In the Name of F. D. R.!

WILLIS E. MAHONEY, defeated in the primaries, by General Martin is now out to get the general—if he can.

The mayor of Klamath Falls, who apparently aspires to be another Huey Long, has started a drive within the democratic party for the formation of Mahoney clubs.

Mahoney calls himself a Jacksonian-Roosevelt Democrat—(whatever that is)—and maintains that supporters of President Roosevelt should get behind him, and desert the general.

A fine example of sportsmanship! Unable to defeat General Martin in a fair and open fight, the defeated candidate is now trying to stab him in the back.

And as if this weren't enough, he has the colossal effrontery to maintain he is doing this in the name of the Roosevelt administration, of which he is the true Oregon representative, and General Martin isn't!

NO man in Oregon is closer to Roosevelt, more loyal to him and his policies, or more completely enjoys the president's warm personal friendship and confidence, than General Martin.

Everyone knows that when the president returned from Honolulu, via Portland and Bonneville dam, he not only showed a keen personal interest in Congressman Martin's gubernatorial campaign, but Postmaster General Farley publicly endorsed the general, and urged the democrats of Oregon to give him their undivided support,—not once but many times.

And yet the mayor of Klamath Falls would have the people of Oregon BELIEVE, that HE is the administration's spokesman in this state, and all loyal supporters of the administration should mark the ballot as he dictates.

What a farce! What a comtrary upon politics in this state.

WE have no quarrel with the private individual who votes for the man he believes is best qualified for public office, regardless of political affiliations.

In fact that sort of independent and discriminating voting this paper heartily approves. But when a defeated CANDIDATE for the office in a party primary, not only refuses to abide by the verdict of that primary, but turns on the successful candidate, and tries to bring about his defeat, in THE NAME OF THE PARTY that he has deserted,—then—

Well, that's a bit TOO MUCH!

And we believe it is too much for the people of this state. This treacherous move by the candidate General Martin defeated in the primaries designed to sink the Martin ship, and elect Pete Zimmerman, should have exactly the reverse result.

Popular reaction against it, should make General Martin's victory more certain and overwhelming than ever.

General Johnson Is Out

ONLY a month or six weeks ago General Hugh Johnson resigned as NRA head, but President Roosevelt refused to accept it.

Since then his retirement has been reported many times, but always denied.

Yesterday however General Johnson did resign, and the resignation was promptly accepted, with courteous and friendly notes on both sides.

What has happened during these few weeks to change the situation? The probable answer to that is a "speech."

General Johnson made the speech. He flayed the textile labor leaders for breaking the NRA code, and he brought in Justice Brandeis of the U. S. supreme court, as an adviser in the formation of the NRA rules and regulations.

Probably the latter "indiscretion" had more to do with Johnson's retirement than the former, for involving the strongest supporter of the New Deal on the supreme court, in the NRA, may have far reaching consequences.

In a short time now, many features of the New Deal will come before this country's highest judicial tribunal.

If Justice Brandeis does not disqualify himself, opponents of the New Deal will try to have this done. As the court is now divided the disqualification of Brandeis, might well have disastrous consequences from the standpoint of the administration.

Letting Johnson out now is rather like locking the stable door after the horse is stolen. The harm has been done. But we have no doubt, there is a sigh of relief from the White House that the impulsive and tempestuous general, will be silenced for a while.

ROSECRANTS. I was glad to see them, and they were glad to see me. We went to a CCC camp, and Ed Walker, the game warden, cooked me some bacon and coffee. I went and got my car and saw George Laidley. We had a glass!

"I did two dumb tricks. When we left the car, I put the keys in my pocket, and George had no way to get to town and call help. The other 'hoor' was leaving my tobacco. It was wet. I put it by the fire to dry, and then went off and left it. I went two days without smoking. I guess I can't take it."

"When I heard the plane go over I knew I had raised a commotion. 'I am glad to be back. I don't want to go hunting again—at least not for a few days.'

Van Dyke says he has no recollection of hearing shots, or seeing the hunter who saw him, and reported to Laidley, "I believe your partner is 'hot'."

Comment on the Day's News

BY FRANK JENKINS... EN ROUTE to Crater Lake with a party of Northern California excursionists—most of them from Plumas county, which is the third county down from the Oregon line on the east side of the Sierra.

