

### JOHN O'DEA HERO OF OLD GRIDIRON SHEDS INCOGNITO

#### Man Who Set Great Record As Kicker in Late 1890's Still Very Much Alive — Vanished 20 Years Ago

SAN FRANCISCO, Sept. 19.—(AP)—The Chronicle today said Patrick John O'Dea, middle west football sensation of the late 1890's, has turned up in San Francisco to smile at recent suggestions he may have been killed in the world war.

The Patrick John O'Dea, who for four years on the University of Wisconsin team established himself as one of the greatest kickers of football, is very much alive, the paper said.

**Took New Name.**  
Since he vanished nearly 20 years ago from the world, O'Dea has taken the name of Charles J. Mitchell, and as such is now secretary-manager of the Westwood, Cal., auto club and chamber of commerce.

O'Dea was quoted as declaring that he decided to disappear from San Francisco, where he had been practicing law, and assume the name of Mitchell because he found his football fame a handicap in the ordinary business of life.

"I was very happy as Mitchell for a while. Mitchell was my mother's name, and Charley that of a cousin I like. Later, I often found it rather unpleasant not to be the man I actually am. So, if you want to write for the rest of my life, write it. Perhaps, I should never have been anything else. Mrs. O'Dea always thought so."

MADISON, Wis., Sept. 19.—(AP)—Pat O'Dea, who is reported to have revealed his identity in San Francisco after concealment for more than two decades, is enshrined in the memory of University of Wisconsin students and alumni as a football superman.

O'Dea appeared at Wisconsin one day in 1896 when his brother, Andy, was crew coach and football trainer here. He came from Melbourne, where he had been called the greatest kicker in the Antipodes and a member of the all-Australian honorary team.

In his first game for Wisconsin in 1896 he punted five times and averaged 50 yards per kick. A broken arm kept him out of competition for the remainder of the season.

O'Dea electrified the crowds with his kicking during the next three years. In 1897, records here show, he ran back a Minnesota punt 20 yards and then, as opposing players closed in, drop-kicked 42 yards from within five yards of the sideline for a field goal. Against Chicago three weeks later he counted a field goal on a drop-kick of nearly 50 yards.

### TIGER SCHOOLBOY BLANKS YANKEES

(By the Associated Press.)  
The Detroit Tigers were credited today with another outstanding baseball feat as they continued their career toward the American league pennant. They not only had beaten the challenging Yankees twice but they had shut them out two days in succession as they built their lead up to 7½ games.

That shut had not been done in over five years, not since the Browns inflicted three whitewashings in a row on the Yankees back in 1929. Following Al Crowder's 3-0 triumph Monday, young Lynwood Rowe came through yesterday to limit the New Yorkers to six hits and win, 2 to 0.

The Tigers need only two more victories over the Yankees or four more victories, regardless of the outcome of all New York's games, to clinch the flag.

### SNAP SHOTS FROM THE COAST FOOTBALL FRONT

MOSCOW, Idaho, Sept. 19.—(UP)—A spirited scrimmage session marked work-ups of the Idaho Vandals as Coach Leo Calland prepared for the season opener against Washington.

September 29, Cy Geraghty, quarterback, and Theron Ward, fullback, stood out at ball carrying.

SEATTLE, Wash., Sept. 19.—(UP)—Sephmore Walt Rohrschell sparked as the Washington Huskies went through another heavy day's drill. Rohrschell, an end, may step into the shoes left vacant by all-American Bill Smith, who graduated.

Work of Homer Tipton, soph fullback, also drew praise from Coach Jimmy Phelan.

PULLMAN, Wash., Sept. 19.—(UP)—Big Buck Bailey, good-natured Texan, and Coach Babe Hollingbery's right-hand man, put Washington State linemen through a stiff drill on Rogers field today. Hollingbery worked with his backs. A stiff scrimmage session followed, with fleet-footed Ollie Arbelide, halfback, starting.

CORVALLIS, Ore., Sept. 19.—(UP)—Another right halfback was in evidence during Oregon State football practice today when Chuck Prall was shifted to that position from left half. Prall blocked viciously and may oust Tom McIntosh from the position.

EUGENE, Ore., Sept. 19.—(UP)—Del Bjork appeared today to have won the guard position left vacant by graduation of Bree Cuppola. Bjork parked through a training session under Coach Frank Callison. Roy

Gagnon, veteran, held down the other guard post.

STOCKTON, Calif., Sept. 19.—(UP)—Coach Amos Alonso Stag of the College of the Pacific was faced this week with the problem of developing a backfield trio to take the place of Wilson, Hamilton and Stobridge, three spark plugs of last year's attack, all of whom were graduated. The Tigers open September 29 against U. S. C.

