BOAT RACES 2 P. M. SAVAGE RAPIDS

With fair weather forecast for today and a good program assured by the Southern Oregon Boat club, everything is in readiness for an excellent afternoon of motor boat races and other aquatic sports today at Savage Rapids. A dozen boats will be entered.

DONKEY BASEBALL IS LATEST SPORT

HOLLYWOOD, Cal., Aug. 4.—(AP)—"Donkey baseball," a sport said to have originated in Hollywood, will find its way into a two-reel picture, Pete Smith—who will explain it—said today.

With the exception of pitcher, catcher and batter, all the players are mounted on donkeys. After the batter hits the ball, he mounts his waiting steed and attempts to make his way around the bases. The game is popular here as a curtain raiser to polo games.

CROWDER WAIVED TO DETROIT TEAM

WASHINGTON, Aug. 4.—(AP)—The sale of "General" Alvin Crowder, veteran right-handed pitcher, to the Detroit Tigers via the waiver route was announced today by Clark Griffith, president of the Washington Nationals.

That means that the pitcher who took 24 games last year to tie Bob Grove for wins in the American League brought his own \$4000. Crowder, 35 years old, has been unable to produce this year. He had won four and lost 10. In 1932 he pitched more innings than any other American league hurler, won the most games—26—and allowed the most hits. In eight years in the American league he has won 142 and lost 101.

GEHRIG AHEAD OF RUTH'S SCHEDULE

NEW YORK, Aug. 4.—(AP)—Lou Gehrig, the clotting Yankee first baseman, who has taken the major league home run hitting leadership away from Jimmie Foxx of the Athletics, is today two days ahead of Babe Ruth's progress when the Babe set his record of 95 in 1927.

KELSO BOY HELD ON THEFT CLAIM

Don Akin, 16, of Kelso, Wash., is being held in the county jail pending the arrival of Portland officers, who telephoned to local state police Friday night that Akin had stolen a Chevrolet sedan from a street in Portland early that morning.

MAYOR THREATENS 10,000 POLICEMEN TO SQUELCH HUEY

NEW ORLEANS, Aug. 4.—(AP)—The "Battle of New Orleans" continued an affair of wordy threats and legal involvement today. There was, however, no relaxation in the rival camps of Senator Huey P. Long and Mayor T. Semmes Walmesley, where hundreds of armed men awaited the word of their leaders in the grim struggle for political supremacy.

Mayor Walmesley's augmented police force of 1,400 men likewise continued on a 12-hour shift, admittedly ready for any emergency. The mayor flung fresh defiance at the senator by asserting he was ready to increase the force to 10,000 if that was necessary.

SEA BOTTLE NOTE IS MOTHER'S HOPE FOR ABSENT SON

MILWAUKEE, Wis., Aug. 4.—(AP)—A message picked up in a bottle off the coast of Normandy Beach, N. J., brought hope mingled with despair today to Mrs. Myrtle Joasart, Milwaukee mother of the writer whom she has not seen or heard from in seven years.

To the little white-haired woman the message gave hope her son, Wayland Sickler, is alive. In recent years the mother feared him dead. She said: "I had a slight difference before he left, but he could not have been angry with me. He wanted to divorce his wife, but I told him he shouldn't be in too great a hurry. 'You must also think of your baby, I told him.'"

HULL DENIES ANY ANGLO NAVY PACT

WASHINGTON, Aug. 4.—(AP)—Secretary Hull said today he knew nothing of a rumored proposal that the United States enter into a secret agreement with Great Britain calling for united action by the British and American fleets in the event the 1935 naval conference ends in failure.

A spokesman for the British foreign office likewise denied the story in London, where it originated.

