

WIRTH NOMINATED FOR GOVERNORSHIP BY LIBERAL GROUP

Insurance Man Says Platform Provides for Care of All State's Unemployed—Active Campaign Planned

H. E. Wirth, local insurance man, was last night nominated candidate for governor on the Independent Liberal platform, at the meeting in the basement of the Hotel Medford, after the signatures of 100 registered voters had been secured. It was after 10 o'clock before sufficient signers could be located, although the meeting had been scheduled for 8:30 o'clock.

Wirth's nomination was planned for last Thursday, but only 54 signers could be mustered for the occasion, so the gathering was postponed a week.

Plans Jobs for All

Wirth, in his address following his nomination, announced that his platform was for construction and not destruction. "It will provide for a building program to take care of the unemployed in the state, through the revolving fund," he told the audience.

He also said that industries would be established throughout the state, and he explained his outline to construct canneries in the Rogue River, Umpqua, Willamette and Hood River valleys to take care of all the surplus fruit that is shipped out of the state yearly to be canned.

Mr. Wirth told of plans for bigger wages, which would be possible when everyone is put to work.

"Ours will be a fight for the forgotten man," Wirth declared, "and we plan to give work to every man

and woman under the age of 60 who is willing to work.

Campaign Started

"We will start in the valley in the morning to spread the gospel," the candidate said, continuing: "Don't feel there are enough others to do this work. It will take active energy on the part of all present to make this a proper movement. We are not radicals. We are trying to get out from under. We believe in constructive thinking, and are not trying to hurt anyone—merely making a stand for our rights."

In closing, Mr. Wirth extended his thanks to the Mail Tribune for publicity given his meetings.

Simmons Chairman

E. E. Simmons of Talent acted as temporary chairman for the nomination, and Aubrey S. Edwards of Applegate nominated Wirth, later introducing him as "our next governor."

The meeting was opened by Mrs. O. L. Bullen, who nominated Aubrey Edwards as permanent chairman. Following his election, he took the chair and made a short address, thanking those present for their patience. Although the hundred signatures were obtained, all signers did not remain for the actual nomination.

RURAL STUDENTS LEAD IN HEALTH

MADISON, Wis.—(UP)—An active preventive campaign against tuberculosis at the University of Wisconsin has revealed that students from rural sections are healthier than those from urban centers.

The anti-tuberculosis drive was started last September. Tuberculosis symptoms were found in 29.8 per cent of the new students who entered the university. Four students were found to have advanced tuberculosis.

Dr. R. H. Stehm, director of the campaign, reported that Wisconsin's percentage compares favorably with the number reacting at other large schools.

VOORHIES ELECTED PRESIDENT OF SOS FOR COMING YEAR

Annual Meeting of Fruit Concern Shows Sound Financial Condition, Grower List Increasing Yearly

Annual stockholders and directors' meeting of the Southern Oregon Sales, Inc., was held Tuesday and the following directors and officers were elected, according to announcement today. Directors: Gordon Voorhies, Leonard Carpenter, F. Corning Kenly, H. Chandler Egan, Paul A. Scherer, and M. B. Chase. Officers to serve for the coming year are: Gordon Voorhies, president; Leonard Carpenter, vice-president; F. C. Kenly, treasurer, and Alfred S. V. Carpenter, secretary.

The president's report showed that the company is in sound financial condition and indicated a healthy growth in the number of grower members from year to year. The most important part of the report dealt with the large financing operations carried on through the government's bank for co-operatives by means of which the company was able to double the size of its pre-cooling and cold storage plant.

Personnel Praised

"Every member of our organization," said President Voorhies, "and by that I mean growers as well as employees, co-operated in making the successful season of 1933-34, which started out to be a disastrous one. It is impossible to praise too highly the sort of spirit shown throughout the whole operation of the past season, and I may add that it was this showing which made it possible for

S. O. S. to build its additional facilities.

"The construction work has not interfered with the original 12,000 box capacity of the first unit, which is all ready for the first Bartlett picking. The second unit is well along and the cold air will be turned into it in about two weeks' time.

"There is, roughly, cold storage for about 1300 cars of pears in the valley, including the 225,000 box capacity of the S. O. S. now being completed. This is about the capacity required to handle our production as a valley."

Scherer Resigns

President Voorhies continued: "It is with great regret that I must announce the resignation of our general manager, Paul A. Scherer, to take effect November 1. Mr. Scherer was one of the organizers of the S. O. S. and has been manager since it started.

"No other change in personnel is taking place, and our growers will still find Capt. Tuttle, Jack Spalding, Mrs. Torrey, Turpin, Doc Hendrickson, George Hiles and all the other old S. O. S. sets rarin' to go."

Export Increased

The management report shows that every grade and size last season was out of the "red." There was an encouraging pickup in export sales which should be further expanded this season. "The attitude of our growers, which allowed us to pack a quality grade not equalled by any other fruit-growing district anywhere, but be given pre-eminence in considering what enabled us to turn a seemingly disastrous season into a satisfactory one.

"Domestic and foreign buyers are as one in praising our quality and package and in assuring us that buyers

and consumers alike appreciate what we have done through careful handling, proper pre-cooling, honest grading and packing, and above all, through proper supervision."

MINERS TO PLAY GOLD HILL SUNDAY

Gold Hill's Cement Makers and Jacksonville's Miners will meet for the fourth time this season Sunday at Jacksonville and the Miners, in anticipation of the harvest game of the season, have been adding talent with an eye to annexing third win of the year from their traditional baseball rivals.

Ivan Harrington, well-known catcher, has been signed to do the receiving for Screwball Turner, J'ville miter who recently set down the Gold Hillites in a 10-inning game, 4-3. "Tooley" Williams, recently of the Medford Rogues, will hold down third base, while Freddy Green, Del Anderson and Weldon McBen will complete the infield, with Ben Coffman, Manager Hall, Wayne Coker and Peewee Van Galder for the outfield.

With Medford away at Klamath the Miners anticipate a large following at the Jacksonville park Sunday afternoon when the game starts at 3:30.

Oregon Weather

Fair tonight and Saturday, except unsettled in northwest portion and on coast; slightly cooler in northwest portion tonight; moderate changeable wind offshore.

Sonnenberg Pins Masked Marvel

SEATTLE, July 13.—(UP)—Gus Sonnenberg, 207, former heavyweight wrestling titleholder, won easily from the "Masked Marvel," 241, here last night, taking falls in second and third rounds. Refusing to unmask, the victor ran through the crowd to the dressing room.

LONG TIMBERS CUT FOR FERRY RAILINGS

SALEM, Ore., June.—(UP)—Some of the longest lumber ever sawed in Oregon was cut recently at Toledo, the state forestry department reported. Eighty-eight pieces of 3x4 and 3x6 each 76 feet long were cut for San Francisco ferry boat railings.
