Miss Austin Weds
Mr. Van Dorff Here
At the Medford Seventh Day Adventist church, which was beautifully decorated for the occasion, Miss Blomson Austin, daughter of Mr. and Mrs. H. N. Austin of Ashland, was married on Wednesday evening to Orville Van Dorff, son of Mr. and Mrs. J. B. Van Dorff of Medford.

The bride wore a gown of white tulle and tulle, and carried a bouquet of white and pink carnations, and cream roses.

Miss Karmon Arrives of Talent
Miss Violet Austin of Ashland acted as bridesmaid. Miss Arrives were yellow orquid and carried orchids and white verbenas.

Following a brief wedding trip to Diamond Lake, Mr. and Mrs. Van Dorff will be at home to their friends at 26 Kenwood avenue.

Nebraska Picnic
Enjoyed by Many
The Nebraska picnic conducted in the Little park at Ashland yesterday was attended by nearly one hundred former residents of that state.

Rev. George P. Kable, pastor of the Lutheran church here, gave an interesting address as did County Judge Earl B. Day.

Both young people are well known here, having been graduated from Medford high school.

Following a short wedding trip to California, Mr. and Mrs. Gail will be at home at the Bellinger apartments on North Holly street.

They have been conducting services in Medford for the past several months, and were also honored at the farewell party given at the Clarence Cartwright home Saturday evening for several of the Seventh Day Adventist workers here.

Several couples enjoyed an outing and chicken dinner yesterday at the H. C. Fredette cabin, "The Shack," on Forest creek.

Mrs. Fredette's birthday. In the party were Mr. and Mrs. Earl McKenney, Mr. and Mrs. Bruce Green, Mr. and Mrs. Roy Jackson, Mr. and Mrs. Bob Foeller and Mr. and Mrs. H. C. Fredette.

Mrs. L. C. Newton, daughters, Clara Maud and Leslie Charlotte, and twin sons, Robert and Mark, left last evening for Long Beach, Calif., having spent the week end here with Mrs. Newton's brother, E. C. Ferguson.

FACTIONAL STRIFE
BREAKS OUT ANEW
ON WATERFRONT

structure in which the meeting was held. While the battle raged someone started shooting.

T. C. McKay, one of the Columbia longshoremen, said he saw a man in a coupe parked across the street lean out and do the shooting.

Even after the shooting the rock barrage continued, and more windows were shattered. Only when the siren of an approaching ambulance sounded did the attackers flee.

Get License Numbers.
Police said they were given the license number of three of the attackers' cars.

During the recent waterfront strike the Columbia longshoremen's group claimed a membership of several hundred and declared its members would return to work here without awaiting coast strike settlement action.

E. Eliason, secretary of the Columbia group, told police the men were assembled at a garage this morning on a call to work at the Luckenbach dock. It was represented to them, Eliason said, that a police escort would be furnished them, as they understood the dock was picketed.

While awaiting the escort, which, it developed, had gone immediately to the docks, the Columbia hall men were approached by Cal Crause, a member of the I. L. A., and informed that some trouble was brewing, Eliason related.

"Better get your automobiles inside," Crause was quoted as having warned them. Within 10 minutes a caravan of approximately 20 machines encircled the block.

A woman who police refused to identify, said she saw one man leap into an automobile and shout, as he sped away, "I got one of them."

...So you, too, discovered CONTROLLED POWER

RED LION HAS THE CONTROLLED POWER SECRET OF GUNS!
LT. PAUL J. ROBERTS
160th Infantry, C.N.G., tells Mauri Rose how controlled Power helped him win 12 famous marksmanship prizes. These included the Wimbledon and Leech awards... America's premier rifle trophies.

MAURI ROSE
tells how he discovered Controlled Power in the Indianapolis 500-mile race this year. He used Gilmore gasoline with tetraethyl and was one of the trio of drivers using Gilmore to capture three of the first four places.

Says Lieut. Roberts: "Winners of the Wimbledon Trophy have consistently made better scores since it was first presented by Princess Louise of England in 1874. Why? Because science has developed the Controlled Power principle in guns... finding a way to make powder burn more slowly. The action of smokeless powder in a rifle and Red Lion gasoline in a motor is just the same. In neither case is there a sharp explosion. Instead there's a slower, more progressive burning... which creates a tremendous, controlled driving force."

Says Mauri Rose: "When you have a gasoline like Red Lion... which doesn't waste power... but controls it on the piston head for the full stroke... you get greater speed. And greater mileage, too... something that's just as important to race drivers as to motorists these days."

Yes! You, too, can discover Controlled Power. Get it today with new Red Lion... and you'll have a smooth, quiet, cool... more powerful motor!

COMING... A NEW SERIAL
by Gouverneur Morris
TIGER ISLAND
Here is a swiftly paced story of romance and intrigue aboard an old tramp steamer. Ahead lie the pounding reefs and dangers of Tiger Island. Aboard the Boldero are Harvey Bowers and Ivy Green, unaware of the plot about them.
In "Tiger Island" Gouverneur Morris does more than tell an absorbing story of adventure—he gives a dramatic and startling insight into human nature on the firing line of danger.
