Friends From Pennsylvania

Visiting the Gilmores. From Pittsburg, Pa., Mr. and Mrs. Marshall Rusk came to Medford yesterday to visit Mr. and Mrs. W. S. Gilmore, the latter and Mrs. Rusk having been friends for many years.

Yesterday the party visited Crater lake, and Mr. and Mrs. Rusk were greatly pleased with the beauties of the lake and park. This is the first visit to the west for the couple and they are favorably impressed by the scenic beauties and the fine hospitality of this section, they stated. Mr. and Mrs. Rusk are making a tour of parks, and came to Medford from Washington, taking a delightful drive along the Columbia river in a few days to California, by way of the Redwood highway.

Mrs. Biddle, son leaving tonight. Mrs. W. F. Biddle, Sr. and her son from Chicago who has been visiting her here, will leave this evening by train for Chicago.

Mrs. Walker Leaving

For North This Week. Mrs. Mae Rose Walker of Portland, the house guest of Mrs. Roy Stanley at Eagle Point, will leave for home the last of this week.

Mrs. Walker is prominent in club and music circles in Portland, and is interested in helping the musician and artist to maintain themselves. "It is obvious the cultural life of our communities, cities and even the nation must suffer if we do not regard our musicians and artists as business people worthy of hire," she stated.

Mrs. Walker was secretary for two years of the Western Concert Artists' league, an organization to encourage the young artist to prepare for the concert stage. This is accomplished by providing an outlet in concert engagements in the four largest cities in the west, Los Angeles, San Francisco, Portland and Seattle.

The past season Mrs. Walker acted as chairman of the National Music Guild, for Oregon, and conducted a piano playing tournament with Dean John Landebury, of the University of Oregon, as judge for the Portland district. This organization is established to encourage the art of fine piano playing, and is a wonderful opportunity for students to acquire credits from the national, state and local organizations.

Mrs. Walker is a state officer in the Business and Professional Women's club and, as chairman of music and arts at the convention recently held in Portland, she is hoping a larger number of choruses will compete.

Mrs. Walker has been delightfully entertained, while in Eagle Point, at luncheon, given by Mrs. Clarence Meyers and Mrs. Orville Henderson.

Mrs. Everett Gillespie, Crowned Queen of World. Miss Everett Gillespie, daughter of Mr. and Mrs. Everett Gillespie, was yesterday crowned Supreme Queen of the World, Job's Daughters, at the international convention of that organization, now in session at Portland.

Mrs. Gillespie, who is queen of the local organization of Job's Daughters, is a popular member of Medford's younger set. She was accompanied to Portland by Miss Arvilla Burns and Mrs. G. Q. D'Albini, members of the council and several officers from here.

Attend Club Party in Medford. The Ashland Daily Tidings states that Mr. and Mrs. Frank Davis, Mr. John Rigg and Mrs. Mrs. Lew Hansen attended the Men's club of the Methodist church of Medford Monday evening, which had its social meeting at the 401 ranch on the Crater Lake highway.

Mr. Hansen sang, accompanied by Mrs. Davis, and John Rigg gave an address during the evening. Medford members appeared on the program. Delicious refreshments were served during the evening.

Birthday Party given at Antelope. Mr. and Mrs. Boyd Kline and Mr. and Mrs. J. D. Arens were joint hosts last Saturday evening at a birthday party, given for the pleasure of Miss Mary Kline and Miss Ruth Arens. The party was given at Miss Arens' home in Antelope.

The seven young couples present spent an enjoyable evening playing games. A bonfire was built for roasting wafers, and later in the evening refreshments were served.

Pen Pushers Meet Thursday. The Pen Pushers' club will meet tomorrow evening at 7:30 o'clock at the home of Mrs. G. R. Satchell on Ashland avenue. Roll call is to be answered by each member reading a short poem of not more than twelve lines. In usual metre, for discussion and study.

Guests at Tucker's Leaving On Shasta. Mrs. Robert Hayes Smith, Mrs. Ross Ambler, Curran and George T. Cameron will return to San Francisco on the Shasta this evening, having been guests here at the Non Tucker summer place.

Mrs. Driver Entertains At Central Point Home. Mrs. Raymond Driver was hostess yesterday at luncheon, inviting twelve guests to her home at Central Point. On Friday she invited eight guests for luncheon.

Stearns Vacation At Pelican Bay. Dr. Robert W. Stearns and daughter, Miss Katherine Stearns, accompanied by Miss Jeanette Stearns of Ashland, are spending several days at Pelican Bay in Klamath county.

