# LINDY FLIES EAST TO KIDNAP QUIZ

## News Behind The News

By PAUL MALLON  
WASHINGTON, D. C., Sept. 21.—One of the pet private peevish of this administration is Hitler. The men higher up in the state department, and even in the White House, are thoroughly against Der Fuere personally, politically and economically, altho they cannot say so for diplomatic reasons.

Only those very close on the inside know, for instance that the explosive remarks made by General Johnson some time back were not entirely original with him. They reflected a higher view. Also, the story has never been told of how the state department changed the wording of the message of condolence sent to Austria after the killing of Dollfus.

As written originally, the message bluntly contained the word "murder." The state department scratched out that word and substituted the milder one, "assassination," before the message was made public.

These facts are rather important now as background on the heavy inner row being stirred up over German trade.

It seems that Mr. Peek (the import-export banker) has about ten rather small trade deals pending with European countries, including Germany. Of these ten, there are four just about ready to be announced. One of the four is supposed to be with Germany. As Germany has no credit standing, the deal is presumed to involve only the direct barter of goods.

Nothing much has been said about it, but apparently State Secretary Hull knew something of it, for he came out the other day strongly against the barter theory. He said no such negotiations were under way.

There is no question but that Mr. Hull's statement was a delicate tap on Mr. Hitler's wrist. It might have caused diplomatic difficulties, if Mr. Hull had not announced immediately thereafter that he was also strongly opposed to the American-Jewish boycott of German goods.

What it boils down to is this: (a) Mr. Peek's German deal is out the window, and (b) the new dealers will do nothing to help Mr. Hitler, unless perchance he wants to commit suicide, in which case they would gladly lend him a pistol.

## TEXTILE UNIONS END STRIKE; CLAIM ALL POINTS WON

Workers Back at Looms Monday, With President Empowered to Act—Labor Leaders Elated

WASHINGTON, Sept. 22.—(AP)—The great textile strike is ended. Hundreds of thousands of workers who responded to the call of union leaders, tonight were ordered by their leaders to man the looms Monday.

Others held that such a guarantee was implicit in the settlement plan, which President Roosevelt, at Hyde Park, was preparing, meanwhile, to put into execution.

Green issued a statement expressing confidence that much good would flow from the settlement plan, "if applied and carried out in good faith."

The first step, expected soon, was the appointment of a board of three to quit the mills.

## HYDE PARK VISIT WITH PRESIDENT BROUGHT OUSTER

President Deals Directly With NRA Subordinates and Gives Washington Hint Johnson Is 'Out' As Blue Eagle Head.

NEW YORK, Sept. 22.—(AP)—The New York Herald Tribune in a special dispatch from Washington tonight asserted that friends of General Hugh S. Johnson said he was "through" as national recovery administrator.

President Roosevelt, in a conference with General Johnson at Hyde Park on September 10, left him in no doubt that his reorganization plans for the NRA did not contemplate the General's continuance as administrator.

Whatever the technical situation at the close of that conference, General Johnson's colleagues in the NRA were given to understand that he was, to all intents and purposes, "out."

Whether he actually resigned, or was asked to resign they declined to say.

Thereupon, to use the words of General Johnson's colleagues, General Johnson "disappeared" for three days.

**WILL ROGERS says:**  
LONDON, Sept. 21.—On track of a bed on a boat so headed home. Besides these English are making life miserable for us poor Americans since we can't even win a race where wind is pre-eminant, a thing we were pre-eminant in. Can't make 'em believe we been wanting to lose that cup for 40 years.  
What's this about my Western boys losing a polo game? I got to get home and start brain trusting for 'em. Hold 'em cowboys!