PALO ALTO, Calif., Sept. 18.—(UP)—Stanford does not intend to be caught in their opening game with San Jose this year without a passing attack. Determined not to be held down to seven points for three quarters, as they were last year, Tim Thornhill's men will devote the remainder of the week to intensive passing drills for their opener Saturday.

BERKELEY, Calif., Sept. 19.—(UP)—Jim Carlyn, speedy halfback from San Mateo Junior College, was the stand-out performer at the California practice session today. Coach Bill Ingram and Carlyn, speedy and with a great change of pace, looks like the best safety prospect California has had in recent years.

SANTA BARBARA, Calif., Sept. 19.—(UP)—Down at Santa Clara, today they said that new backfield men are so good that Frank Sobrero, famous "stilt" passer of last season, is going to be lucky to get his job back. The influx of junior college and fresh reinforcements has been so great that the only two members of last year's team who have their positions assured are "Salty" Salatiello, half, and Nick Spadefore, left guard.

### ARMY OF HUNTERS WILL TAKE WOODS FOR ELUSIVE DEER

According to appearances, the deer in southern Oregon will need to be plentiful if each of the many hunters leaving town today is to even get glimpses of one. Several parties have already left for the Lakeview district in quest of multital deer. Among Medford enthusiasts making that trip are Harry Skyrman, and with him are William Skyrman, Ivan Skyrman, Archie Storm and Jess Storm. This group has held parties in the eastern Oregon country for five years and never failed to bring back venison.

Another band of hunters, including Larry Schade, A. B. Cunningham, Roland Hubbard, Everett Brayton, Bert Orr and Al Sells, will try their prowess near the Diamond Lake road. H. P. Lill, E. S. Dowling, F. C. Bahl and G. V. Taylor comprise yet another party and will hunt near the Fremont national forest on the coast.

Chas. Reames and Ford McCormick have gone to eastern Oregon also, and, since this is Mr. McCormick's first hunting trip, he recently having moved here from Georgia. They intend to stay at least until they get one buck. Most of the parties will return on Sunday.

### BAER IS MAGNET IN SALEM MEET

SALEM, Sept. 19.—(AP)—The armory here wasn't quite large enough to hold the wrestling fans that turned out last night to see Max Baer, world's heavyweight boxing champion, referee the main event between Robin Reed and Wayne Stumbaugh, of Taff, Cal. An estimated crowd of 3000 jammed every bit of available floor space.

Reed defeated Stumbaugh two out of three falls, but succumbed to an airplane spin by Baer, after he had succeeded in besting the champion's shirt from his back.

Cowboy Helms, Burns, won two out of three falls from Rod Fenton, Canada, in the semi-windup, and Pascual Costello bested Don Sugar in the opener.

### WRESTLING WAITS LILLARD'S RETURN

Although two belligerent grapplers—Pete Belcastro, Italian, and Bob Kenaston, 200-pound marine sergeant of Gold Hill—are tentatively lined up for a match here in the near future, there will be no wrestling card at the armory tomorrow night, as Promoter Mack Lillard is vacationing from his duties for several weeks along northern Oregon beaches.

Belcastro and Kenaston have not been signed, but are receiving full support of Medford fight fans for the next bout at the armory.

In a letter recently received from Promoter Mack Lillard, it was revealed that Sergeant Kenaston may see action immediately upon Lillard's return, and that Belcastro is the most popular prospect for an opponent.

The marine grappled on local mats some time ago as "Young Goch," and is known as one of the most reputable products of the valley in the grip and grime game.

### 30,000 WILL SEE LEWIS, LONDOS GO

CHICAGO, Sept. 19.—(AP)—Thirty thousand spectators are in prospect for a wrestling match, billed as a world heavyweight championship affair between Jim Londos, generally recognized as titleholder, and Ed (Strangler) Lewis, a former champion at Wrigley Field tomorrow night.

The match will headline a charity program, sponsored by the Chicago Tribune. King Levinsky will return to the boxing ring in a ten round bout with Art Sykes of Elmira, N. Y.

### KLAMATH RAM SALE SEES HIGH PRICES

KLAMATH FALLS, Sept. 19.—(AP)—Bringing a top price of \$120, some of the best Rambouillet rams in the country went on sale here yesterday in the first southern Oregon ram sale.

It was decided to make the auction, sponsored by the Oregon Wool Growers' association, an annual event. Sheepmen from many parts of the west were here for the event, and more than 400 purebred rams were sold.

Walk upstairs and save \$10. Banker's gray suiting, \$21.50, made to measure. Klein the Tailor.

