# TOURIST KILLED ON CRATER ROAD

By PAUL MALLON

WASHINGTON, D. C., Aug. 8.—First-class economists will tell you privately that the main thing wrong with this country now is not the lack of money or the value of it, but the lack of a sound money policy.

Current talk has centered mainly around the mounting of a federal reserve bank. These reserves have more than doubled in the past year and now amount to some \$1,800,000,000 or \$1,900,000,000.

Big as that figure is, it is only a hint of the inner problem. If you make a little investigation in the right place, you will find that the banks of this country have today about \$10,000,000,000 of stagnant money they could lend. In addition, there is at least \$1,000,000,000 or \$1,500,000,000 in actual hoarding in safety deposit boxes and in socks.

An idea of how staggering that sum may be obtained from the fact that it is twice as much money as there is. You may suspect offhand that, therefore, it is a mistake, but it is really a most conservative estimate. The amount of money in circulation has little to do with lending capacity. The same money is loaned over and over again by banks. Loaned money is spent and redeposited in some bank by the fellow who ultimately gets it. It really does not leave the banks. It only goes to work in there.

The proof of the figure lies in the fact that bank loans now amount to \$13,000,000,000, or half of what they amounted to before the depression (the average for the pre-depression period was around \$26,000,000,000).

From the comparative condition of banks today, the best experts deduce broadly that at least ten billions more could be loaned if the public wanted to lend it.

## CAR PLUNGES OFF STEEP BANK WHEN REAR TIRE BURSTS

George Pomeroy of Albany, Calif., Victim of Mishap Between Diamond and Crater Lakes—2 Escape

George Pomeroy, 35, Union Oil company employee of Albany, Calif., was instantly killed at 2:30 yesterday afternoon when a tire blew out on the car he was driving, throwing the machine off a 17-foot fall about 14 miles from Crater lake on the Diamond lake-Crater lake road.

The ill-fated auto was traveling toward Crater lake, a short distance behind another machine driven by R. H. Glendinning of Sunnyvale, Cal., in which Mrs. Pomeroy and the Glendinning's two children, Rodney, and Mrs. Dorothy Hall, 2131 Northwest Davis street, Portland, also riding in the convertible Chevrolet coupe, which belonged to Mrs. Hall, were uninjured.

Road Workers on Scene. Two members of a road crew were first on the scene, having seen the car swerve and plunge off the embankment. They quickly extricated the woman and boy from the machine which had turned over as it hurtled to the bottom of the fall.

Body to Klamath Falls. Pomeroy's body was taken to Crater lake and thence to Klamath Falls Tuesday evening. The remainder of the party spent the night at Crater lake, going on to Klamath Falls this morning.

An investigation by Acting Superintendent D. H. Canfield of Crater lake national park and Rangers C. H. Simpson and Ray Henderson showed that the wrecked auto had been traveling at a speed of about 25 miles per hour. Apparently the driver lost control as the machine reached the fall. The road-way at that point is in a sharp curve, wide and straight. The machine was not badly damaged by the drop to the bottom of the fall.

## MAYOR APPOINTS COMMITTEES FOR ADMINISTRATION

Standing committees for the new administration were appointed and approved at the regular session of the city council last night as the most important business to come before the meeting. Mayor George Porter stressed the importance of the health committee and its work, which will include investigation of the sewage disposal problem.

Other committees were appointed as follows: Finance: C. C. Furnas, chairman; Fred Heath and Kroeschel. Public Safety: Furnas, chairman; C. C. Darby and Fred Heath. Streets and Roads: Kroeschel, chairman; Furnas and Schade. Land Appraisal and Parks: R. O. Stephenson, chairman; W. P. Stewart and Schade.

Building and lights: Dede Terratt, chairman; Stewart and Darby. License: Darby, chairman; Terratt and Stewart. Airport: Heath, chairman; Stephenson and Terratt.

