

FRISCO CARMEN'S UNION WITH 4800 MEMBERS STRIKE

Zero Hour Sunday Morning—Does Not Affect Municipal Lines—Seek Adherence To Code.

SAN FRANCISCO, July 14.—(AP)—Employees of the Market Street railway will go on strike at 2 a. m. tomorrow, William E. Thompson, president of the carmen's union, announced today.

No strike vote had yet been taken among the employees of the Municipal railway, which covers a large part of the city.

Thompson said the Market Street railway employees would walk out regardless of the decision reached by the committee representing all the unions. The carmen took their vote separately while the committee as a whole was meeting to decide its action regarding a general strike.

The union includes 4800 members, including motormen and conductors. Thompson said 1800 members met last night, with 95 per cent of them voting for the walkout.

Thompson issued a statement saying: "Some time in September of 1933 employees of this company attempted to affiliate into an organization of their choosing, feeling that the act passed by congress meant what it said.

"They further believe that because of the code drawn up by the transit industry, of which this company is a member, and which contains section 7A and which this company signed with the United States government, and we believed the company would live up to and carry out this agreement. But they started to intimidate and coerce and even discourage men for no other reason than joining an organization of their own choosing."

FIND DOUBLE OF KIDNAPED CHILD

LYNBROOK, N. Y., July 14.—(AP)—A baby resembling the missing Bobby Connor was found here tonight, but shortly afterward Mr. and Mrs. Guy Terrell of Lynbrook came to the police station and claimed him as their child.

"The baby sure was a ringer for the missing Connor child," police said.

They flashed a report that a child resembling the vanished Bobby had been found in Lynbrook to state police headquarters. But a few moments later the Turrells appeared.

The Turrell child had blond hair, blue eyes, weighed 35 pounds and was almost identical in appearance with the Connor baby, who has been sought since Thursday by hundreds of persons.

The Connor baby disappeared while playing near his home at Hartsdale, N. Y. Lynbrook is on Long Island more than 50 miles away.

DAM BRINGS BOOM ALONG COLUMBIA

NORTH BONNEVILLE, Wash., July 14.—(AP)—The government's public works program has brought boom activity here as preparations are being completed for start of construction of the main Bonneville spillway dam.

Harry Davis of the Columbia Construction company has established offices here and channel dredging is scheduled to start next week.

The ring of hammers and the hum of saws resounds as office and equipment buildings are erected.

Several new sidetracks have been built from the Spokane, Portland & Seattle main line to the river bank and to the proposed camp site southwest of the present depot.

Fourteen new cottages are under construction at the 200-man camp. Activity will increase as the season progresses.

AERIAL MAPPING OF OREGON WHEAT

WALLA WALLA, July 14.—(AP)—One of the greatest aerial mapping projects ever undertaken in the northwest is now underway in three of the heavy wheat producing counties. Millions of acres of grain and fallow land are being photographed so that Uncle Sam may know whether or not his farmers are complying with wheat allotment contracts.

Aerial mapping concerns are doing the work in Spokane, Whitman and Walla Walla counties in Washington and in Umatilla county in Oregon.

REPORTERS GET LATEST NEWS ON STRIKE PARLEY

Emerging from one of its many conferences in efforts to bring peace in the critical strike situation in San Francisco, the three members of President Roosevelt's labor disputes board were interviewed by newspaper reporters. The chairman of the board is Archbishop Edward J. Hanna (1) and the two members are Edward F. McGrady (2), assistant secretary of labor, and Attorney O. K. Cushing (3) of San Francisco. (Associated Press Photo)

EX-KLAN DRAGON OF OREGON HEADS CARSON'S RECALL

PORTLAND, Ore., July 14.—(AP)—Two separate petitions for the recall of Mayor Joseph K. Carson were filed with the city auditor today. Each petition must bear 27,000 signatures if the recall measure is to appear on the November ballot.

One petition, sponsored by the "Workers' Recall Committee," charged Mayor Carson with "refusing to negotiate the operation of publicly owned docks with union longshoremen," and accused him of having "garrisoned and harrassed our public docks with imported, privately paid, armed hirelings."

The other recall move, sponsored by a group headed by O. F. Shintaffer of Portland, accused the mayor of failure to enforce laws, of being wasteful of public funds, and negligent in pursuing the public welfare.