### TIGER CANDIDATES DROP POUNDAGE IN EARLY WORK-OUTS

#### Average of 5 Pounds Per Man Sweated Off in Two-Hour Drill—More Turn Out for Burgher's Inspection

(By Dick Applegate.)  
Two hundred and twenty-five pounds of football player dropped off the Medford high school squad last night, as a direct result of not being able to "take it" in the hard going. The poundage represents no one player, however, but an average of five pounds per man for the entire squad.

Superfluous flesh, acquired during the summer, was sweated off in a two-hour drill, the players showing more of an inclination to work than was in evidence the first night. Last night the squad increased to 45 members, a gain of 10 over the previous evening, although several of the players expected to report have not done so. By the end of the week the outfit should be complete.

Further hardships were encountered with the new style ball, in spite of which the punting was beginning to show improvement. Coaches Burgher and Kirley believe that the new ball is harder to snag at the receiving end of a pass, but will be easier to throw. Ends Hinman and Pierce seemed to be having no great difficulty in receiving however. In the passing practice, Brown and Dickerson both showed ball hawking instincts, and were knocking down enemy losses regularly. Bob Smith again shone on the punting end.

The eyes of the coaches are hopefully glued upon any of the new backfield men who are apt to be able to kick or block, with nothing phenomenal putting in an appearance so far. Most of the team's weaknesses are expected in that division, with some trouble at the pivot post.

Scrimmage is to start some time next week, and it is then the defects and strength will begin to become apparent.

### ELKS TO FINISH SMOKER PLANS

With the biggest lodge party in the history of the local B. O. E. being planned for the 25th anniversary smoker to be held Thursday, September 27, Exalted Ruler H. N. Butler has announced a regular session of the lodge for tomorrow night. Plans will be discussed and decisions made for the big stag feed, at which crab and beer will play the lead roles.

In preparation for the silver anniversary, and in co-operation with the general trend toward beautifying the city, the Elks have let the contract for cleaning and trimming the outside of the beautiful temple on Central avenue, low bid having been submitted by Guy Wilday. Hubbard Brothers will furnish the materials. The improving is to cost \$225.

More tear gas guns were brought into play at Waterville, Me., a new high tension spot on the textile map.

Bad Hit in Maine.  
The striking in Waterville, outside the Lockwood Manufacturing company mill, was the worst outbreak of the current strike in Maine. Six men were arrested, and national guardsmen were dispatched to the scene.

Scores of windows in the plant were shattered.

Police in Indianapolis, Ind., investigated reports of disorder in connection with the strike at the Indianapolis Bleaching company. They were informed that a bus carrying workers to the plant had been stoned and several windows broken.

Gaston county, N. C., remained a sore spot of the strike. At Belmont, N. C., 300 residents who organized as vigilantes last night "to re-establish law" watched developments.

### JOHN BIRMINGHAM DEAD THREE DAYS, IS FOUND IN HOME

seen by neighbors. Officers and the deputy coroner found no evidence of foul play, they said.

Birmingham had no living relatives known to local authorities, but was well known in the city. He came to Medford 23 years ago, and had been employed at the Medoc orchard for the past 12 years. Deputy Coroner Brown notified two close friends, Wm. O'Hara of 235 North Holly, and Merts Otterdahl of Corvallis, formerly chief telephone operator here.

While Birmingham's house and personal effects indicate that he was not wealthy, he owns considerable property in the neighborhood of Beekman and Peach streets.

### THIRD YACHT RACE POSTPONED DAY TO WAIT BETTER WIND

#### Flat Sea and Only Occasional Puff of Breeze Forces Lay-Off in Contest of Endeavor and Rainbow

ABOARD U. S. CUTTER ARGO OFF NEWPORT, Sept. 19.—(AP) The third race for the America's cup between the British challenger Endeavour, victor in the first two, and the defending sloop Rainbow today was postponed until tomorrow for lack of a breeze.

The postponement came only a few minutes before 12:30 p. m. (E. S. T.), the deadline beyond which a race cannot be started under cup rules.

Sea Like Pond.  
The sea was as flat as a millpond with only an occasional puff of wind out of the southwest to ruffle the waters and not enough to give any hope of sailing the race under the time limit of five and one-half hours.

The postponement probably would have been made sooner but the race committee held off until the last moment so that President Roosevelt could see the start before starting back for his estate on the Hudson in the yacht Nourmahal, from which he witnessed the first two races.

Both yachts lay near the committee boat, rolling slightly in the swell but with their sails hanging slack.

Second Postponement.  
It was the second time in five days the wind had deserted the boats. Saturday they started but were un-

able to finish under the time limit and the race was declared "no contest." Rainbow was leading only a half mile from the finish line when time ran out. She admittedly is a better boat in light airs.

Another attempt will be made tomorrow to send them away at 10:40 a. m., the scheduled starting hour. The postponement signal was blown from the committee boat Wilhelmina at 12:20 p. m.
