

### MARTIN REVIEWS NEW DEAL AID TO STATE AT ROTARY

The New Deal recovery program has already brought to Oregon one hundred and sixty-four million dollars of government money—over sixteen times the total funds contributed by Oregon taxpayers since the advent of this program. This interesting fact was made public today by Gen. Charles H. Martin, congressman from the third district and Democratic candidate for the governorship of this state, at a luncheon meeting of the Medford Rotary club at the Hotel Medford today. No section of the country has fared better in the allotment of federal funds, the distinguished speaker said.

General Martin's talk dealt generally with the government's recovery efforts and the relation of the sweeping federal program to this section of the northwest and more particularly to the Rogue River valley.

"There are three broad aims of the so-called New Deal," the speaker pointed out to the large assembly of Rotarians and guests. "The return of the country to material prosperity is being effected and at the same time every effort is being made to preserve intact our democracy. The third aim of the program is to enrich the spiritual life of the people of this country."

In discussing the problems confronting the administration in the present recovery plan, General Martin flayed the red radicals who, he said, were the most serious menace to the success of the plan. The speaker also pointed out that some of the emergency legislation is here to stay because of its soundness, while other parts will terminate in 1935.

"The NRA has introduced democracy in business," General Martin said. "The principle is sound and defects are being remedied as rapidly as possible."

In discussing the effect of the recovery efforts to the people of southern Oregon, the speaker pointed out crop loans and trade agreements with France as important aids to the fruit industry of this district. The increase in gold value is a stimulant to mining here, while refinancing of irrigation districts directly affects many people in this section of the state. General Martin assured those who attended today's luncheon that the Grants Pass irrigation district is now receiving attention and affairs are being straightened out as rapidly as possible. The cement industry of this valley has been given an impetus through the favoring of Oregon firms in supplying cement for the great Bonnetville dam project.

This move, he said, will provide considerable employment in the Gold Hill plant.

After being introduced by Dr. Chas. T. Sweeney, General Martin opened his interesting talk at today's Rotary meeting by reviewing the period 24 years ago when a destructive forest fire swept through the Prospect area and he came to southern Oregon with 1000 regular army men to combat the fire on a 60-mile front. The troops were in this section for two weeks battling the flames in this memorable fire.

**Martin Speaks To Gold Hill Crowd**

Workers at the Beaver Portland Cement Co. plant at Gold Hill rode down to the city in trucks yesterday afternoon to hear Gen. Charles H. Martin, Democratic candidate for governor, speak. General Martin stopped briefly in Gold Hill en route by motor to this city, where he was the guest of honor at a banquet at the Hotel Medford last night, and principal speaker at a Rotary luncheon this noon.

**TOO LATE TO CLASSIFY**

### 100 KILLED AS ARABS FIGHT JEWS IN ALGERIA

At least 100 persons were massacred in Constantine, Algeria, as savage fighting broke out between Arabs and Jews. Martial law was declared in the city and in the nearby port of Philippeville in an attempt to halt the religious war. Most of those killed were said to be Jews, and Jewish stores were sacked and burned. Special trains were bringing all available colonial troops to the city, a general view of which is shown above. At left below is a street scene in the native quarter of the city where the massacre took place. (Associated Press Photo)

### DROUGHT'S SIEGE APPEARS LIFTING IN MIDDLE-WEST

CHICAGO, Aug. 14.—(AP)—The drought's long siege appears to be lifting.

Six agricultural states benefited by rain which fell over the weekend, and forecasters said precipitation should come more frequently during the rest of the season.

Rains proved of the greatest value where water shortages existed—counting too late, generally, to pour life back into the principal crops. Late crops, roughage for feed and pastures were stimulated and would be revived greatly by additional moisture. Showers were promised today for parts of Illinois, Michigan, Wisconsin, Iowa, Minnesota, North Dakota and South Dakota.

