

COMING WEEK TO AUTUMN BUSINESS SHOW TREND FOR

(Continued from Page One)

the summer, and while there are numerous abnormal influences at work, the seasonal impulse which normally follows labor day is expected to make itself felt in some degree.

It is true that the heavy industries, such as steel, are rather stagnant. But it is normally the consumers goods, or lighter lines, that contribute most of the autumn quickening.

Government Aid Seen. Most analyses of the autumn business prospects this year lean rather heavily on government spending to provide motive power.

Furthermore, some analysts suggest that in view of the pronounced lull in August, the autumn upswing may not get under way as rapidly as expected.

Nevertheless, the summer quiet has improved the position of many lines by giving them a chance to work off inventories. This is believed to be particularly true of textile.

Hope for a wide business recovery are now being directed to next spring. It is possible that by then the big potential expansion of credit which has been discussed so long may begin to move.

OWEN-OREGON TO PICNIC MONDAY

Workers and their families, and friends of the Owen-Oregon Lumber company will hold a Labor day picnic at the Elks picnic grounds Monday. The affair will be under auspices of the 4-L's, a mutual organization of lumber employers and employees.

There will be sports, music, dancing, plenty to eat, lots of the amber fluid, and a general good time. There will be a few short speeches, but most of the day will be devoted to relaxation and fun.

Banks and public offices will close Monday—a legal holiday. Dozens of Medford people plan to hie to the hills, for the last outdoor holiday of the year, and outing before school starts.

SINCLAIR'S COUP PUTS BOURBONS IN BAD DILEMMA

(Continued from page one)

started to make the most of the Sinclair victory. Senator Hastings of Delaware said: "A Socialist running on a Socialist platform and heartily endorsing the New Deal defeated a Democrat for the Democratic gubernatorial nomination, although a Democrat was an ardent supporter of New Deal policies."

"At least we are beginning to get things straight. The people who labored under the misapprehension that this is a Democratic administration are given another opportunity to see their mistake."

LOS ANGELES, Aug. 30.—(AP)—Dictatorship is held by Upton Sinclair, Democratic candidate for governor of California, to be the alternative to a program making the jobless workman and penniless farmer economically independent.

Launching his election campaign while belated primary returns were hotting his party plurality, the novelist and erstwhile Socialist said in an address last night that "the whole collapsing system" of capitalism must be replaced.

"Capitalism has served its time and is passing from the earth," he asserted.

Cites Germany. "In Germany," said Sinclair, "an obscene demagog has seized power; a great civilized nation has fallen into the hands of gangsters. Liberty is at an end."

"The Italian workers attempted to get possession of the factories, and what they got was Mussolini, subsidized by a \$200,000,000 loan from Wall street. American bankers, abetted by the government of President Harding, riveted the chains of bond slavery upon the people of Italy."

"And now we have the same breakdown in the United States. The same poverty and insecurity. The same kind of bond slavery. Can we free ourselves or will Wall street give us a dictator?"

SAN FRANCISCO, Aug. 30.—(AP)—If Upton Sinclair is elected governor of California, he says his first official act will be to pardon Thomas Mooney, convicted 1916 San Francisco Preparedness day bomber, who has applied to five governors for pardon without success.

Receive Cuts—David Bengtson, 25, of 107 North Peach street reported to city police last night an accident Aug. 28 at the intersection of Oak and Haven, in which he collided with an unidentified car, resulting in cuts and bruises to himself and to Minnie Moore of 506 Clark street, a passenger in his car.
