

MEDFORD POSTAL INCOME EBBS IN 1934, ONLY \$1150

Slight Decrease Will Be Below General Average of Nation — Figures for Fiscal Year Are Given

WASHINGTON, D. C., Aug. 12.—(Sp.)—Indication that Medford still has some worrying to do so far as Old Man Depression is concerned was contained in figures made public today by the post office department.

The department's un-audited figures show that postal receipts, generally considered a reliable guide to the rise and fall in business activity, continued to decrease in Medford during the fiscal year ended June 30. The decrease, however, was slight; it was less than the expected decrease for the country as a whole.

During the past fiscal year postal receipts in Medford totaled \$94,333.32. This was a decrease of \$1,150.70, or slightly more than one percent from the receipts of the previous fiscal year. Although the department will make no statement on it as yet it is generally conceded that the figures for the country as a whole will show a decrease for the year, in all likelihood a decrease substantially larger than the one registered for Medford.

The department explained that the Medford figures have not been audited as yet but that they should be substantially correct.

In commenting on the expected decrease for the country as a whole the department said that substantial gains have been registered throughout the country during the past six months so that many offices which showed a loss for the fiscal year probably would show an increase for the calendar year.

SOUTHERN OREGON BOYS JOIN NAVY

U. S. Navy Recruiting Officer A. F. Walker, in charge of the Southern Oregon district, reports that eight boys from this vicinity were selected for enlistment in the United States navy today and left on this morning's train for Portland, Ore., where they will take final examinations and if passed successfully will be enlisted and transferred to San Diego for preliminary training.

This month's quota was taken from diversified points, Medford, Lakeview, Central Point, Trail, Klamath Falls, Jacksonville and Talent, all furnishing one applicant. Albert Smith of Rogue River will leave tomorrow.

These boys were selected from a large list of applicants because of their high marks made in mental, moral and physical examination. O. M. M. Walker has been commended on the very fine type of applicant being selected from this district, and due to this fact his monthly quota has been increased from three to eight applicants, and it is expected that the September quota will be increased to ten and perhaps twelve.

The local station, opened on May 22, 1934, has had 347 applicants, of whom 41 have passed all the requirements, 17 being enlisted. None of the applicants selected by Chief Walker and sent to Portland have failed to pass the final check there.

UNCLE SAM HOME LEINS INCREASING

WASHINGTON, Aug. 13.—(Sp.)—The government holds the mortgages on more than 430,000 American homes, a survey showed today, and before the activities of the Home Owners Loan corporation are completed the total may reach nearly 1,000,000.

The HOLC's bonds, guaranteed by the government, have been exchanged for mortgages totaling \$1,300,000,000. This leaves the corporation with \$1,700,000,000 in bonds it can still put out.

MINIMUM PRICE CUT ON TOMATOES STARTS TOMORROW

PORTLAND, Aug. 12.—(AP)—A reduction in the minimum price paid to grower in Oregon and Washington under the tomato marketing agreement will become effective for producing points tomorrow and in Portland Wednesday.

The reduction, requested by growers themselves, reduces the code minimum to 40 cents a 20-lb. box, from 50 cents.

Producers had complained that the marketing agreement called for no segregation of quality, and that while it was possible to sell the bulk of the top quality tomatoes at the 50-cent price, standard and under-grade offerings could not be disposed of without "chasing" on the code.

Many growers do not produce top quality tomatoes, and they declared that when liberal supplies reach the market and the top quality offerings drop to the minimum set price, ordinary to poor stuff could not be unloaded at the one-price schedule.

EVAN CROW HELD FEDERAL CHARGE

Evan L. Crow, whose entanglements with the law, provided the basis for the Banks-Pehl recall agitation against Judge H. D. Norton two years ago, was arrested Saturday night by the state police, on a telegraphic federal warrant, and is held in the county jail, for the United States marshal at Portland.

The nature of the federal charge against Crow is not known, to local authorities. Two others are reported involved.