The council went on record unanimously to oppose to the sponsorship of a carnival in Medford on August 13. Capt. O. L. Overmyer on behalf of the American Legion asked that permission be granted to sponsor the carnival.

## Where Von Hindenburg's Body Rests

The huge fortress-like memorial at Tannenberg will be the scene of a national funeral for Paul von Hindenburg, idol of the German people. Chancellor Adolf Hitler (left) will deliver a funeral oration. The memorial was erected on the spot where Hindenburg turned back invading Russians 20 years ago this month and his body will lie in this monument to his military prowess and his patriotism. ## DRIVE ON FOREIGN LICENSED CARS IS PLAN OF OFFICERS

A campaign will be launched the end of the week against drivers of foreign licensed cars. In this city and county, Captain Lee M. Bown of the state police announced today. The head of the state troopers here said it would be a systematic drive, and all automobiles coming under the state auto law, would be subject to arrest, unless they purchased Oregon license plates at once.

The Oregon law requires that all autos, where the owner is engaged in a gainful occupation, is employed, or has established a residence, however temporary, shall purchase an Oregon license, costing \$5. Captain Bown stated that a number of fruit workers are under the impression they do not have to purchase an Oregon license, and some hold the idea that the Oregon law applies only to California autoists. It applies to all states.

## FRESH HEAT WAVE DROUGHT SECTION

By the Associated Press. Scorching temperatures burned again today the mid-continent already hard hit by heat waves and drought. The new heat wave extends from the Rocky mountains to the Appalachian highlands, and southward into the Gulf states, further damaging crops in sections that have been suffering all summer.

## Age-Long Hatred Behind Algeria's Religious Riots

CONSTANTINE, Algeria, Aug. 8.—(AP)—Constantine is outwardly calm, inwardly seething today as the city prepares to bury victims of bitter Arab-Jewish religious riots. There is an unconfirmed report that troops have been rushed to a distant city of Algeria, the name of which is not disclosed, where an attack on Jewish houses is allegedly planned.

## Pear Markets

NEW YORK, Aug. 8.—(AP)—(USDA)—Pear auction market prices slightly weaker. 19 cars arrived; 15 California cars unloaded; 12 cars on track. California Bartlett's: 17,200 boxes, \$1.50 @ 3.20; average, \$2.44.

## 30,000 TONS OF TOMATOES SEEN IN COUNTY AREA

Commercial tomato yield for Jackson county will be in the neighborhood of 30,000 tons, according to County Agent Robert G. Fowler. He estimated 250 acres are planted to tomatoes and the average yield will be 12 tons to the acre.

## TINY TWINS STRANGLE 4 MONTHS OLD SISTER

SAN FRANCISCO, Aug. 8.—(AP)—Donald and Henry George, 4-year-old twins, unwittingly strangled their 4-month-old sister, Carol Silverlock, to death, police reported today.

## CONGRESSMAN DECIDES TO PAY TRAFFIC FINE

MINNEAPOLIS, Aug. 8.—(AP)—Congressman Francis H. Schoemaker, farmer-labor, Minnesota, is not going to the workhouse for 30 days. He appeared before Municipal Judge Fred B. Wright today and paid his fine of \$5, the alternative.

## ROOSEVELT LAUDS DOCTORS MAYO IN ROCHESTER VISIT

President Takes Part in American Legion Ceremony Presenting Citations for Humanitarianism

ROCHESTER, Minn., Aug. 8.—(AP)—President Roosevelt, the first chief executive to visit this city, shared the spotlight today with Rochester's most famous citizen, the Mayo brothers, as the city combined its entertainment for him with ceremonies honoring them.

Addressing them as "neighbors," the chief executive participated in ceremonies in which the American Legion presented to the two physicians citations voted at the last national convention, honoring them for their humanitarian accomplishments.