HUEY CALLS OUT TROOPS IN NEW ORLEANS FEUD

The city of New Orleans presented the appearance of an armed camp as Senator Huey "Kingfish" P. Long "commanding" 500 national guardsmen, and Mayor T. Semmes Walmesley with the aid of 400 policemen, vied for control after Governor O. K. Allen proclaimed martial law for the city hall area. The picture shows guardsmen breaking into the registration voting office which they held for Long with machine guns. (Associated Press Photo)

AUSTRIAN REVOLT JUST BEGUN NAZI CHIEFTAIN SHOUTS

(Continued from page one)

"The fight for German Austria's freedom will go on. 'This is no mere party struggle,' Kammerhofer continued, pacing up and down the room. 'It is a struggle of the German Austrian people against foreign domination—against the Italian masters. You ought to know what that means.'"

The blond generalissimo's blue eyes blazed at me. "You Americans know what that kind of a fight is about, don't you?" he asked punctuating his emphasis with quick strides. "Dolfuss is dead—let us say no more about him than that his death was inevitable. 'But who is Schauschnigg, his successor? Schauschnigg is not Austria—Schauschnigg is Italy. He was even born in Italy.'"

"And the private armies of Schauschnigg are a foreign legion in foreign pay. 'Are you to be ruled by Italians or by Germans? That is the question. Are we to be governed from Rome or at home?' "Never!" shouted Kammerhofer. "With this government there can be no peace. There are men enough in Austria who have clean hands and who have reputations for patriotism and integrity. 'Any one of them would have some chance of achieving reconciliation and internal peace. 'But these Italians in Vienna—agents of Rome. No, a hundred times, no!'"

His voice became hard and bitter. "I can best explain to you, an American," he said, "how we German Austrians feel about Schauschnigg if I remind you that your country was recently terrorized by a man named Dillinger. Well, the government which terrorizes German Austria now is Dillinger multiplied by ten—ten Dillingers let loose upon a liberty loving people."

BUILDING GAINS AT GRANTS PASS

GRANTS PASS, Aug. 4.—(P)—Grants Pass is building at more than twice last year's rate, a totaling of building permits for the first seven months of the year showed today. Permits to date total \$49,088.50 compared with \$22,000 for the same period a year ago. Bids have also been opened on a site for a federal building to cost approximately \$180,000 with its site.

ALBANY GIRL IS SPEEDING VICTIM

ALBANY, Ore., Aug. 4.—(P)—Painful and serious injuries were suffered tonight by Ann Stenn, 15, who was pinned under an over-turned automobile driven by Archie Choate, 25, on the Pacific highway north of here. Both are of Albany, as is Marvin Smith, owner of the car.

Miss Stenn suffered a broken pelvis, bruises and possible internal injuries. Choate's injuries were minor. A witness said the car was travelling fast when it went out of control and hurtled from the highway.

Troopers to School—Officers from the local state police district who have left for Camp Clatsop to attend the state police school for the next week, are Lieut. A. G. Dunn and Officers James Busch, and Harry Minto from this city, and Officer Clarence Malcom of Grants Pass.

World Wheat Shy PORTLAND, Aug. 4.—(P)—While total production of wheat for the world is still estimated considerably under 1933 the latest figures given by the international institute indicate a crop of 2,804,940,000 bushels in 37 countries compared with 2,797,853,000 bushels estimate a week ago.

PRESIDENT VIEWS NATION'S WELFARE IN DAM PROJECTS

(Continued from page one)

The president explained that the money made available to him by congress there had been allotted "in these states of the coast a much larger proportion of that fund than the population of the three states justifies."

"We did it in my judgment with perfect propriety," he said, "and with the knowledge that those states which did not get quite as much as the coast got would understand and approve it. Need More Population "We did it because out here in the mountain states and in the coast states you have unlimited natural resources. You have acreage capable of supporting a much larger population than you now have. And we believe that by proceeding with these great projects it will not only develop the well being of the far west and the coast, but will also give an opportunity to many individuals and many families back in the older settled parts of the nation to come out here and distribute some of the burdens which fall on them more heavily than fall on the west."

