RESIGNATION OF MORE NRA HEADS SEEN ON HORIZON

(Continued from page one)

recently to President Roosevelt, only to change his mind later.

Resignation of a division administrator also is impending, it was said, as a result of the latest disagreement between NRA and industry—which resulted last week in the resignation of the national retail solid fuel code authority in a body.

George Houston, whose division has jurisdiction over coal dealers, said, however, he would remain "until I am told my job is done."

Another To Leave

Another division administrator, C. E. Adams, will leave soon. He was understood to desire to return to full time duty as president of Air Reduction and U. S. Industrial Alcohol.

Dr. Charles F. Roos resigned last night as chief of the research section of the research and planning division. He will become professor of economics at Colorado college.

More than a dozen others are leaving posts with research planning, and the labor advisory and the consumers advisory boards. Officials insisted the departures were not prompted by dissatisfaction with NRA but were rather a fall exodus of teachers and professors to resume old posts. There were no indications of any steps to fill the vacated places.

HYDE PARK, N. Y., Sept. 11.—(AP) President Roosevelt and Gen. Hugh S. Johnson, NRA administrator agreed today upon the principles of an immediate reorganization of NRA to eliminate overlapping functions and provide for simplifications of this vital recovery unit.

Another night conference at the summer White House developed the agreement for establishment of the NRA on the same basis as the federal government with three separate branches—executive, judicial and legislative.

Johnson is going ahead as head of the executive branch and will continue the re-organization planning with the president in conferences still to come.

The judicial branch of NRA will take care of labor disputes and also assume the duties of the code authorities.

The legislative agency of NRA will be the policy fixing department. After laying down this ground work of principles for the temporary future of NRA pending enactment of legislation, the president and Johnson put aside the mass of details for further study.

Simplification Aim

The immediate objective was to reach for simplification of the vast NRA machinery and to eliminate the great mass of overlapping functions.

The president had an imposing list of callers today, including Postmaster General Farley, Governor Ely of Massachusetts, and Myron C. Taylor, chairman of the board of the United States Steel corporation.

All were together at luncheon.

J. C. Penney, chain store operator and a neighbor of this vicinity was another guest who was invited for tea late today.

VOTER REGISTRY ENDS OCTOBER 6

Saturday, October 6, is final date for voters to register for the general election, November 6, and the county clerk's office today issued a call for all legal voters to come forward and register on or before the final date, if they care to exercise their franchise in the general election. The Oregon law provides the registration books shall be closed 30 days before the general election and no registration accepted thereafter.

Any resident of a county who has not voted in a two-year period, is eligible for a new registration. Re-registration is not required for those who voted at the last election.

Checking of the registration books with the poll-books for the last election, is now under way by the county clerk.

A decline in registration figures is forecast. In the 1932 general election registration passed the 19,000 mark for this county. This was an abnormal number. Normal registration is between 13,500 and 14,000 names. Many of the 1932 registrations were by transients and residents of nearby counties. Many of the latter class have transferred back to their home counties.

JACKSONVILLE STAGE OPERATOR IN COURT

A jury in Justice of the Peace William R. Coleman's court today is hearing testimony in the trial of Fred W. Bartley of Jacksonville, charged with operating a common carrier without proper license. A second complaint charges operation of a carrier without a Public Utility Commission license. Bartley operates an auto stage between this city and Jacksonville. The complaints were filed by the state police.

Bartley has appeared in court on similar charges previously, when leniency was extended by the court.

BIRTHS

Born to Mr. and Mrs. V. L. Chapman of Prospect, a baby girl weighing eight pounds, five ounces, Saturday night at Purucker's Maternity home.

Mr. and Mrs. V. L. Chapman of Prospect are the parents of a daughter, weighing 8¼ pounds, born September 8 at the Purucker Maternity home.

Born September 10 to Mr. and Mrs. E. A. Calkins, a daughter, weighing 7¾ pounds, at the Purucker Maternity home.

Born at the Purucker Maternity home September 11, to Mr. and Mrs. James Halver, a son weighing 7¼ pounds.

In Memorian
Amanda Fehl

"Behold the lilies as they grow—they toil not, neither do they spin. Yet I say unto you that Solomon in all his glory was not arrayed as one of these."

But the glory of the lilies is not so pure as the soul of this aged and saintly mother—the mother of Judge Fehl. Purer than the lilies!—yet unlike the lilies, her hands were worn with toil, her heart was gripped with sorrow, her head was bowed in prayer, but her radiant soul was young, eternally young, with the inspiration of a perfect faith.

During the last year she dwelt on the borderland looking into two worlds—looking with eyes that see and there was revealed unto her great truths and visions.

