

BABY RECOVERING AFTER FIVE DAYS LOST IN THICKET

Conner Tot Shows No Alarming Symptoms Asserts Hospital Report—Kidnaping Theory Is Discarded

EASTVIEW, N. Y., July 18.—(AP)—A bulletin issued by physicians at Graceland hospital today said that Baby Bobby Connor appeared to be stronger this morning.

Child's temperature 99, pulse 120, respiration 28, the bulletin read. "Child appears to be stronger this morning. Is quite restless. No alarming symptoms. Is receiving feedings of milk."

Kidnap Theory Falls.

The kidnaping theory in the case collapsed today.

While the little curly-haired son of Mr. and Mrs. Charles Connor lay seriously ill in a hospital, to which he was taken after being found yesterday in a thicket near his home, federal agents and police announced their investigations were ended.

They were convinced, they said, that the 21-month-old Bobby, who disappeared last Thursday, wasn't kidnaped at all. All evidence showed, they declared, that he had toddled alone into the woods and had spent the five days there.

At the hospital it was determined that Bobby had eaten quantities of grass.

Dr. Claude W. Munger said Sunday night's showers probably saved the baby from dying of thirst. Enough rainwater would have entered the pores of the skin to prevent complete dehydration, he said.

The physician pointed out further, in support of his theory, that Bobby had lain in the woods since Thursday, that the child's pink suit had been bleached almost white.

Dr. Munger said a blood transfusion would be given the child today. Bobby gained a pound and 13 ounces last night after being given a quart of glucose and water. He was being fed by injections. Physicians said an attempt to feed the child normally might lessen his chances to live.

At four-hour intervals he was given a spoonful of whiskey and water.

PRESBYTERIANS HOLDING ANNUAL MEETING, ALBANY

By J. W. Angell ALBANY, Ore., July 18.—(Sp.)—The 44th annual meeting of the Presbyterian Synod of Oregon opened here Tuesday with a good attendance from over state and much interest; and will continue into Friday with morning, afternoon and evening sessions.

Albany college and Presbyterian church are joint hosts to the synod, all-day sessions being held in the main building of the college, and the evening meetings in the church. Many delegates are housed in the women's dormitory at the college and others are entertained in Albany homes.

A number of speakers from San Francisco, Los Angeles and the east are to be heard, including: Dr. Wm. F. Klein of New York; Miss Virginia McKenna, of Japan (a missionary now on furlough); Dr. P. W. Bible, of New York; Prof. J. Hudson Bal-lard, D. D., of Occidental college, Los Angeles; Prof. G. C. Oxtoby, of the San Francisco seminary; Dr. Weston T. Johnson and John C. E. Fry, of San Francisco; Dr. E. W. Warrington, of Oregon State college, and others.

Annual sermon by the retiring moderator of the synod was given Tuesday by Rev. J. G. Wain, pastor at La Grande. The new moderator elected for the coming year is Rev. Percy Arkle, pastor at Redmond, in Pendleton presbytery. Rev. G. H. Wilbur of Salem was chosen temporary clerk, and Rev. H. Q. Weber of Malin, reporting clerk. Tuesday morning was given largely to the cause of "Pensions" in the Presbyterian church. Some highlights in the report for the year were: "No Debt or Losses During the Year," in grants for the relief of aged and disabled ministers and their widows, which average, however, was only \$359 for men and \$237 for widows—sums which could be made considerably more adequate if more money for this purpose were contributed by the people of the churches. The average number of years of active service given by these aged ministers now on the relief rolls is 41 years.

Today is foreign missions day for the synod; Thursday, national missions day, and on Friday Christian education will be specially featured, including the reports of Albany college, which has had its largest attendance last year of any year yet, and is already assured of a further increase when the college opens in September.

Oregon Weather.

Fair tonight and Thursday; rising temperature Thursday, and in west portion tonight; gentle northwest wind offshore.

PAMPHLET TRIO TRIAL WILL BE SET NEXT WEEK

Melba A. Fehl, wife of the penitentiary detained Earl H. Fehl, serving four years for vote stealing conviction; May Murray, and E. L. Fitch, indicted by the last grand jury, Floyd Ross, Central Point, foreman, for criminal libel for the alleged distribution of slanderous printed matter, will be held for trial next week. Fitch is held in the county jail where he has been since May 19, and the two women are at liberty on bonds of \$1000.

Fitch and May Murray requested the court to appoint counsel and Mrs. Fehl has consulted Attorney E. E. Kelly. The court has as yet made no definite appointment.

County authorities have stated emphatically they will invoke the Oregon laws to curb any and all attempts to revive inflammatory agitation in this county.

Several other criminal cases are scheduled to be docketed for early trial including Chester O. Webb and Evan L. Crow, indicted for taking an auto belonging to Perry L. Ashcraft, Ashland garageman. Webb is at liberty on bonds. Crow is held in the county jail. Crow has been the beneficiary of several paroles issued by courts, in the past.

Al Poston of Pinehurst, indicted a year ago for alleged threatened assault with a dangerous weapon, is also slated for early trial. The indictment grew out of a roadside argument over an alleged game law violation. Poston is alleged to have threatened a state trooper. His trial was set for last winter, but postponed when Poston was unable to reach court because of auto trouble en route.

Manzie Biden, charged with spreading a malignant communicable disease, involving a 17-year-old girl now held in a Portland institution for erring maidens is also scheduled for trial at an early date.

LAKE OF WOODS HAS AIR FIELD

Construction will be completed this evening on an airplane landing field at Lake of the Woods, according to Karl Janouch, superintendent of the Rogue River national forest. Sunday, Janouch and Heinle Flubser laid out the field, which when completed will be equipped with flags, markers and a wind indicator. The field is located on the meadow at the north end of the lake, and is said to afford a fine landing spot, as the surface when smoothed will be level.

The road across the meadows that serves as a cut-off to the resort is now open, C. G. Smith, resort manager, announced, as the water level to the lake has subsided. Smith also stated the road to the lake through Butte Falls is in excellent condition, with the exception of a short section which is now being graded.

CONSIGN MELONS, TOMATOES WHILE WAITING STAMPS

PORTLAND, July 18.—(AP)—Grower members of the Oregon-Washington melon and tomato marketing agreement who are unable to purchase the necessary tax stamps in their region, may consign their unstamped produce to dealers until stamp agencies have been set up, it was said here today by Morton Tompkins, agreement manager for western Oregon.

"We are establishing stamp stations as rapidly as possible," Tompkins said, "and we will have all the stations operating within a few days. Meanwhile, growers should consign their melons or tomatoes as usual. The tax will be collected at the destination end."

The stamp tax plan was developed to provide a revenue for administration of the marketing agreement while his designed to return a profit to the grower without materially increasing the cost to the consumer.
