DOUGLAS FIREBUG BALKED BY CCC'S

ROSEBURG, Ore., Aug. 25.—(AP)—An attempt to burn over the upper Hubbard Creek area, 15 miles northwest of Roseburg yesterday failed when 50 fire fighters from the Melroe CCC camp after an all night battle reported this morning that they have the blaze under control.

Three fires, about a quarter of a mile apart, were set out Friday, the exact anniversary of a similar attempt a year ago. Last year two attempts were made to start a forest fire in that section.

"Doctor Monica" at Rialto

How much should a good woman sacrifice for her husband's mistress? Should a sweetheart place her own happiness on the altar of her lover's home? Should a woman give up her husband to legitimize a love baby?

These are but three of the questions asked and answered in the exceedingly unusual drama, "Doctor Monica," starring Kay Francis, and playing today and Monday at the

featured. "Doctor Monica" tells the story of a woman physician whose husband's love has been stolen by a friend. When the wife learns that the girl is about to have a baby, she not only attends to the girl during her illness, but arranges for a divorce so that the baby may be given its father's name. How the girl mother repays her debt of gratitude in the thrilling climax of a story replete with thrills, including a steeplechase, in which the girl is hurled from her horse and an airplane crash at sea.

Although adults will find the story holding much interest, it is not recommended for the children.

Pinto Colvig On Craterian Stage Next Thursday

A home town boy who has made good in a big way comes to Medford next Thursday to appear on the stage

of the Craterian theater with the Cagney-O'Brien picture, "Here Comes the Navy," on the screen.

Pinto Colvig, who, for the last few years, has been with the Walt Disney studio in Hollywood, is returning to the scenes of his boyhood, where—as he says—"he first learned to spit like a grasshopper."

Later, Colvig has been broadcasting over national networks with Raymond Paige and his orchestra, telling how sound effects are worked into the cartoons and illustrating with the airplane effects on a slide trombone, cow moos on a clarinet, bark like Pluto (Mickey Mouse's ca-

nine pal), motor boat effects on a derby hat, and many others. He has just had a renewal on his contract with Walt Disney and is taking a short vacation to Medford to help celebrate Judge Colvig's 50th birthday, and while here will be on the stage of the Craterian theater with an act composed of the various knock-knocks and doo-dads that he does at the studio and over the radio.

This (Sunday) morning at 9:30, Colvig will broadcast over the Oregonian station KGW, Portland.

Discharged

An obligation you owe to your family, and a debt you owe yourself

PARTLY

discharged when you have laid out a far-sighted plan for the financial future of your wife and children.

FULLY

discharged when you have appointed under your will, a corporate trustee like ourselves, who will surely be here to put your plan into operation.

This may take 1 year or 20 years or more. Our obligation to you will not be discharged until the last of your written instructions have been finally and faithfully obeyed. Shall we talk further about this some time soon?

IT'S Timely ANY TIME

CAN you think of any good reason why August is not an excellent time to make your will? It should be done sometime, you know, and is really a simple thing to do once you make up your mind on 2 points:

- 1. Whom you wish to inherit your property.
2. Who is the most experienced one to name as your executor.

Naturally, you know the answer to the first question, and as the settling of estates is our specialized business, we believe we can satisfactorily answer the second.

We should be glad to go into details with you any time you are ready to talk.
