## LINDY KIDNAP SUSPECT ARRESTED

**News Behind The News**  
By PAUL MALLON  
WASHINGTON, D. C., Sept. 20.—President Roosevelt has completely lured the skippers and the crew of the NRA ship where they are sailing; nor are they sure who is in charge of the ship.

Until two weeks ago it was fairly clear to all NRA insiders that the liberal Mr. Richberg was getting the inside track at the White House. He had the reorganization plan which had been submitted to the President.

His prestige grew when the labor board announced its decisions in the Houde and Kohler cases. In both these cases the board altered the old Johnsonian labor policy (expressed in the automobile strike settlement).

That showed very clearly the way the wind was blowing, but then it was suddenly announced that Chairman Garrison of the labor board was packing up to go home. The acceptable excuse was offered that he had to get back to his college work. Yet his associates began to wonder whether his newly announced labor policy accurately reflected a change in Mr. Roosevelt's view, or whether he was in conflict with the administration.

### Part of Ransom Recovered; Long Chase Near End

NEW YORK, Sept. 20.—(AP)—Bernard Richard Hauptmann, 35, unemployed Bronx carpenter, was arrested today as the receiver of \$50,000 ransom money paid in the Lindbergh kidnap case, and later identified positively "by witnesses" to the passing of the ransom bills.

Police Commissioner John O'Ryan announced the identification shortly after 6 p. m. His reference to the identification "by witnesses" to the passing of the ransom money was taken to mean Dr. John F. Condon, the "father" of the ransom negotiations who passed the money to a supposed emissary of the kidnapers over a wall of St. Raymond's cemetery in the Bronx.

NEW YORK, Sept. 20.—(AP)—Bernard Richard Hauptmann of the Bronx was arrested today as receiver of \$50,000 ransom money paid by Col. Charles A. Lindbergh in a fruitless effort to recover his kidnapped son, and authorities recovered \$13,750 of the ransom money.

Announcement of the arrest was made by Police Commissioner John O'Ryan, acting as spokesman for the department of justice, New Jersey state police and his own department.

O'Ryan said Hauptmann was an alien illegally in this country, having entered this country as a stowaway 11 years ago.

Hauptmann is about five feet eight inches tall, and weighs about 150 pounds. He wore a grey checked suit, light brown hat, blue shirt, blue patterned tie and brown shoes. His features are regular, but distinguished by sunken grey eyes, and long, straight nose, and his hair is a shade between brown and red.

His clothing appearance was that of a laborer. His clothes were of good material, but shabby.

His appearance was that of a laborer. His clothes were of good material, but shabby.

### Unaware of Developments

According to Jack Maddux, air transport executive and host to Col. and Mrs. Lindbergh on their visit to California, the famous flying couple had no information on the arrest in New York in connection with the kidnaping of their son. The Lindberghs are shown above accepting delivery in St. Louis of the plane with which they started their westward flight a few days ago.

WASHINGTON, Sept. 20.—(AP)—Arrest of Richard Hauptmann in New York City in connection with the Lindbergh kidnaping was announced today by Attorney General Cummings.

Cummings said "Hauptmann is known to have passed some of the Lindbergh ransom money and to have had a substantial amount of it in his home at the time of his arrest."

NEW YORK, Sept. 20.—(AP)—Bernard Richard Hauptmann, under arrest as receiver of Lindbergh baby ransom money, has a home at 1379 East 22nd street, the Bronx. It is two-story and attic studio building on the northwest corner of Needham avenue. In some respects the district resembles the country from which the Lindbergh baby was kidnaped. It is heavily wooded and Needham avenue is like a country road, unimproved and heavily rutted.

A woman was on the sidewalk afternoon for two young children this afternoon. At the back of the building on the east side of Needham avenue is a wooden garage twelve feet by eight feet.

Four automobiles, two of them equipped with New Jersey license plates, were parked outside the garage and, according to neighbors, had been there for nearly two days. It was understood that some at least were police cars. The doors of the garage were open, the garage flooring had been torn up. A hole two feet wide had been dug in the rear. A pitchfork was imbedded in the hole.