Tom Burns, who identified himself as "consultant" for the Workers' Recall Committee, said Fred L. Clifford, one-time grand dragon of the Ku Klux Klan, was the leader of the "workers' attempt to recall the mayor."

DYNAMITE CACHED IN STRIKE AREA

SAN RAFAEL, Calif., July 14.—(AP)—A cache of dynamite was discovered in a back yard here today but later it was cleared up with the explanation of Willis Payne, owner of the house, who said he buried the explosive a week ago when he was laid off as county road foreman.

He said he intended to dig up the dynamite and turn it in.

Chief of Police Sabin Kane had said he was investigating the possibility the explosive was connected with strike activities.

WASHINGTON AND PRESIDENT WATCH COAST SITUATION

WASHINGTON, July 14.—(AP)—Secretary Perkins was reported by labor department officials tonight to be keeping in almost constant touch with the San Francisco "live" situation by long distance phone.

Miss Perkins in turn was said to be keeping President Roosevelt informed of all important developments. The navy radio service is in constant communication with the cruiser Houston, carrying the president on his vacation trip to Hawaii.

Miss Perkins had no immediate comment on the San Francisco strike crisis.

Officials said they looked for no immediate action by the labor department toward averting the general strike called today.

They said they felt the key to peace lay in settlement of the longshoremen's strike, and that that was in the hands of the special board Mr. Roosevelt named before he left.

The federal government, they pointed out, had no power to stop men from striking.

ANTI-NAZI RUMORS PHILADELPHIA

PHILADELPHIA, July 14.—(AP)—Police broke up a demonstration in front of the German consulate today, arrested three women and three men and then had to fight their way to city hall with the prisoners.

Court Requests Fund SALEM, July 14.—(AP)—The supreme court yesterday sent a letter to the state emergency board requesting an appropriation of \$6,000 to cover a deficiency in salaries of that department.

Two tourist attractions in Louisville, Ky., is the tomb of President Zachary Taylor and the home of his daughter, who married Jefferson Davis, president of the Confederacy.

ACTION TAKEN BY GERMANY TO PAY DAWES LOAN FEES

BERLIN, July 14.—(AP)—Germany opened the way to the United States today to effect a settlement under which interest may be paid on the Dawes and Young loans despite the reich moratorium.

Replying officially to Ambassador William E. Dodd in response to the American note of June 27, the government stated it has not the slightest intention of discriminating against the United States in the matter of debt transfers.

The German government said it was "ready to negotiate with the American government as with the governments of other countries relative to ways and means of making possible the servicing of the Dawes and Young loans."

It was pointed out the next coupon payments on the loans in question are not due before October 15 and December 1.

"In case the 3 per cent funding bonds noted in the transfer conference communique of May 29 were accepted by America, the German government is prepared to give the same declaration in the question of discrimination," the reply said.

Dividends Better NEW YORK, July 14.—(AP)—There were 27 favorable dividend changes during the week against a like number the week before, the Standard Statistics Co. reports. Unfavorable revisions totaled 10 compared with 18.

OREGON'S EXPORT TRADE HARD HIT IN LONG WALKOUT

PORTLAND, Ore., July 14.—(AP)—Oregon's export industries have been throttled by the coast-wide marine workers' strike and the effects of the 68 days of impasse have extended continuously to a vast number of other industries.

Lumber and wheat industries are two of the largest adversely affected. However, concern has been expressed over chances of moving the apple and pear crops of the fertile Oregon and Washington orchard areas.

The motor fuel industry, upon which thousands depend for livelihood, also faces practically suspension in some sections, oil company officials state.

The Emergency Export association has bought no wheat for movement to the orient since the longshoremen's strike started May 9. A small amount of wheat at a terminal here has been loaded for shipment the past week. However, no new supplies have been moved onto the terminal.

A few swaths already have been cut on the 1934 wheat harvest. Hundreds of men have been idle for various periods in Oregon lumber mills and camps, virtually all of which have been affected. Paper and pulp mills at Salem and southern Washington points have lost some time due to the strike.

Small merchants have reported a "pinch" from the strike, which they say has slowed their turnover. Threats of gasoline shortages have deterred some people from getting farther than a tankful of gasoline from home. Oregon's principal ports of entry for gasoline—Portland, Astoria and Marshfield—have been besieged by pickets.