Crow was released from the state penitentiary at Salem January 1, 1933, on a burglary charge, was branded by Pehl and Banks as a "breakdown of law and order," at the time. He was arrested last May, on a complaint sworn to by Perry L. Ashcraft, charging "taking of an automobile without permission of the owner." He was acquitted by a circuit court jury.

According to the authorities, Crow has been the beneficiary of many paroles, in local courts, over a period of years.

STATE CAMP FOR JOBLESS WOMEN

SALEM, Aug. 13.—(AP)—A resident educational camp for 60 unemployed women, proposed to provide opportunities for vocational training, home making classes and other educational and recreational activities, will be established at Willamette university here, for a month beginning August 16, C. A. Howard, state superintendent of public instruction, announced today.

The state school superintendent's office will supervise the project, made possible through a special grant of federal emergency relief funds.

Those to receive the advantages of the month's school will be selected by the chairman and executive secretary of the relief committees in each county from among those qualified women, 18 to 35 years of age who are unemployed and eligible for relief. The number to be selected from each county will be determined according to population.

Name Law Aides.

SALEM, Aug. 13.—(AP)—Attorneys Sidney B. Teiser and Albert B. Ridge-way of Portland were appointed commissioners from Oregon to attend the national conference on uniform state laws by Governor Julius L. Meier today.

SPANISH PRINCE BLEEDS TO DEATH AFTER CAR CRASH

Alfonso's First Son Victim of Family Malady When Sister Drives Auto Into Wall to Miss German Baron

KLAGENFURT, Austria, Aug. 13.—(AP)—Don Gonzalo, 19-year-old prince of Spain and fourth son of Alfonso, former king of Spain, died today of the family malady of hemophilia or skin-bleeding, caused by an automobile accident.

Death came at Poertschach-on-Weerther See, the villa of exile for the royal family.

The prince, whose full name was Gonzalo Manuel Maria Bernardo Narciso Alfonso Mauricio, was injured late last night in an automobile accident while returning to the villa from Klagenfurt with his sister, the Infanta Beatriz.

A physician said the injuries suffered by the prince would not have caused death to an ordinary person, but in his case the doctors were unable to stay the flow of blood.

The Infanta, who is 25, was driving the car at the time of the accident. She swerved it into a wall to avoid running down a German bicyclist, Baron Richard Von Heinsmann. The prince was hurt in the resulting crash.

The baron was arrested. Princess Beatriz was prostrated by grief today. Don Gonzalo was taken to the villa at once, but he died soon after his arrival. He passed away while his father held his hand and his sisters and brothers knelt in prayer.

The lad's body will be held 26 hours pending the return from Davos, Switzerland, of the former Queen Victoria, who is to decide whether her son shall be buried in Austria or elsewhere.

Talent Youth Sails For Duty In China

Sailing aboard the naval transport U. S. S. Henderson for assignment to duty with the famous 4th Marines at Shanghai, China, is Trumpeter Donald B. Rominger, of the Marines, son of Mr. Byron Rominger, General Delivery, Talent, Ore.

Rominger enlisted with the Marines at San Francisco, Calif., on November 17, 1933, to serve for four years, and received his initial training as a Marine at the Marine Corps Base, Naval Operating Base, San Diego, Calif.

Trumpeter Rominger qualified as marksman with the service rifle Browning automatic rifle, and the Colt automatic pistol, and as expert with the bayonet. In July of this year he had his rank changed from private to that of trumpeter.

Jeer At Guardsmen Brings Jail Term!

When Curtie H. Grandstaff, 32-year-old Memphis salesman, scoffed at troopers supporting Senator Huey Long's cause in New Orleans by calling them "tin soldiers," he did not reckon with the iron heel of military authority. He was jailed and fined \$15. Here he is behind the bars. (Associated Press Photo)

Nebraska democrats pass on the question of "Bryan control" in choosing between Governor Charles W. Bryan, brother of the "Commoner," and Congressman E. R. Burke for the senatorial nomination. The party faction headed by Arthur F. Mullen, former national committeeman, is supporting Burke.

