire cutters, and the office was ransacked for valuables.

Police today had secured no definite clues as to the identity of the robbers. State police are assisting in the case.

C. B. Rush is in charge of the Union Oil company's offices here.

PAST COMMANDERS TO HOLD ASHLAND MEET

ASHLAND, July 12.—(Sp.)—Past commanders of Oregon American Legion posts are arranging a dinner meeting to be held in Ashland on July 24. Medford, Kerby, Grants Pass and Ashland posts will be represented.

Harold Prestol of Grants Pass, president of the association of past commanders, and Lee Garlock of Medford, secretary, are in charge of arrangements.

BOY'S TONGUE BITTEN HALF OFF IN FALL

ASHLAND, July 12.—(Sp.)—It wasn't the cat that got it, but nevertheless, small six-year-old Joe Barnum, son of J. R. Barnum, nearly lost his tongue Tuesday evening.

The small boy fell from a platform at the Barnum home on Ashland street, striking his mouth and biting his tongue half off, and cutting his lips. The loose organ was made firm again with stitches and Joe is recovering from the experience.

Wild Parties Price of Film Job Is Morals Trial Claim

BACCANALIAN ORGY DESCRIBED TO JURY BY STATE ATTORNEY

LOS ANGELES, July 12.—(UP)—Tales of a bacchanalian orgy in which Dave Allen, motion picture executive, allegedly participated with two young girls, were revealed before a courtroom packed with club women and members of the W. C. T. U. today.

Intimate, unprintable details came from the lips of Arthur Veitch, deputy district attorney, as he outlined the state's accusation that Allen and Gloria Marsh were guilty of a morals offense.

(Gloria Marsh (left), screen actress, co-defendant with Dave Allen, manager of the central casting bureau, in a morals charge trial in Los Angeles. The complaint alleges that wild parties were the price for screen work by film extra girls. (Associated Press Photos.)

Jerry Giesler, defense attorney, who followed Veitch, flatly charged the entire case was a "frameup" against Allen, who is manager of the Hollywood Central Casting bureau.

"We expect to prove that June De Long, Pearl Owings and Pat Harmon, a motion picture policeman, engineered the whole scene in Miss De Long's apartment, to frame Allen so they could obtain work in pictures," Giesler thundered.

A jury of four women and eight men will hear the case, expected to occupy nearly two weeks, and which gives every indication of being loaded with dynamite.

Representatives of the W. C. T. U. said they planned to use evidence unfolded during the trial as the basis for a campaign to protect the Hollywood extra girl. The women were given reserved seats in the courtroom on the order of Superior Judge B. Rey Schauer.

Veitch described how June De Long, an extra girl, claimed she had become involved in the scandal affair.

"This girl went to the Central Casting bureau looking for employment and met the defendant, Dave Allen," he told the jury. "She was accompanied by another girl, who was red-haired."

"She had several conversations with Allen. Finally Allen said to her, 'Why don't you bring that red-head with you?'"

"Miss De Long said she would try, and failing to reach her by telephone, went to her own apartment."

"She had been there only 10 minutes when Allen appeared. Miss De Long told him she had been unable to get the red-haired girl and suggested that Allen leave."

"But he said, 'No, I'm going to stay; don't you know some other girl you can get?'"

"Miss De Long said she would try, and finally telephoned to Gloria Marsh, the other defendant in this case."

"The state expects to prove that after Miss Marsh arrived at the apartment, both girls dined at the request of Allen and engaged in certain acts for his entertainment."

"We will further prove that when Mrs. Pearl Owings, friend of Miss De Long, walked into the apartment, she found the three of them in a most compromising situation."

Giesler pounced upon Veitch's statement as bearing out the defense contention of a frame-up.

"It will be brought out that when Mrs. Owings walked into the apartment, she exclaimed, 'Oh! Oh! Now I see where several persons are going to get steady work in the pictures,' and Allen said, 'What is this? A frame-up?'"

"We will prove that none of the things charged took place in that

C. E. PLANS DEBATE FOR SUNDAY NIGHT

Next Sunday evening at 7 o'clock, the Intermediate Christian Endeavor of the First Christian church will have a debate in the recreational hall of the church on the question, "Resolved, that Paul had a greater influence on history than Moses."

Speakers will be: Affirmative, Price Shafer and Thayne Ford; negative, Betty Mae Childress and Irwin Doty. These young people have been spending much time on their debates, and a large crowd is expected. Everyone, young and old, is invited.

Last Sunday, in a very impressive service, the newly elected officers of the C. E. were installed by the president of the Crater Lake union. These officers were: President, Dick Fraley; vice-president, Dorothy Monis; secretary, Betty Mae Childress; treasurer, Erna Curry; social chairman, Irwin Doty, and music chairman, Katharine Gentner.

Dick Fraley, newly elected president, will lead song service next Sunday evening. He will also introduce the speakers. Come and spend an evening of Christian fellowship with us.

Wife Was Punishment SEATTLE.—(UP)—Lester Stick, 36, salesman, fears his wife and so was sentenced to report to her when he got intoxicated. Judge Jos. A. Sweetney of the police court told Stick to go home and tell his wife as a sentence for intoxication. Stick said his wife handles a mean skillet.

Outdoor Opera Draws Crowds. ST. LOUIS, Mo.—(UP)—Crowds of approximately 10,000 are frequently drawn to the St. Louis Municipal outdoor opera which plays at night. The average crowd at major league baseball games here is about 2,500.

S-W ARSENATE OF LEAD

S-W KILLEX

FOR SALE BY

monarch SEED & FEED CO.

"YOUR SEEDSMEN SINCE 1910"

MIGHTY FIGHTERS for Codling Moth Control

Before you spray, get the facts about these two great S-W insecticides

S-W ARSENATE OF LEAD **S-W KILLEX**

● S-W Arsenate of Lead leaves a heavy, white coating of spray on the fruit and foliage of all trees sprayed with it. Few other sprays do this. Moreover, there is no filler or spreader added to S-W Arsenate of Lead. The reason for this heavier coating lies in S-W's method of manufacture. The particles are air-floated. They are "beaten" into feather-like form—not ground into gritty or sand-like particles. This causes the particles of Arsenate of Lead to adhere to the fruit and foliage, permitting the water to run off. Water merely does the job that it should do—acts as a carrying agent. Devising the effective coating of Arsenate of Lead, S-W sprayed fruit is being cleaned in either alkaline or acid solutions as proved in thousands of tests.

● This spray is used by scores of growers who wish to reduce their washing problem to a minimum. KILLEX employs arsenic as the active killing agent, yet it contains no lead oxide. Best evidence of its worth lies in the experience growers have had with it. Many use KILLEX exclusively and they consistently produce clean, better-than-average fruit. KILLEX costs no more than Arsenate of Lead, and it contains no abrasives that might injure spray pumps.

Those who wish the simplified wash advantages of a non-lead spray, yet prefer Lead Arsenate, can make an effective spray by mixing 1/2 Arsenate of Lead and 1/2 KILLEX. They mix readily, and obviously simplify the washing problem by reducing the lead deposit on the fruit.

S-W SUMMER-MULSION—Ideal, economical spray for your oil-lead combination. Requires only 1/2 gallon to 100 gallons of water to kill Codling Moth eggs—just half the requirement of other brands.

S-W TARSO FLAKES—The latest development in tar soap sprays that make S-W Arsenate of Lead sprays even more effective by increasing the deposit and producing an even coverage.

The Sherwin-Williams Horticultural Advisor will gladly cooperate in suggesting an effective and yet economical spray program.