The next few days may determine how effective the gasoline blockade is. Sales have been limited at Portland, but other towns report their supplies sufficient for at least a few days.

Some shipments of produce and supplies have been held up last they are stranded en route by a general strike, business firms report.

GREYHOUND HALTS EXPRESS SERVICE

SAN FRANCISCO, July 14.—(AP)—Because strike pickets guarding the highways into San Francisco assertedly have stopped and searched passenger buses of the Pacific Greyhound lines, the company today announced discontinuance of all its express service in and out of the bay area.

The action was taken, according to a high official of the company, to safeguard the passengers, who might be endangered if express were found in the buses.

"By discontinuing our express service," the official said, "we are assured that our passengers will not be inconvenienced by the strike pickets. Our first thought is of our passengers, and we will not place them in jeopardy."

He said there had been no violence aimed at Pacific Greyhound stages.

CASH FOR OREGON COAST SPANS DUE IN WEEK IS WORD

SALEM, July 14.—(AP)—Cash to start the five Oregon coast bridges will be available to the state highway commission by Monday, July 23, it was definitely indicated in word received here today from J. M. Devers, attorney for the commission at Washington, D. C.

Devers informed the department he was leaving Monday for Salem with the final agreements to be signed by the highway commission either Saturday or next week or the following Monday. Upon signing them they are to be deposited with the temporary bonds for the initial \$1,000,000 with a Portland bank and Washington will immediately wire authorization of the bank to honor warrants against the sum by the commission.

The temporary bonds, already signed and approved are now on deposit with the state treasurer. With the signing of the final agreement it was expected the last of the sheaf of documents will have been disposed of in accordance with the PWA requirements for the \$5,602,000 loan and grant for the construction of the spans. Work would be started at once, the department announced here.

OREGON COST OF LUMBER REDUCED

PORTLAND, Ore., July 14.—(AP)—A 10 per cent reduction in retail prices of common grades of lumber in Oregon was announced today by the retail lumber and building material code division of the national lumber code authority in Washington, D. C.

Several hundred motion picture theatres in northern California are faced with the problem of altering their previously advertised schedules as a result of the San Francisco teamsters' strike.

This was admitted today by one of the officials.

George I. Multhead, administrative agent in this area for the retail lumber and building materials code, announced details here and expressed belief the reduction also applies to Washington and Idaho.

The same reduction in the finer grades of flooring and ceiling material was expected to become effective soon.

Multhead said the new schedule was "in keeping with the arrangement for the reduction in prices to the ultimate consumers of lumber from 4 1/2 to 5 1/2 per cent under an order released by General Hugh S. Johnson, national recovery administrator. We have gone better than the reduction specified in the order."

Ex-Officials to Pen DALLAS, July 14.—(AP)—Failure to defray the costs of the trial which brought a verdict of guilty against him on the charge of larceny of public funds a year ago today cost Hugh Black, former county clerk of Polk county, a sentence of a year in the state penitentiary.

Six aunts, six uncles, a grandmother and grandfather were named in a petition of 15-year-old Mary Ryan when she asked the Watsonville, Cal., court for a guardian.

FARLEY'S FLAYING OF REPUBLICANS' STAND ENTHUSES

SPRINGFIELD, Ill., July 14.—(AP)—One of the largest assemblages of Illinois Democrats in years today applauded Postmaster General James Farley's denunciation of republican "ghost dancers" in an address starting the party's congressional and state fall campaign.

Speaking in the home of Abraham Lincoln, whose tomb he had visited, the democratic administration fence buster termed the republican opposition "ghost dancing" and charged it "with fault finding and efforts to frighten our people... back into a state of panic."

The national chairman's audience included all elements of the democratic party in Illinois. An estimated seven thousand faithful in the state fair amphitheatre cheered when the postmaster general asserted President Roosevelt's recovery campaign had justified the nation's confidence in its success.

For the day factional differences within the party's fold were forgotten and Governor Henry Horner, whose administration has not enjoyed full patronage recognition from Farley, presided.

FILM SHORTAGE IN CALIFORNIA SEEN

SAN FRANCISCO, July 14.—(AP)—Several hundred motion picture theatres in northern California are faced with the problem of altering their previously advertised schedules as a result of the San Francisco teamsters' strike.

This was admitted today by one of the officials.