MISSISSIPPI MOB HANG BLACK PAIR FOR OLD MURDER

ASHLAND, Miss., Aug. 13.—(AP)—Two mobs in different sections of Benton county overpowered officers and seized and lynched two alleged negro slayers early today, Sheriff R. H. Hudespeeth reported here.

Robert Jones, one of the victims, was taken from officers who were bringing him here from Tupelo and Smith Houey, the other victim, was seized from deputy sheriffs en route here with him from Holly Springs.

Concentrating near Michigan City, the mobs hanged Jones and Houey to a tree within 150 yards of the spot where Deputy Sheriff Mark Mason was slain more than a year ago during investigation of the murder of Conna Gillipie, later assertedly confessed by the negroes who were lynched today.

The negroes were being brought from the two jails to face trial for the Gillipie slaying at the term of circuit court convening here this morning.

FACTIONAL FUSS STIRS DEMOCRACY IN OHIO PRIMARY

'Bryan Control' An Issue in Nebraska Vote—Governor Ritchie Seeks Fifth Term in Maryland Race.

(By the Associated Press) Ballots will answer lively political campaigns in four states tomorrow. Senatorial contests hold the fore in Ohio and Nebraska primary elections; Idaho and Arkansas in the choice of nominees for governor.

Bitter intra-party strife, particularly among the democrats, has aroused Ohio voters. Governor George White, Congressman Charles West and former Governor A. V. Donahy seek the democratic nomination for the senate seat now occupied by Simeon D. Peas. Peas is opposed for the republican nomination by two World War veterans—Walter D. Wanamaker of Akron and John M. Vorys of Columbus.

Nebraska democrats pass on the question of "Bryan control" in choosing between Governor Charles W. Bryan, brother of the "Commoner," and Congressman E. R. Burke for the senatorial nomination. The party faction headed by Arthur F. Mullen, former national committeeman, is supporting Burke.

Nebraska republicans have the choice of a candidate antagonistic to the "new deal," such as Congressman Robert O. Simmons, or one less objectionable to Senator George W. Norris.

In Idaho Governor C. Ben Ross, seeking his third term, is opposed for the democratic nomination by Frank Martin, former state attorney general, and Acher B. Wilson. The republican nominee will be one of three aspir-

AUSTRIAN NAZIS TO LABOR CAMPS; LEADERS VANISH

BERLIN, Aug. 13.—(AP)—Orders were issued today for the transportation of 8500 members of the Austrian Nazi legion, now in Germany, to a labor camp in East Prussia; another 4500 will be sent to Pomerania and Brandenburg; still another 2000 will be given places in the labor battalions near the Danish border.

It was reliably but unofficially learned that at least a temporary disappearance of a number of leading Austrian Nazis, who heretofore have been active in Bavaria, is being encouraged in connection with the dissolution of the organization there.

Alfred Frauenfeld and Theo Hachinger, both of Munich radio broadcasting fame in connection with the abortive Vienna putsch of July 25, made a sudden airplane flight into Holland today rather than keep an appointment with the secret police in Berlin.

Both were "under escort" from Munich where they were subjected to "police protective measures" during the week-end along with some 74 other Austrian Nazis.

What is it?—Today A. H. Banwell, manager of the Jackson county chamber of commerce received two envelopes by mail, each with 5 cents postage due, and containing a number of soiled candy wrappers. They were enclosed in a piece of plain paper, which stated "most cordially yours," signing the name of an attorney at law in Salina, Kans. The papers were mailed from Pocatello, Ida., Banwell said. No explanation was given as to the purpose of the wrappers. Banwell said he would not pay postage on any more such letters.

Spent Day Here—Mr. and Mrs. Louis Werth of Ashland, the Misses Bernice and Beatrice Werth, and Louis Werth, Jr. were visitors in this city yesterday.

ALCOHOLIC NOSE HAY FEVER CURE SAVANT REVEALS

CLEVELAND, Ohio, Aug. 13.—(AP)—A method of producing an alcoholic nose which drowns hay fever is reported by Myron Metzbaum, M. D., of Cleveland, in "The Laryngoscope."