The crowd became so large that traffic in the block in which the station is located was closed to traffic, and a number of detectives moved through the mass of people.

### RAINBOW WINNER THIRD RACE FOR AMERICA'S CUP

Defender Overcomes Six-Minute Lead Of British Challenger — Count Now Stands Two And One.

ABOARD U. S. C. G. CUTTER ARGO OFF NEWPORT, Sept. 20.—(AP)—Aby handled by Harold S. Vanderbilt, the American defender Rainbow came charging through the windward leg of the 30-mile leeward-windward course today to overcome a six-minute 40 second advantage Endeavour held at the halfway mark and scored her first victory in three races over the British challenger.

The victory made the one two races for Endeavour and the count for Rainbow's margin of victory was three minutes, two seconds.

The official finish was: Rainbow 3:15:34; Endeavour 3:19.

### PARK CONCESSIONS CLOSE FOR SEASON GATES STILL OPEN

CRATER LAKE NATIONAL PARK, Ore., September 20.—(Sp)—Today marked the official closing of the Crater Lake national park company concessions at this resort for the 1934 season. While hotel, housekeeping cabin and cafeteria accommodations are now no longer available, the park will continue to be open as long as weather conditions are favorable. This will probably mean that travel will be possible until November.

Camgrounds at Annie Springs, the firm and other sections of the park will be in operation as long as travel continues. Of late travel, possibly inspired by ideal Indian summer days, has been holding better than expected. Approximately half a thousand people daily are entering the park, bringing the total for the season so far up to practically 115,000 people. As usual, California is leading the list for first entry travel.

The Crater Lake national park authorities also announce that special efforts are being taken to patrol the boundaries of the park area to hold back venturesome hunters who would invade the park domain in quest of deer. A heavy sentence awaits any hunter who is found on forbidden territory.

### PHIPPS BROTHERS GET FIRST DEER

The first deer of the season to terminate his career on the receiving end of a local hunter's bombardment was chucked up for Dwight and Dolph Phipps, who killed the animal at Soda Mountain this morning.

A report from the CCC checking crew stationed on the forest road trails and campgrounds indicate a greater number of mtnoeds in the hills than for a good many seasons past, with most of the men expressing their whole-hearted approval of the new fire-prevention program.

### PLAN TO AROUSE PUBLIC INTEREST IN BETTER HOMES

Local Campaign To Take Advantage Of Federal Loan Plan For Repairs Mapped By Chamber.

Definite steps in the local better homes campaign, a part of the national program for modernizing property through government loans, were taken yesterday afternoon in a meeting of the executive committee recently appointed by B. E. Harder, chairman of the housing administration for Jackson county.

Mr. Harder and A. H. Danwell, manager of the Jackson County Chamber of Commerce, met with the committee, composed of H. A. Thieroff, chairman, Frank Runtz, Fred Fick, E. G. Trowbridge, O. O. Alenderfer and T. H. Fletcher. The group announced a program of publicizing the loan system through newspaper advertising, pamphlets, and public talks, with the cooperation of the building trades of the community. Work of getting the public interested in the drive is under the direction of a committee composed of Alenderfer, Fletcher and Barwell, combined with the regular Chamber of Commerce publicity committee.

### BIRMINGHAM DIED OF NATURAL CAUSE

At a coroner's inquest held yesterday afternoon at Perl Funeral Home, into the death of John P. Birmingham, 70, whose body was found Tuesday night in his small house at the rear of 710 Beekman street, a verdict of death from natural causes was returned. The condition of the body, which was badly decomposed, due to the fact that Birmingham evidently passed away Saturday night, made a complete autopsy impossible, but the opinion of Coroner Frank Peri was that the aged man probably died of heart failure.

The jury was composed of George Henselman, Ray Frisbie, Henry Frederick, Paul Luy, Jack Hughes and F. J. Robertson. Witnesses were Officer Joe Cave, Deputy Coroner Herbert Brown, County Physician C. I. Drummond and John Polley, the neighbor who notified police.

WILL ROGERS says:  
EDINBOROUGH, Sept. 19.—I been coming over since 1906 when I first worked on the stage in London, and do you know I had never been to Scotland before, and I want to apologize for being so dumb. It sho' is pretty.