Not so long ago when I was far away from here she sent to me the following message and I feel that she wishes me to share it with you here today. There are her words, which I speak in a spirit of deep reverence: "Oh! how I miss my son, yet I cannot complaint, for the Mother of Jesus suffered when her son opened the Door to the Kingdom for all to follow. So our Hope is beyond the veil, but His Grace is sufficient to keep us steadfast, immovable, always abounding in the works of the Lord, for we know our work is not in ruin if in the Lord. God only, can bring justice and re-establish a pure people on earth, and this He has promised us in due season.

"So we are looking forward with hope, as we see the world today in the greatest turmoil. Men's hearts are failing for fear of what is ahead. Their prayers have been ascending upward for over nineteen hundred years, for the dawn of this day.

"So we are to put on the whole armor of God and the breast-plate of righteousness and to press on to the high calling in God through Christ Jesus our Lord.

"Now, my dear friends, may God help you in every good work you have been so faithful in discharging, every duty in your power to bring justice and harmony. From a friend, to my friends—God bless you, is my prayer."

Surely, no words of ours could possibly be as eloquent as her own, which fall like a benediction upon all, especially upon that beloved and absent son.

Surely, the close of her earthly life is like the close of a perfect day—"a radiant sunset, beautiful as blessings when they take their flight, dilates and kindles into rest."

COURT TO SELECT BUDGET DRAFTERS AT MEETING SOON

Selection of the 1934 budget committee is expected to be considered at the regular meeting of the county court tomorrow. The first meeting of the budget committee is expected to be held the final week of September, and the budget for the coming year completed, as required by state law, on November 1.

Prominently mentioned for the new budget committee are State Senator George W. Dunn of Ashland, W. F. (Toggery Bill) Isaacs of Medford, and W. J. Freeman of Central Point.

The county court desires to select a budget committee that will give each of the main divisions of the county representation. One of the difficulties encountered is to get citizens acquainted with business and tax conditions, and other angles, who are willing to make the sacrifice in time away from their own affairs, necessary for preparation of the budget. The county court sits with the budget committee in the sessions.

County departments are now preparing their budget estimates for the coming year. They follow closely the amounts of last year, with the usual small increases. Many of the county offices have been working shorthanded the past year. It is not expected that any will close the year with a deficit, though it will be close shaving. No unanticipated expense came the past year, to upset the budget, such as was experienced by reason of the Banks-Pehl turmoil trials. Some of the budget items, however, will be for expenses incurred in restoring community peace.

Schol, road and relief funds, including old age pension allowance, are scheduled to be the main problems confronting the budget committee.

GAS FOR ROOT BORERS URGED FOR CONTROL OF STONE FRUIT PEST

Peach, prune and apricot growers are advised to apply control measures for root borers at this time, according to the information issued by County Agent L. P. Wilcox. The gassing of borers by means of paradichlorobenzine is highly successful if applied in the right manner within the next ten days.

The treatment is as follows: Level off the ground around the tree trunk without disturbing the subsoil, then apply three-fourths to one ounce of paradichlorobenzine crystals in a continuous circle of an inch wide around the tree trunk, one to two inches distant from the tree. A few shovels full of fine soil should then be placed upon the chemical and firmed well.

The application of this material to trees less than four years old may cause injury to the cambium layers and feeding roots. One-half ounce of the chemical may be used in case of these young trees providing the soil containing the material be moved away from the tree after a period of three weeks.

The crystals slowly give off a gas that is heavier than air which settlers in around the tree and causes a killing of borers within their tunnels. For best results the soil should be dry and air temperatures 55 degrees or warmer.

Meteorological Report

September 11, 1934

Medford and vicinity: Fair tonight and Wednesday. Slightly warmer tonight.

Oregon: Fair south and cloudy with local showers north portion tonight and Wednesday. Slightly warmer south and central portions tonight.

Temperature a year ago today: Highest 83; lowest 44.

Total monthly precipitation, none; deficiency for the month .10 inches.

Total precipitation since September 1, 1934, none. Deficiency for the season 10 inches.

Relative humidity at 5 p. m. yesterday 22 degrees; 5 a. m. today 70 degrees.

Tomorrow:
Sunrise 5:48 a. m. Sunset 6:26 p. m.

S. F. Butterfat

SAN FRANCISCO, Sept. 11.—(AP)—First grade butterfat, 28c, fob., San Francisco.

Wall St. Report

NEW YORK, Sept. 11.—(AP)—Stocks moved uncertainly today. Sentiment was mixed and speculative enthusiasm only luke-warm. Just how much the list was influenced by the Maine election results was a matter of argument. The metals displayed some resistance, but small gains and losses were the rule elsewhere. The close was irregular. Transfers approximated 600,000 shares.

Today's closing prices for 32 selected stocks follow:

Al. Chem & Dye	136
Am. Can	95¼
Am. & Fgn. Pow.	5½
A. T. & T.	113