The alcohol anesthetizes parts of the nose. In effect the nose goes on a prolonged spree, in which the effects of one single dose may last weeks, or even a year or two. During that time the nose becomes somewhat immune to the sufferings of hay fever, rose fever asthma, and to some forms of autumn colds.

The alcohol is injected into the inferior nasal turbinate bodies. These, Dr. Metzbaum points out, are the most responsive areas in the nose. They are the cause of sneezes, of tears and swellings of the nasal tissues.

Dr. Metzbaum has given the alcohol injections from a week to three months in advance of expected attacks.

"The patients," he states, "have tarried in age from rather young children to the chronic sufferer of middle age. In all cases there has been some amelioration of the patient's irritating symptoms and their extreme nasal discomfort."

"This may be due only to the temporary or prolonged contraction of the inferior turbinate bodies resulting in freer nasal ventilation and drainage. Secondly, these results may be due to the anesthetic effects of the inferior turbinate bodies and the blocking of irritating reactions coming through these organs."

RIDER ON RUNNING BOARD KILLED WHEN TRUCK PASSES CLOSE

BAKER, Aug. 13.—(AP)—Ray Rosenbaum of Unity, 30, was killed Sunday night two miles from Hereford when he was knocked from the running board of an automobile by a CCC truck operated by a Civilian Conservation Corps worker of Susanville.

Rosenbaum was riding on the left running board of the light coupe driven by Miss Edith Koontz of Hereford. When the truck hit the young man it tore away part of the abdomen and threw him over the rumble seat onto the ground. His neck, left arm and shoulder, left thigh and some of the ribs, of the right side were broken.

MUNTINGTON, Aug. 13.—(AP)—John Moran sought to start a stalled truck here Saturday afternoon by pushing from the rear with the tractor machine in gear.

He succeeded so well that it charged across the Main street, between two parked cars and into a bench in front of the railroad park. The bench upon which Pat Cunningham, aged more than 80 and George Eppinger were seated was reduced to kindling wood. Cunningham escaped without injury but Eppinger was dragged under the truck until it was stopped by the iron fence around the park. Eppinger received lacerations on the scalp and severe bruises. Three iron panels were torn off the fence.

Wool Sales Light. BOSTON, Aug. 13.—(AP)—(U. S. Dept. Agriculture)—Demand for wool was very light. While there has been some slight improvement in the call for spot western grown wools since the downward revision in asking prices, mills were apparently doing no more than covering near future requirements. Most sales were very moderate in volume.

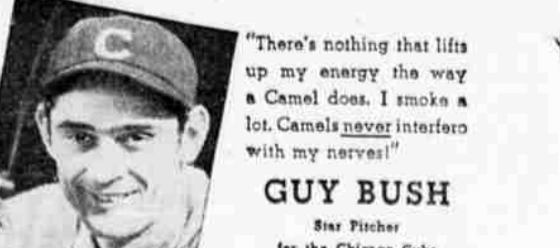

TOO TIRED TO PLAY..... and then he Smoked a CAMEL!

Here's the rapid way to bring back energy when tired!

Within a few minutes after smoking a Camel, when weary and dispirited, you will find your vim and vigor definitely increased. First you notice the full, rich flavor of Camels. Then comes a delightful "lift" in energy. **Idea Not New!** Thousands of Camel smokers have long known and enjoyed this wholesome effect. And now scientists fully confirm their experiences, as you may have read already. Camels have a positive "energizing effect." Through

it your latent, natural energy is made available. The feeling of well-being and vigor, natural to all, is quickly heightened. So make Camels your cigarette. Be one of the great army of smokers who are delighted to "get a lift with a Camel." With Camels you can smoke just as many as you want. Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand. They will not ruffle your nerves!

"There's nothing that lifts up my energy the way a Camel does. I smoke a lot. Camels never interfere with my nerves!" **GUY BUSH** Star Pitcher for the Chicago Cubs
