YOUTH CONFESSES LOCKING SISTERS IN ICE BOX TO DIE

Murder Charges Will Be Filed Against Unnatural Boy By Sacramento Authorities — Younger Brother Tells

SACRAMENTO, Cal., Sept. 6.—(AP)—Sixteen year old Cervino Paiva, who authorities said criminally attacked his two young sisters and locked them in an ice box to die of suffocation, faces murder charges here today.

The youth confessed, District Attorney Nell McAllister said, shortly after the funeral of the girls, Mary, 7, and Maryann, 6, yesterday. He was quoted by McAllister as declaring he locked his sisters in the ice box, knowing they would die, because they did not wash the dishes to suit him.

McAllister said two murder and incest complaints sworn to by Deputy Sheriff Charles Ogle, will be filed with a request the youth be turned over to the juvenile court for punishment.

Found by Parents

The little girls, two of 11 children of Mr. and Mrs. Henry Paiva, were found dead in the ice box at the parent's ranch at Wilton, near here, Saturday night. Mr. and Mrs. Paiva made the gruesome discovery when they and other children returned from a day of work in the hop fields.

Cervino confessed, authorities said, after his brother, James, 2, broke down and admitted he had seen the girls shut in the ice box, from which food and ice had been removed to make room for them.

Both boys had previously insisted the girls must have become accidentally locked in the box while playing, although Cervino admitted the criminal assault early in the investigation.

Opened Door Once

The younger brother told authorities that Cervino after closing the door once on the sisters, came back to look inside and found them crying.

"Cervino said he was going to kill them," James declared. "Then my biggest sister said 'don't hit me' and then he closed the door and went away to the hop fields. When we came back they were dead."

The older brother claimed, however, he opened the ice box door before leaving for the fields but the sisters refused to come out. "Maybe they wanted to die," he was quoted as saying.

McAllister said that if the youth is convicted he will probably be sent to the Preston school of industry until he is 21 and then will be transferred to San Quentin prison.

Certificate of nomination of J. E. Bennett, Portland, as an independent candidate for congress from the third district, was presented, but the nomination was refused and referred to the attorney general for a legal opinion.