Miss Kinsey Returns Here. Miss Helen Kinsey returned to Medford on the Oregonian today from Seattle and Portland, where she has been spending the past month.

Badminton Tournament Planned for Tonight. At the army this evening a badminton tournament will be held, according to announcement.

Episcopal Youth Shares Conclave. Youth is to have its day, and say, at the general convention of the Episcopal church which will assemble in Atlantic City, October 10. What the rising generation wants, and how it plans to get it, embraced in the theme, "The Whittier and How in Young People's Work" will be the general topic of discussion during young people's week end at the convention, which has been set for October 12-14, under the supervision of Miss Dorothy Fischer, secretary for young people's work in the national council of the church.

The program will include group discussions on "New Frontiers," in which the young folk will be invited to discuss specifically current problems, economics, the new leisure and peace; and at a banquet which will close the week end on the evening of October 13, "The Relation of the Church to the Social Problems of the Day" will be discussed.

Hot Spots Deserted When Music Halted. CLEVELAND—(UP) What a highball without a song? "Just a hollow shell," says Mayor Martin O'Donnell, of Garfield Heights, a suburb.

Mayor O'Donnell decided the only way of closing drink spots at early hours would be to cut off their music at 11:30 p. m. The city has no power to force closing at a specific time. But the mayor believes that a short time after the music stops, merrymakers will get sleepy and go home.

Life Savers Corps Members to Meet. All members of the life saving corps are requested to be present at the meeting tomorrow evening, scheduled for 7:30 o'clock at the Natatorium. Plans are going to be outlined for the pageant, and a definite date set for the water display. Committees are also to be named.

Missing Swimmer's Body Being Sought. FLORENCE, Ore., Aug. 22.—(AP)—Search was being made here for the body of Temple Sharp, 35, believed to have drowned last night in the north fork river near here.

Sharp's clothing was found late Tuesday night on the bank of the river where he went swimming earlier.

By a majority of ten to one, the German people, voting at what at least passes for an election, confirm Hitler's seizure of dictatorial power.

Surprising? Not at all. It would have been surprising if they HADN'T. When frightened people figure they'll get into heavy trouble if they don't vote a certain way, they're pretty apt to vote that way.

In this land of the free—as yet, at least—people don't have to be frightened about the way they vote. For which thank the lord and also the framers of the constitution.

Class 1 railroads of the United States, in the first six months of 1934, earned 2.09 per cent on their property investment.

In the corresponding period of last year they earned 1.42 per cent.

What, you may ask, "do I care what the railroads earn?" I own no railroad stock.

You care, because prosperity will return when the railroads, and other employers of labor in this country, begin to earn a fair rate of return on their investment, and NOT BEFORE.

We can't have prosperity in this country, or in any other country, unless employers are earning a fair rate of return on their investment.

Otherwise, there is nothing with which to pay wages, and without wages there can be no prosperity.

The point to remember is that before wages can be paid they have to be EARNED.

There's nowhere else for them to come from.

Good news, up in this country: In Oakland, California, construction is beginning on 31 single-story FRAME school buildings. Frame building calls for wood.

PEEVED PILOT IS HELD ON RETURN

ANCHORAGE, Alaska, Aug. 22.—(AP)—True to the comment of a friend, "He's no suicide, he like life too well," Frank Dorbandt, famed Alaska flier, was back safe today from his mysterious "disappearance." His numerous differences with authorities, however, had again "caught up" with him, and he was under arrest.

The search over rugged territory and the fears of his friends for his safety, based on his strange threat, "You'll not see me again," shouted as he took the air here Sunday night, were over when he set his tri-motored plane down here late yesterday, leaving here in a fit of anger when Aeronautics Inspector Murray Hall ordered him detained Sunday for breaking aviation regulations on the Stikine river, 50 to 70 miles northwest of here, he said.

Only a few of the worker bees in a hive will sting if the hive is disturbed, for otherwise the swarm would be wiped out, as the bees die after stinging.

SIX QUESTIONED IN GANG KILLING

MONTREAL, Aug. 22.—(AP)—Detectives of the homicide squad seized six men in a raid on a small hotel early today and rushed them to headquarters for questioning in connection with the slaying yesterday of Charles Feigenbaum, paroled smuggler.

Detectives said five of the men arrested were United States citizens and the other was a Canadian.

The raid climaxed a night of police activity. Authorities expressed fear that United States gangsters were seeking a haven in Montreal.

Feigenbaum was shot to death as he stepped from his automobile late yesterday, the second man to be killed by gang methods here within two weeks.