In Kansas and Nebraska, hotbed of the nation, the forecast was for weather somewhat unsettled and continuing warm. Parts of billeted Kansas were drenched with week-end rains, however, giving late garden crops another chance to live.

Heavy rain helped corn in Nebraska, won the thanks of farmers in Oklahoma and Illinois. In Missouri, scattered showers drove down the temperature for the first time since late June, but grain crops were reported virtually past aid.

SALEM, Aug. 14.—(AP)—Governor Julius L. Meier said he would attend the meeting of the state liquor control commission to be held at the state capitol later today. The session will be the second one to be held at Salem since the formation of the commission the first of this year.

Fossil coral reefs can be found in the Himalayas which were formed in the ancient "Tethys sea" 240,000,000 years ago.

### Musical Evangel

Evangelist, and Mrs. Arne Vick of Bellingham, Wash., will begin special meetings at the tent on North Central street at Third. Rev. and Mrs. Vick come to Medford with splendid recommendations of their evangelistic work, having closed a six weeks' revival meeting last Sunday night in Klamath Falls with fine results. Mrs. Vick is an accomplished pianist, in violin and vocal. Mr. Vick plays the piano and banjo. The public is invited to hear these musical evangelists at the tent tonight and each night through the week at 7:45.

### CRATERIAN OFFERS CHILDREN CHANCE AT PRIZE AND FUN

The Mail Tribune, in conjunction with the Craterian theater, is going to offer the children of Medford and vicinity a chance for some fun—and at the same time a chance to win a cash prize besides seeing a free movie. Sounds interesting, doesn't it?

All that is necessary to do is rig up some sort of costume—practically anything will do—bring along your horse, mule, dog, cat, or whatever you might think would create a little fun.

Prizes—\$10 cash in all—will be offered to the child with the most unusual makeup, the funniest makeup, the most novel entry, the most unusual pet and the loudest noisemaker. Also, all entries will be admitted after the parade in the regular matinee showing of Joe E. Brown's new laugh riot, "The Circus Clown," at the Craterian theater for Friday and Saturday.

There is no age limit, other than that adults will not be accepted as entries. The parade will start at the Craterian theater Friday at 1 o'clock and after a short trip up the main streets will wind up with a big splash in front of the theater and all entries will be admitted to the show free.

Fill out the coupon to be found in this paper Wednesday and take it to the Craterian theater or Mail Tribune office. All entries must be in by Friday morning.

### 4 STATES HOLDING PRIMARY ELECTION

(By the Associated Press)

Primary elections were held in four states today, ending campaigns marked with bitter words and the threat of senatorial investigations.

The sharpest contest lay in Ohio and Nebraska, with less spectacular primaries in Idaho and Arkansas.

The Ohio primary had a three-cornered scrap for the Democratic nomination as its focal point. Gov. George White, former Governor Wm. Denney and Representative Charles West all sought the nomination in a fight embracing all factions of the party. United States Senator Robert J. Bulkley, supporting West, charged Governor White with buying support with highway jobs and threatened a senatorial investigation if White were nominated.

Catholic Ladies are conducting a food sale at the Reliable Grocery, Saturday from 8 to 12. Those not solicited can leave contributions at this store. Mrs. Weston in charge.

### BROTHERLY LOVE PLEA OF PRELATE IN CATHOLIC MEET

(Continued from page one)

The success of this first American Marian congress has been so remarkable from a Catholic viewpoint that Cardinal Lepicier said today he was giving consideration to formation of a permanent committee in America to arrange for another session.

His eminence was to dispatch a cablegram today to the Vatican as a report on the congress, and a reply was expected by tomorrow. The cardinal's associates said he probably will remain in Portland for several days after the congress adjourns tomorrow night, to perfect formation of a national Marian congress committee.

"This is indeed the one great lesson of the present meeting," his eminence continued, "to bring home to all men that by having Mary as our common mother we must be joined together by the bonds of brotherly love."

**Plan Another Meet**