## BOOKS NOW OPEN FOR INDEPENDENT CANDIDATE FILING

The season for filing independent candidacies for state and county offices opened August 1. The state law provides that independents may file by petition or other wise, "not more than 100 days, or less than 45 days before the general election, which will be November 4, next."

## BONNEVILLE DAM SHIP LOCKS HAVE ENGINEER'S FAVOR

PORTLAND, Ore., Aug. 8.—(AP)—Colonel T. M. Robins, division engineer, announced here today that United States engineers at Portland favor conversion of the large locks on the Bonneville dam to ship locks to permit ocean-going vessels to pass into the upper Columbia river above the high dam.

## FLIERS ATTEMPT HOP TO BAGDAD

WASAGA BEACH, Ont., Aug. 8.—(AP) James Ayling and Leonard Reid took off at dawn today in an attempt to fly non-stop to Baghdad, Iraq, and break the world's long distance flight record.

Girls, he said, had been mutilated, and "grey-haired Jews were stabbed to death and little children put to death with knives." "Just as in Palestine in 1929," the correspondent continued, "the lots of dead and injured run into the hundreds with no official estimates available. Hospitals are filled with Jewish victims and their doors are besieged by half-crazed wives and mothers."

## Max Baer Floors Rough Wrestler With Pop On Jaw

FORK SMITH, Ark., Aug. 8.—(AP)—To find himself floored is something unusual for Max Baer, but that's just what happened to him in a local ring. However, the boxing champion soon had the situation in hand. During a wrestling bout he was refereeing, "Wild Red" Berry beat Jean LaBelle into a groggy condition. Then Berry proceeded to put Baer on the floor with a wild blow.

## TAX LIMITATION DEBATE PROVES SALES TAX NEED

At a very interesting and largely attended meeting of representative citizens from Jackson, Josephine and Klamath counties, in the basement lunch room of the Hotel Medford today, a debate on the proposed 20-mill limitation measure was carried on between Robert E. Smith of Portland, Director of the National Security Officers' association, and Ed White of the well known local real estate firm of Brown and White.

## NAB CHAUFFEUR AS EXTORTIONIST

NEW YORK, Aug. 8.—(AP)—The Lindbergh law was invoked today against a former chauffeur for Col. Henry Huddleston Rogers after an extortion plot against the Standard Oil millionaire was balked.

## ROSEBAUM AUTO FOUND IN SOUTH

The state police were advised this morning by the California state highway patrol that the Ford sedan, belonging to A. S. (Boxy) Rosebaum, was recovered yesterday on the highway near Sacramento this morning. The two occupants of the car are held for return here.

## DOOR TO M'NARY 1936 CANDIDACY STILL HELD OPEN

Senator Says He's Not Candidate, But Not Eliminating Self Or Anyone Else — Election Too Far Off

By CLAYTON V. BERNHARD, Associated Press Staff Writer. SALEM, Ore., Aug. 8.—(AP)—Senator Charles L. McNary of Oregon, Republican floor leader of the United States senate, is not a candidate for the Republican presidential nomination in 1936, but he is not eliminating himself or anyone else as possibilities in that future race.

Senator McNary made this clear in an interview here Tuesday afternoon, as he rested at his country place, "Pircone," in preparation for a trip to Chicago in October to meet with the Republican senate party committee which will direct the strategy in senatorial races in various states this fall. He returned only this week from Washington, D. C.

## WILL ROGERS says:

ABOARD S. S. EMPRESS OF CANADA, Aug. 7.—Get this calendar mess—yesterday was Sunday, we had services on here and I sent a daily wire. Now last night they informed us, "Tomorrow morning when you get up it won't be Monday, it will be Tuesday."

Now what I want to know is, did it miss Tuesday's papers or is this one going in Tuesday or is it Wednesday? In fact, I am not right sure about the month. Some man in a uniform could come up and announce, "We are skipping August," and I would believe him.

I bet the Republicans wish they could have skipped a year ago the fourth of last November.