Quoting Horace Greely's famous advice, "Go west, young man, go west," Mr. Roosevelt said it was "supposed to be out of date today but there is a great opportunity for the people in the east, people in the south and in some of the overcrowded parts of the middle-west—some people from sub-marginal lands—who have proved conclusively that it is a mighty difficult thing to earn an adequate living on those lands."

"I leave here today," he concluded, "with the feeling that this work is well undertaken, that we are going ahead with a useful project and that we are going to see it through for the benefit of our country."

HITLER SPEECHES TO TELL FUTURE GERMAN POLICIES

BERLIN, Germany, Aug. 4.—(AP)—Adolf Hitler today began work on a speech the chancellor intimated will contain important political revelations to the world which has watched with deep interest his assumption of the functions of president as well as chancellor.

Behind chancellor's door, guarded for the first time by members of the reichswehr (regular army) the chancellor was busy with the address he will deliver to the reichstag Monday at its memorial service for the late President Paul von Hindenburg. The chancellor will also speak on Tuesday at the funeral services at Tannenberg, thus undertaking major appearances before the nation and the world on successive days.

Hitler has been watching the world reaction to his virtual coup d'etat in making himself both executive and chancellor, and is well aware of the fears expressed in many quarters, especially in America, that Von Hindenburg's death may have removed the last break on radicalism.

He is expected to give some reassuring statements in that regard.

NEUDECK, Aug. 4.—(AP) The body of the late reichspresident, Paul von Hindenburg, was placed today in the coffin in which it will rest in the monument at Tannenberg commemorating his great victory over the Russian army.

Only members of the family were present and the coffin was closed. It was covered with flowers and placed in the study of the Von Hindenburg country mansion.

Final agreement for entombment in the monument rather than burial on the estate ground was reached today by the government and members of the family.

FISH PIRATES IN ALASKAN WATERS

KETCHIKAN, Alaska, Aug. 4.—(P)—Fish-trap pirates are swarming to the salmon waters of Alaska, intimidating fishermen and taking their fish. Several fishermen today reported men armed with rifles fired over the heads of watchmen to drive them from their traps, from which the pirates then hauled the fish.

Complaints were made that at least six traps were robbed and some were wrecked by pirates, including two owned by the Nakat Packing corporation near Hidden Inlet and another by the Alaska Pacific Salmon company at Gravina Island.

The U. S. coast guard cutter Alert was believed preparing to start a pirate-hunt, although its officers declined to comment on the trap-ripping.

LABOR PEACE AND 48 HOUR WEEK TO STOCKYARD CREWS

CHICAGO, Aug. 4.—(P)—The 12-day-old strike of livestock handlers at the Union stockyards was settled today as General Hugh S. Johnson, NRA head, completed six hours of conferences with principals.

The night shift of the 800 striking employees of the Union Stockyards and Transit company will return to their posts tomorrow and the yards again will be wide open for trading.

The settlement was an outgrowth of the agreement reached by mediators before Judge Philip L. Sullivan of the federal bench to halt a strike last year.

Peace terms reached today guaranteed 48 hours a week for all regularly employed handlers. So called "extra" employees will be guaranteed at least 40 hours a week in any week that receipts reach 4,000 cars, which would be an unusually light week.

Union leaders hailed it as a victory, explaining that for the first time their two most rigorous demands were met—those for a 48 hour week and for a recognized minimum of pay or work for the "extra men."

No wage angles were included in the peace terms.

Home from Hospital—Mrs. A. B. Smith of Trail left the Community hospital yesterday for her home.

Out of Hospital—Mrs. Claude Stevens of this city left the Community hospital Saturday.

LIFE BEGINS AT FORTY! Or at least it SHOULD! Will it for you? It will if you take the proper care of your teeth now! Folks don't realize the importance teeth play in the health of the rest of their body... not the mouth alone. Let me take care of your bridgework and you'll know that it's being done thoroughly.
