

PORTLAND BUTTER TRADE SLOWS UP, SURPLUS SHIPPED

PORTLAND, Aug. 31.—(AP)—Market for butter showed a trifle slower volume in the local field but shipping demand remained favorable and is taking care of most of the surplus. There was no price change for the day.

Market for fresh eggs was considered firm for all offerings except pullets, which were a trifle easy. Standard eggs, which were considered storage offerings were slow. Good demand prevailed all through the market for live chickens. Every sort was now wanted and at last advanced prices. Turkey demand was favorable for dressed stock. First offerings of Dillard casabas of the season were reported. The initial supply was brought in by W. E. Hercher. Priced 2 1/2c lb. to retailers. General steadiness and active movement suggest the position of the cantaloupe trade generally. Dillard stock continued below requirements. Good Yakimas were selling well. While there was no change in code figures, a fight in the tomato trade caused a general break in values although some sales were made up to the code or even higher.

Wall St. Report

NEW YORK, Aug. 31.—(AP)—Stocks held to a narrow groove today. Pre-holiday apathy prevailed throughout. Some nervousness was evident because of the labor situation—weakness of the British pound and industrial uncertainties. A few metals firmed, but the remainder of the list did virtually nothing. The close was steady. Transfers approximated 370,000 shares. Today's closing prices for 31 selected stocks follow:
