## COUNTY FILES LIEN AGAINST FEHL FUND FOR COST OF TRIAL

Jackson county, through the district attorney's office, has filed a lien against the sum awarded by the supreme court in the case of Niedermeyer, Inc., against E. H. Fehl, now detained in the state penitentiary for ballot theft. The high court reversed, in part, findings of the lower court, and decreed that between \$9,000 and \$4,000 was due Fehl.

The cost bill of the county for transfer of the Fehl trial to Klamath Falls, where he was convicted by a jury in 12 minutes, approximates \$1,500. Judge Kirkworth of Eugene is scheduled to rule on the cost bill as soon as the attorney-general's office and defense counsel file briefs.

Attorney's lien aggregating \$2,500 have also been filed against Fehl's share. Niedermeyer, Inc., have made no payments on the supreme court mandate, pending further legal adjustment of the highly involved action.

Rights of Theodore Helmreich of Griffin creek and Jesse T. Thomas of Ashland, in the Pacific Record-Herald building on Sixth street are also involved. They loaned Fehl \$5,300 on the building, which was protected

by a contract for delivery from Fehl, within a year after the loan. Attorneys say it will require further suits to adjudicate the tangled operations of Fehl.

## CEMENT PLANT IN OPERATION AUG. 20

The Portland Beaver-Cement plant at Gold Hill, which has been undergoing repairs and installation of new machinery for the past 10 weeks, expects to resume operations August 20, with a force of close to 125 men. General Manager W. H. (Moore) Muirhead said this date was subject to change, due to the possible delay in the arrival of machine parts, "but we expect to start as soon as possible."

Between 100 and 110 men have been employed during the remodeling period. In the coming operations the plant will be equipped with an air-cooler. Heretofore the heated cement was cooled at its own accord. Tests have proved that with the air-cooler the quality of the cement is improved, and the output increased, according to Manager Muirhead.

First run of cement, Muirhead states, will be used to replenish stock, which has been diminished during the repairs.

## AUTO FIRM ANSWERS CLAIM OF EAGLE PT. YOUTH FOR DAMAGES

Answer to the damage suit of Delbert Tingleaf, Eagle Point youth, against the C. E. Gates Auto Co. and R. E. Miller, a salesman, was filed yesterday in circuit court.

It is admitted in the answer that permission was granted Ralph Dinamore to drive the auto by Salesman Miller, but that Dinamore exceeded the limitations placed upon the driving and, instead of stopping at Eagle Point, continued on the Crater Lake highway and the Butte Falls road. Miller drove the auto to the Dinamore ranch, five miles from Eagle Point, for a demonstration, it is shown, and there granted young Dinamore's request to operate the vehicle. Tingleaf, the answer contends, accepted Dinamore's invitation to ride and did not remonstrate at the alleged high speed or careless driving.

At a curve on the Butte Falls road the accident occurred in which Tingleaf sustained injuries for which he seeks damages aggregating \$2,000. The Young Dinamore was driving. In the same crash Jesse Wulton, another Eagle Point youth, sustained injuries. The accident occurred July 28, 1932.

The action is taken by young Tingleaf through his mother as guardian. In the first trial an involuntary nonsuit was granted by the court. Tingleaf claims permanent injuries to his leg.
