

WOULD SUBMIT TO ARBITRATION OF GRIEVANCES

(Continued from page one)

By NORMAN BELL. Associated Press Writer. SAN FRANCISCO, July 19.—(AP)—Wheels of business in San Francisco's metropolitan area slipped under relaxing brakes of a general strike today and Mayor Angelo J. Rossi announced a pledge to drive every "communist agitator" out of the city.

Under pressure from federal, state and city governments, the general walkout gave indications of collapsing rapidly.

The "strategic" committee of Alameda county, in which 500,000 of the area's 1,300,000 residents reside, announced a vote on Oakland today on a proposal to end the walkout.

Resumption of East Bay (Alameda county) transportation service controlled by the key route system, including its ferryboats on the bay, employing a total of 900 men, was announced for Friday by the carmen's strike committee after a meeting with officials of the company.

More street cars rolled through San Francisco's streets, shops reopened and food and gasoline service neared normal, apparently without hindrance, but officials remained alert for danger signals.

The Pacific coast maritime strike, key issue of the mass walkout in San Francisco bay cities, remained a problem which officials admitted was still loaded with dynamite.

General Hugh Johnson, NRA administrator and spokesman for the federal maritime dispute board here conferred with labor leaders last night. Though no one would speak for publication after the conference, it was intimated some union leaders had expressed willingness to propose an end to the walkout before the general strike committee.

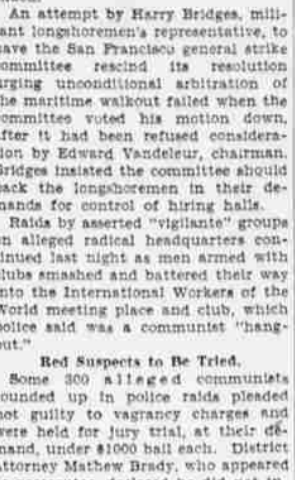

Radicals Must Go. Mayor Rossi, in announcing his pledge to drive out radicals, said he had rejected demands from an emergency citizens committee to request that the entire city be placed under martial law. The pledge announced through the committee said:

"I pledge to you that I, as chief executive in San Francisco, to the full extent of my authority, will run out of San Francisco every communist agitator, and this is going to be a continuing policy in San Francisco."

The mayor also advised the committee, the announcement said, that he would refuse to recognize the right of any one, including unions, to issue "permits" to merchants to do their business.

The proposal to end the strike in the East Bay cities of Oakland, Alameda and Berkeley (Alameda county) was announced by William H. Spooner, secretary of the central labor council. The question to be voted on, he said, will be for return of all union members to work Friday.

Popular Choice

"Song of the Lark," the painting by Jules Breton, was unveiled at the Art Institute's World's Fair exhibit in Chicago, as being the painting which received the most votes in a contest conducted by the Institute and a Chicago paper.

Red Suspects to Be Tried. Some 300 alleged communists rounded up in police raids pleaded not guilty to vagrancy charges and were held for jury trial, at District Attorney Matthew Brady, who appeared as prosecutor, declared he did not intend to become "hysterical" over asserted communistic activities and that "freedom of speech" should be respected as long as it did not advocate violence and overthrow of the government by force.

The national guardsmen, numbering about 4500, will remain on the waterfront and in the East Bay until Acting Governor Frank P. Merziam orders their removal, Major General David P. Barrows said. General Barrows declared the force was sufficient to meet any situation that may arise.

MARCH ON CAPITAL BY LANGER FORCES IS NO. DAKOTA HINT

Associates of Langer from appointed jobs. Olson had indicated that the approximately 16 members of the legislature, employed by Langer in state jobs, will be dismissed quickly.

Langer held physical in North Dakota's new \$2,000,000 statehouse since the state supreme court at 6 p. m. Tuesday ruled the duties of governor because of the ousted executive's conviction by a federal jury of conspiracy to solicit political contributions.

After the decision was given, Langer and about 35 leaders of his faction concentrated in his office and kept guard throughout the night. Wednesday, most of his associates departed, and that he was advised of his constitutional rights when placed in custody.

Kinkade was held without bail here, upon the grounds that no court but the one from which the bench warrant was issued had the right to fix bail. The warrant was served by Sheriff Lloyd L. Low of Klamath county. Kinkade will be removed to Klamath Falls this afternoon, it is planned.

Fair Charmer

Mary Elizabeth Bort, Long Beach, Calif., one of three survivors in nationwide Dental Charm contest, who will vie with the other two, Mildred M. Smith, Wilbur, Wash., and George W. Berry, Richmond, Va., at the Fair, to be crowned Charm Queen during week of July 29.

GENERAL STRIKE'S BACKBONE BROKEN AS JOBS RESUMED

An all-time record in number of cars in operation and passengers carried. The municipal lines operated without police guards and no molestation was reported. Test cars were sent out by the Market Street company last night, with police escorts, but no instances of intimidation were reported. The municipal lines operated 234 cars and in 24 hours had carried 300,000 passengers.

Produce Rolls In. The produce district here, patrolled by national guardsmen, was a scene of intense activity. Auto ferries carried full loads of trucks bearing fresh produce and as soon as they arrived they were dispatched to various parts of the city to supply grocery stores.

So many scores of laden trucks arrived at Oakland that no attempt was made to count them. Trucks without police convoys far outnumbered those with escorts.

"We will have gas soon," service station operators promised motorists as tank trucks began service. Vandeleur said teamsters were still on strike with sanction for working given only those who operated gasoline trucks along with ice wagon, milk and bakery wagon drivers. Butchers and culinary workers returned to their jobs.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything.

What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 1/4 of our food decays in our 28 feet of bowels. This decay sends poison all over our body every six minutes.

When our friends smell our bad breath (but we don't) and we feel like a rotten tomato, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—35c. (Copyright, 1934, C. M. Co.)

PAMPHLET CASES SLATED TUESDAY IN CIRCUIT COURT

(Continued from page one)

The pamphlet also allegedly vilifies the state police, district attorney and other law enforcement agencies, and claims a "master mind" conceived a plot to railroad Pehl to the penitentiary.

Al Poston, Pinehurst resident, indicted a year ago for assault with a dangerous weapon, during a controversy with a state trooper over game law enforcement, will go on trial Monday.

Chester Oliver Webb and Evan L. Crow, local youths indicted for taking an auto without permission of the owner, also are held in the county jail, and Webb is at liberty on bonds, since six months ago. The sentence was one of the abortive grounds for the attempted recall of Judge H. D. Norton three years ago. Crow, before the last sentence, was the beneficiary of a number of paroles in local courts.

Jim Owens of Wimer, a pioneer resident, charged with the sale of intoxicating liquor at the Wimer dances, will be tried Tuesday. He is at liberty at present on his own recognizance. The final case on the shortest criminal docket in years in this county, is that of Mamie Blden, charged with communicating a malignant disease to another. The action involves a young girl, now held in a Portland home for erring maidens.

Pluma Zaida Finney of Jacksonville, charged with the sale of beer without a license, on her plea of guilty, was given a suspended sentence of six months, pending good behavior, by Judge Norton.

The case of Robert Shores, charged with grand larceny, was ordered reduced to petty larceny by the court, and the case remanded to the Gold Hill justice court. Shores was charged with stealing a centrifugal pump. Its value was \$17.30, an amount not covered by the grand larceny statutes.