### SUSPECT KNOWN TO HAVE PASSED RANSOM MONEY

WASHINGTON, Sept. 20.—(AP)—Arrest of Richard Hauptmann in New York City in connection with the Lindbergh kidnaping was announced today by Attorney General Cummings.

Cummings said "Hauptmann is known to have passed some of the Lindbergh ransom money and to have had a substantial amount of it in his home at the time of his arrest."

NEW YORK, Sept. 20.—(AP)—Bernard Richard Hauptmann, under arrest as receiver of Lindbergh baby ransom money, has a home at 1379 East 22nd street, the Bronx. It is two-story and attic studio building on the northwest corner of Needham avenue. In some respects the district resembles the country from which the Lindbergh baby was kidnaped. It is heavily wooded and Needham avenue is like a country road, unimproved and heavily rutted.

A woman was on the sidewalk afternoon for two young children this afternoon. At the back of the building on the east side of Needham avenue is a wooden garage twelve feet by eight feet.

Four automobiles, two of them equipped with New Jersey license plates, were parked outside the garage and, according to neighbors, had been there for nearly two days. It was understood that some at least were police cars. The doors of the garage were open, the garage flooring had been torn up. A hole two feet wide had been dug in the rear. A pitchfork was imbedded in the hole.

The crowd became so large that traffic in the block in which the station is located was closed to traffic, and a number of detectives moved through the mass of people.

### THREE FIRES, SET IN STERLING MINE AREA CONTROLLED

Three more incendiary fires, all in the Sterling mine district of the Applegate, have been reported and, due only to prompt action on the part of residents of the district and Applegate CCC members in keeping the fires from gaining a foothold in the parched timber, the fires are all under control today with 18 men of the CCC mopping up.

The fire was reported yesterday at 12:45 at the Star ranger station, and at 12:47 the men were on their way. The farmers of the district, fearful lest their homes go up in flames, as did those of others in the disastrous Poorman creek blaze of September 4, assembled immediately at the danger points, and with shovels and improvised fighting materials, kept the flames in check long enough for the regulars from the camp to arrive.

Forestry officials are investigating the fires today. Further incendiary, unless checked, will cause an alarm, unless checked, will cause an alarm, unless checked, will cause an alarm.

### DIAMOND SALESMAN IS KIDNAPED, ROBBED

OAKLAND, Sept. 20.—(AP)—Kidnaped in downtown Oakland, Frank L. Enos, diamond salesman, was robbed of \$20,000 worth of precious stones.

A "movie type" robber accosted Enos as he was entering his machine yesterday and gathered up all the gems in his sample case.

### MEDFORD SCHOOL ENROLLMENT UP

A gratifying increase in school enrollment in the city has been reported by Acting Superintendent of Schools C. G. Smith. For the first time in several years, an increase of over six per cent has been made. The exact increase over the same time a year ago is now 6.4 per cent. Three years ago the enrollment began to fall off, the next year it held its own, and last year showed a loss.

The principal gain has been made, according to Smith, in the Jackson and Washington school districts, with the rate of increase at the Junior high school slightly higher than that of the Senior high.

To take care of the increased load, some half-time teachers from last semester have been put on full time, and no difficulty is anticipated.

### TEXTILE PEACE IS TALKED AT LUNCH

Complete figures on the attendance will be given out from the superintendent's office as soon as they have been checked, probably on Saturday, Smith said today.

President Roosevelt, Secretary of Labor Frances Perkins and Governor John G. Winant of New Hampshire, chairman of the President's textile mediation board, were to meet at the conference table.

### HORN BROOK HAS COSTLY BLAZE

ASHLAND, Ore., Sept. 20.—(AP)—The Methodist church, five residences and a warehouse burned to the ground in Hornbrook, Calif., last night in a fire which started in a vacant house and spread to the other buildings. The fire was believed to have been started by children playing with matches around the vacant house in the late afternoon. Men and women were called out from nearby CCC camps and it was near midnight before the flames were checked.

