# DIRECTOR OF CCC TO BE BANQUETED BY C-C AUGUST 9

Robert Fechner, director of the Civilian Conservation Corps, will be guest at a banquet sponsored by the Jackson County Chamber of Commerce on Thursday, August 9th, according to present plans. It is announced by chamber officials today. Learning that Fechner would be in this territory the Chamber of Commerce sometime ago invited him to address a group of local citizens and this morning a letter was received by R. E. Harder, president, to the effect that the invitation was accepted and arrangements could be made with D. H. Canfield, acting superintendent of Crater Lake national park, who will be in charge of Mr. Fechner's itinerary when he is in this section.

Inasmuch as it is impossible for Mr. Fechner to be here for a noon luncheon, Mr. Canfield suggested the evening meeting, and it is to be expected that a large turnout of business men and their wives will be on hand to greet him.

"Medford has benefitted tremendously by the establishment of the CCC," stated Mr. Harder this morning, "and we hope we shall have a very large reservation list to greet the head of this organization." Officers of the CCC stationed in this district have been invited to have officials of the Crater Lake national park.

The Chamber of Commerce is also endeavoring to locate Arno B. Cammerer, director of national parks, who is due in Medford on August 8th, and it is hoped that he also will be able to be a guest at the banquet. Definite word is being awaited from Washington, D. C., by chamber officials regarding his itinerary.

# PORTLAND'S PORT REMAINS CLOSED BY STRIKE ORDER

(Continued from page one)

They are the presence of non-union seamen on ships and the question of abolition of the hiring halls or employment agencies of the seamen, the board said. The waterfront employees, who already have agreed to discharge non-union longshoremen to make way for the return of union longshoremen to the docks, held another conference with the board.

Teamsters at Work. Meanwhile, 29 ships were being unloaded by non-union longshoremen at the waterfront here, while about 150 vessels were in the harbor. The members of the Teamsters' union, which recently voted to return to work with the ending of the general strike, hauled goods to and from the pier without reservation.

The state-owned Belt Line railroad, which operates along the waterfront, hauled merchandise from the district. An election among Pacific coast shipworkers—to meet one of the conditions proposed by striking longshoremen in return-to-work negotiations—starts today when the first ballots are cast in San Francisco.

The election, to determine collective bargaining representatives for the marine workers, was announced by President Roosevelt's mediation board in response to the longshoremen's question: "What are you going to do about the seagoing crafts?" In the long strike, which started May 9, union seamen and allied crafts joined the longshoremen.

Meanwhile, the board resumes conferences with employers to determine what arrangements can be made for immediate return to work of the longshoremen, who have voted to submit their own grievances to arbitration.

# Thrill Upon Thrill In "Pirate Treasure"

Thrill piled on thrill for a period of 12 weeks is promised by the Roy theater, coincident with the announcement that "Pirate Treasure," featuring Richard Talmadge, greatest of the motion picture dare-devils, and Lucille Lund, "All American Girl," opens tomorrow.

"Pirate Treasure" deals with the attempts of Richard Talmadge and Miss Lund to find a pirate treasure, hidden by an ancestor of his, located on a semi-tropical island. After a world flight, Talmadge uses his prize money to equip a vessel to set out to find the treasure.

Each chapter is a featurette, complete in itself. There are scores of thrills, including Talmadge's ride into the ocean traveling in a car going 50 miles an hour—the wreck of a speedboat—two narrow escapes when automobiles plunge into trains—Talmadge's fall from a 60-foot high building, and his dive on a motorcycle from a bridge onto a moving freight train.

The feature picture Saturday will be "Riders of Destiny," a thrilling western with John Wayne cast as the mysterious "Singin' Sandy."

# AUSTRIA GIRDS FOR NEW NAZI COUP IN VIENNA

(Continued from page one)

The commanders of the Heimwehr were considerably embarrassed by the fact that 6,000 of their armed men were concentrated today in Vienna and were urgently needed here. Therefore it was impossible for them to send reinforcements to Carinthia.

Unverified reports said Nazis were congregating in the railway station outside the inner city, intending a surprise attack on the inner city.

The country whose little chancellor, Engelbert Dollfuss, was assassinated by Nazis Wednesday, is wracked by guerrilla warfare, pitched battles for the possession of towns and railway lines, border skirmishes, hunger riots and—finally—peace moves.

Government Gaining Control. The government, headed by the Fascist, Prince Ernst von Starheimberg, claimed it was rapidly gaining the upper hand in the chief trouble zone, and especially in Styria, where an official communique declared the Nazi rebellion was completely crushed. But even official accounts said bitter fighting was continuing in Carinthia.

It was officially confirmed that Austrian legionaries from Bavaria attempted to invade Austria. An unofficial death list placed the number killed since the beginning of the fighting Thursday at upward of 400, with thousands wounded.

These wounded include many federal soldiers whom the Nazis deliberately shot in the legs. The Nazis still hoped that the army would go over to them.

Nazis Out of Hand. An ominous feature of the situation is the fact that the highest Nazi leaders themselves no longer seem to be in control of their troops in the provinces. An Associated Press correspondent talked to two of the highest ranking Nazis on Austrian soil this morning and found that they were considerably in the dark as to the military actions of their supporters in Carinthia, Styria and Salzburg provinces.

"We hope," one leader said, "that Chancellor Hitler's appointment of Von Papen as minister to Vienna will contribute to the cessation of hostilities."

"Hitler undoubtedly is sincerely desirous to cooperate in restoring peace here. The difficulty naturally is to reach the ears of the fighters in time."

"The Nazis in the provinces are supremely skeptical of all radio announcements or newspaper communications from the Vienna government, if enough of them hear the Von Papen news over the German radio, there is a chance of suspending military action in time. But time presses."

# Fruit Ship Sinks When Fire Flooded

NEW YORK, July 26.—(AP)—Firemen poured so much water into the hold of the flaming United Fruit liner Astoria today that her stern caved down into the mud of the river bottom. But they brought the flames under control after five hours of work by combined land and water apparatus. For a time it was feared the flames would spread to the docks.

ASTORIA, Ore.—(UP)—No matter how soon the longshoremen's strike ends and national guardsmen are demobilized, 32 Astoria militiamen will have to stay in camp. Two of them contracted measles and the whole group was quarantined.

# COUNTY REPUBLICANS WILL AID ORGANIZING OF STATEWIDE CLUB

Jackson county Republicans will be well represented at the meeting in Eugene tomorrow to form permanent organization of the Oregon Republican club. A temporary organization was perfected in Portland a few weeks ago and Britt Nedry was chosen temporary chairman and S. S. Smith member of the first congressional advisory committee.

The idea of the club is to harmonize all Republicans, young and old, men and women, into an active working organization and to assist congressional, state and county committees in conducting an aggressive campaign this fall for the success of the entire Republican ticket.

A county organization will be formed here early in August.

Among those who will attend from this county are Frank Farrell, Don Newbury, Jack Porter, Fred Colvig, W. M. McAllister, O. H. Hengston and E. S. Smith.

It was announced today. Some of the fixtures will be moved by August 4.

An up-to-date grocery department, modeled after the typical I. G. A. plan, a large meat market and bakery shop will all be included on the main floor at Luman's. Walls and ceiling of the former Deuel structure are finished in light plaster so that the new store will be particularly attractive.

Charles and William Luman, owners of the Star Market on East Main street, have been in business at their present location for 17 years and are Medford's pioneer butchers. The extensive expansion of this firm indicates that they have great faith in the Rogue River valley's future.
