Rogers portrays a druggist who wants to work in peace. But his wife, expertly played by Peggy Wood, nags him to sell out and learn to play. And he does!

First, he becomes a pigeon fancier, and lets his pets fly all over the house. Then he takes up golf with excruciatingly funny results.

The climax comes, however, when his wife persuades him to take a trip to the Mardi Gras in New Orleans. There Rogers rebels violently when his wife tries to make him dress in a fancy costume to attend the Com ball. She attends with a gigolo and leaves Rogers at home. Lonesome, he meets a druggist and the

Turkey Growers See Good Times

EUGENE, Aug. 23.—(AP)—With a general reduction in turkey production anticipated this year, better prices for Oregon turkey growers are expected this fall. It was reported at the seventh annual meeting of the Oregon Turkey Growers' association here Wednesday.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL—And You'll Jump Out of Bed in the Morning Rinin' to Go

If you feel sour and snaky and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or crowing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just stays in the bowels, gas builds up your stomach. You have a thick, bad taste and your breath is foul.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They are wonderful, harmless, gentle vegetable pills, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. Local druggists. ©1931 C. M. Co.