### GAS CO-OP NEAR DELIVERY STAGE

Articles of incorporation have been received by the Jackson County Supply company. The corporation now has a membership of 105, and will, after a few preliminary meetings, begin delivery of gasoline to members.

A committee meeting has been called for Saturday night, at 8 o'clock at the Central Point Grange hall, and a stockholders meeting will be held some time next week.

Tanks of the new corporation will be maintained in Central Point, according to word received here today.

### \$3.04 FOR BARTLETT'S IN CONNER SHIPMENT

Guy W. Conner, Inc. of this city, today announced the highest price for this season for railway Bartlett's sold on eastern markets.

Conner reports that a telegram this morning advised him that his firm had sold on the Chicago market a car of Bartlett's at \$3.04 per box for extra fancy, and \$2.75 for "anicles. On the same market, Bovee sold at \$2.13 and \$2.09 per box.

### SUICIDE VERDICT TIMMERMAN CASE

That J. P. Timmerman, 70-year-old rancher who lived near the summit of the Greensprings on the Klamath Falls highway, committed suicide Tuesday evening shortly before he was found in his cabin, mortally wounded from a bullet wound, was the verdict turned in this morning at a coroner's inquest held at Ashland.

District Attorney George Coddling who questioned the witnesses in the case, stated the only apparent reason for Timmerman's act was that he had become "tired of living."

Coddling stated that Timmerman had told Russell Miller, a neighbor, that he didn't want to live any longer some time before he shot himself.

### HOWARD GAULT IS DEPUTY SHERIFF

Howard Gault, secretary of the justice court, Medford today, and a law student, was today named by Sheriff Walter J. Olmscheid as office deputy to fill the vacancy caused by the sudden death last Friday night of Miss Olga E. Anderson.

Gault will assume his new duties soon, but no definite date has been set.

Sheriff Olmscheid said he made the appointment from a long list of applicants, and chose Gault because of his knowledge of laws, chaste, temperate, wife, and other legal moves, with which an office deputy must be familiar. The appointee served under Justice of the Peace Glenn Taylor for five years, and is thoroughly acquainted with all the multifarious duties that will confront him.

### GANGSTER DIES PRAYING BEFORE GUNS OF ENEMIES

BROOKLYN, N. Y., Sept. 20.—(AP)—This is how Fred Booc; died today—at half past midnight—in the Christoforo club at 553 Metropolitan avenue—with four bullets in his body.

He died praying, this 37-year-old gambler and former felon who once did time in the New Jersey state prison at Trenton on a shooting charge.

### CHILDREN INJURED WHEN GIVEN RIDE BY TRUCK DRIVER

Stanley and Neoma Smith, 12-year-old children, respectively, of Ralph Smith, Applegate rancher who lives two and one-half miles beyond Ruch on the Big Applegate highway, suffered serious injuries, and Betty Brod, 9, a neighbor's child, was hurt less seriously on the road near Ruch yesterday afternoon at 5:30, when they fell from the rear of a averting truck, whose driver, authorities said, was intoxicated. The driver, Edward J. McQuah, 41, a transient who gave his address as California, was arrested shortly after 6 o'clock by state police, on charges of drunken driving.

Stanley was treated for scalp wounds, a dislocated shoulder, and face cuts, while his sister received a wrenched arm, cuts and bruises on the face and knees. Betty Brod escaped with minor cuts and scratches.

McQuah was placed in the county jail, but released this morning, having been arraigned before Justice of the Peace Wm. R. Coleman. The hearing was postponed until tomorrow, to enable police to make a more thorough investigation. McQuah was allowed to return to the Applegate on his own recognizance, to see to the welfare of his wife Mae, 22, and her two months' old baby.

### CALL FOUR OFFICERS FOR SERVICE IN CCC

SPOKANE, Sept. 20.—(AP)—Four army reserve officers were ordered today to report to Fort George Wright today to duty with the Civilian Conservation corps.

They include Captain James L. Biley, field artillery reserve, Walla Walla; Captain Carl E. Jack, field artillery reserve, Dallas, Ore.; and Second Lieutenant Edward W. Wahl, infantry reserve, of Moscow, Idaho.
