

EARL FOY ELECTED LEADER OF LEGION FOR ENSUING YEAR

With Earl Foy automatically re-elected commander of the local American Legion post, election of officers was held at a meeting of the Legion last night, in which Cole Holmes and S. S. Humphries were chosen first and second vice-commanders, respectively.

Holmes was nominated with Harry Moore, while Humphries' partner in the nomination was Fred Bunch. Joe Weigel was elected adjutant, competing with Wilson Wait in the nomination, and A. J. Anderson and Col. W. H. Payne were elected to the positions of chaplain and historian respectively, with no competition.

The executive committee chosen at last night's meeting is as follows: Fred Scheffel, Lee Garlock, Dr. Charles P. Johnson, W. L. Looker and Cass Wymore.

Plans were made at the meeting for a joint installation of the new officers to be held at the next regular meeting, the second Monday in October.

FOREST SERVICE ROADS REOPENED TO TRAFFIC EXCEPT IN APPLEGATE

Due to the week-end storms along the summit of the Cascades, which have for the time being relieved the forest fire hazard, the regulation recently put into effect prohibiting traffic on forest service roads has been released, according to announcement today by Norman C. White, assistant supervisor of Rogue River National forest. The release is effective in all sections, except the Applegate district.

Under the regulation, "T-M," which was announced several weeks ago from the regional offices in Portland, forest service roads in this district were completely closed to traffic other than that to or from homes or private property within the restricted area. The regulation is still being rigidly enforced in the Applegate country, with CCC men acting as guards at registration stations. All CCC guards at stations in other parts of the forest have been returned to their camps.

Karl Janovich, Rogue River National forest supervisor, urges that the public observe every forest rule and be very careful while traveling in the Applegate district. He also expressed his appreciation for the way the public has co-operated in observing the regulation in other districts during its enforcement.

He also expressed his appreciation for the way the public has co-operated in observing the regulation in other districts during its enforcement.

GOLFERS HURRY FOURTH ROUNDS

Officials at the Rogue Valley golf course stated today that matches in the fourth rounds of the P. A. T. tournament which were not completed over the week end will be played as soon as the contestants can arrange them, with several of the players teeing off this afternoon. None of the matches have been completed yet this week.

C. G. Smith, president of the Medford Rotary club, is at work selecting nine members of the club to accept an invitation to the Grants Pass 50th anniversary luncheon tomorrow, and engage in an inter-city golf tournament in the afternoon. Plans are being made for the presentation of a trophy to the winners, according to announcement from Grants Pass.

The Medford course will also be busy tomorrow, with the regular weekly men's and ladies' tournaments scheduled as usual, with luncheon at noon a feature of the ladies' event.

Ladies are asked to report at the club at 10:30 a. m. to be paired for Scotch foursomes.

QUARTERLY INSPECTION FOR GUARD TONIGHT

Quarterly inspection and muster of Company A, 188th Infantry, and Headquarters company, 3rd battalion, will be held this evening at the armory, with Lieut. Col. Ralph W. Cowgill as inspecting officer.

CONNECTING ROAD OVER MT. ASHLAND FINISHED BY CCC

Grant Nealey, forest service shop mechanic of Medford, had the honor last week of being the first to drive over the new Ashland-Siskiyou divide road that connects the Applegate road with Ashland over the Mt. Ashland peak.

The road, built by CCC labor, follows the Oregon-California line along the divide for many miles and is a picturesque, as well as beautiful forest road. It is about 25 miles long. Ten miles of the road were completed last summer and the rest was rushed through this summer two weeks ahead of schedule. Most of the work regarded as an outstanding example of CCC road-building.

L. H. McGuire, project superintendent of Camp Applegate, was in charge of the road building. His crew finished the road ahead of time but could have beaten even that record had not the fires been so numerous this summer.

Among those who had important parts in the road building program were True Lewis and Nate Russell, road foreman, Ed Russell, compressor and jack hammer expert and Lew Conley, Ray Schull and George Klinge, tractor and bull-dozer men.

In addition to this work project, Camp Applegate has built a new guard station at Peck's Pasture, being completed this week. The station includes a house, barn, garage and running water system.

MEDFORD PEOPLE VISIT SILTGOOS

SILTGOOS, Ore., Sept. 25.—(Sp.)—Among the Medfordites vacationing at Siltcoot lake the past week were Mr. and Mrs. Bill O'Hara, Mr. and Mrs. George Barnum, Fred Payne, Fred Barneburg and Mr. and Mrs. Lawrence Crocker.

Months Fred Payne, Fred Barneburg and Mr. and Mrs. P. F. Cross visited with Mr. and Mrs. Jim Embry at their home near Glenada Sunday, where they also found Charlie Prescott and his two children camping near the Embry home. All are former residents of Medford.

Trout and bass are hitting good these days and a few crappies are being caught. Weather is fine and everybody having a good time. The gravelled road into Siltcoos is completed.

ADRIENNE'S STORE WEDNESDAY NIGHT

Arrangements are being completed for the formal opening of Adrienne's new departmentalized store Wednesday evening from 7:30 to 9:30 o'clock. Nothing will be sold during that time but living models will display the fall mode, and favors will be presented to adults.

The first floor of Adrienne's has been redecorated and enlarged to include a shoe department, owned by Dr. W. E. Lantz and featuring Selby and Moulton Bartley footwear for women. Bright red and silver fixtures add much to the attractiveness of this unit. Fall and winter shoes for dress and utility are now on display.

For the convenience of patrons, Adrienne has installed one of the latest type electric automatic elevators. The second floor is also accessible by the stairway.

Visitors attending the opening tomorrow will see the modern salon of beauty which is equipped with Frederick thermomatic automatic permanent wave machines, and other up-to-date fixtures including round mirrors in each of the ten booths. Chairs and other furniture are black and silver while the walls and curtains are eggshell. Mrs. Alpha Hodgins is manager of the beauty shop, and her assistants are Mrs. Bea Hoyer and Fred Fry.

The entire second floor is 35 by 130 feet, providing adequate space for the dress, coat, suit, millinery and corset departments in addition to the office. Two large skylights give the effect of daylight and with the artistic wall fixtures make it particularly easy to shop at Adrienne's.

Gray green walls contrast well with the heather carpet, and deep green velvet curtains at the front windows facing Main street.

Wall cases for apparel and the millinery tables and chairs are located on the east side of Adrienne's second floor. Seven private fitting rooms with handsome mirrors are on the west side. The alteration department has also been moved to the new floor.

Everyone in southern Oregon and northern California is extended an invitation by Mr. and Mrs. G. T. Stewart to inspect Adrienne's departmentalized establishment tomorrow evening.

Mrs. Hayes Returns—Mrs. James C Hayes returned by train this morning from Portland.

WASHINGTON, Sept. 25.—(AP)—Pushing ahead with its subsistence homestead program, the interior department today announced purchase of land for a project at Longview, Wash., for \$28,200.

The tract contains 140 acres and was described as one of the best yet selected for any of the 40 homestead projects under development.

The land has been laid out in 60 homestead units ranging from 1 1/2 to 3 acres. Complete homesteads are expected to sell for \$3000 or less. Included in this cost will be houses of 4 to 6 rooms, each with a garage, woodshed, chicken house, cowshed, and fruit trees and berry bushes.

Officials said construction of the dwellings was expected to start soon.

76 UNION GASOLINE

OUT IN FRONT! HIGHER ANTI-KNOCK LEADER

RELIEF FUND DEBT WILL BE LIMITED TO HALF MILLION

SALEM, Sept. 25.—(AP)—Issuance of certificates of indebtedness by the state treasurer to match federal unemployment relief funds will be limited to \$500,000, it was definitely determined at a conference here late yesterday. Returns from sale of state liquor up to January 1 will take care of the remainder necessary, it was announced.

The conference was attended by Rufus C. Holman, state treasurer; P. J. Stadelman, secretary of state and J. T. Pasquill, accountant for the state liquor commission. The session was called following the supreme court's opinion that issuance of certificates against the state liquor revenue was legal.

It was originally proposed by the two state officials and Governor Julius L. Meier that \$1,250,000 be issued, or \$250,000 each month for five months beginning in September. The state, however, was relieved of matching federal funds for September because of its test suit in the supreme court.

Pasquill told the officials that the liquor commission would have \$250,000 of unemployment relief funds available September 30, which would share of local relief using January.

Another \$250,000 of these liquor funds will be ready December 31, which would take care of the state's share of local relief during January.

With these liquor funds assured officials said it probably would be necessary to issue certificates of indebtedness only for the months of November and December. Under an agreement with the government the state is expected to provide match funds of \$500,000 for these two months.

LAND BOUGHT FOR HOMESTEAD PLAN

WASHINGTON, Sept. 25.—(AP)—Pushing ahead with its subsistence homestead program, the interior department today announced purchase of land for a project at Longview, Wash., for \$28,200.

The tract contains 140 acres and was described as one of the best yet selected for any of the 40 homestead projects under development.

The land has been laid out in 60 homestead units ranging from 1 1/2 to 3 acres. Complete homesteads are expected to sell for \$3000 or less. Included in this cost will be houses of 4 to 6 rooms, each with a garage, woodshed, chicken house, cowshed, and fruit trees and berry bushes.

Officials said construction of the dwellings was expected to start soon.

SUN CALLS HALT LOCAL COLD SNAP

With the forecast reading "fair to night and Wednesday," the week-end record-breaking cold snap, in which the lowest maximum temperature for September since the weather bureau was established here in 1911, is apparently at an end today. Yesterday's maximum mark was 61, compared to the previous day's 58.

Six hundredths of an inch of rain fell yesterday before 5 p. m., with but two hundredths during the night.

Rising temperature and clear skies prevail throughout most of southern Oregon. Meteorologist W. J. Hutchinson reported today, with occasional fog patches and a few low clouds over the mountains.