Water is scarce down there, and they came up to get a look at things on the Oregon side where everything is green.

So I'm off dinitrophenol. Dinitrophenol is cheap, and by publishing this warning against it I hope I may prevent many readers from being similarly fooled.

SNOWING. Not just a spit, but a real snow—at least three inches of it at the rim.

SEVEN months of practically unbroken sunshine, and then it snows on the day when we're showing Crater Lake to a couple of hundred visitors who've come up to look us over.

THE lake is visible for ten or fifteen minutes after the caravan's arrival, but its waters are dull and leaden in color instead of their natural brilliant, sparkling blue.

THE visitors are ecstatic about it, and like the good sports they are, insist it's prettier this way than any other.

THIS writer is fortunate. In his car is Capt. A. P. Swingle, now of Quincy, Cal., who drove stage between Linkville and Lakeview back in the '80s.

BLACK BART, the famous Southwestern outlaw, was a big figure still in those days, and Captain Swingle remembers the talk of him plainly.

Dr. Jud Rickert starts the erection of a bungalow on Capitol Hill.

Heavy rains fall over the city and valley. Snowing in the high hills.

Mr. and Mrs. Mose Alford return from a trip through the Willamette valley.

Asked about the questions submitted to him by the Chamber of Commerce of the United States, the president said he did not have time to answer all questionnaires put to him by various organizations.

He said that in reading the questionnaires of the Chamber of Commerce he was reminded of the lawyer who puts the question in the form: "Have you stopped beating your wife?"

To Ignore C. of C. Little doubt was left that the chamber of commerce would receive a reply from the president.

Directors of the Chamber of Commerce of the United States asked the president earlier this week to clarify the administration program by answering half a dozen questions dealing with the future of NRA, the budget and the value of the dollar.

They contended business fears would be allayed by a definite statement from the president on these and other pending issues.

Asked if he cared to comment on business reactions, Mr. Roosevelt smiled, and replied that he did not have as many reactions as some of the business men. He added that he also did not have as many inhibitions.

Mr. Roosevelt offered no comment on the protest of the textile strikers that those who struck were being discriminated against, but said he was going to look into it today.

The first caller on the president's list was Donald Richberg, former counsel of NRA, who has been at odds with Johnson for several weeks.

Richberg and Mr. Roosevelt presumably were discussing the NRA reorganization program.

Ye Smudge Pot By Arthur Perry

Democrats of Oregon are up to their old tricks of fighting among themselves.

People now sympathizing with Lindbergh kidnap ransom-taker are the same bunch that went to the movies last spring, and applauded No. 1 Bennett John Dillinger.

Another farmer who sold his crop for a song, is singing the same in a new auto.

CHILD CULTURE IN 1880. (Pendleton East Oregonian)

There is a lady in town who to keep her child from running away takes him out with a 20-foot rope.

Practical jokes seldom are jokes to the victim. This is well illustrated in the case of Hazel Forbes, wealthy actress, and Rubinoff, the violinist.

Doleful news continues to emanate from the U. of O. campus. All the football players are banged up, and the coach will probably break a leg Friday p. m.

NEVER THOUGHT OF THAT. Don't cheer when the state dishes up a new fill.

Remember, you're paying for that. Don't hurry to back every cash spending bill.

Remember, you're paying for that. And when you observe that some dreamer comes through.

With plans for some things that the people should do.

Increasing officials at least by a few. Remember, you're paying for that.

The P.-T. A. met at the home of the Dubb Watson kid yesterday.

Defects are showing up in the Dr. Townsend Old Age Revolving Pension plan, which provides \$200 per month for all persons over the age of 60 years, with orders to spend it quickly.

V. Van Dyke, the hunter, is home from the hills.

Excitement which has been raging in Bill Aitken, the plumber, over the international yacht races has subsided. He loved the thrill of the boats going back to starting lines, more times than he ever went back to the shop after a monkey wrench.

Socialists have stolen the Democratic party of California, as slick as California ever stole Crater Lake. Mr. Hood, the Columbia river, or any other exclusively Oregon scenic attraction.

JUST PLAIN SMART. The big boat you are looking at every time you see a movie heroine departing for Europe or coming back on the Fox lot in Hollywood. The ship is a fake, but it has six decks, a real bridge, a complete set of navigating instruments, real lifeboats, winches, cargo booms, etc.

NEW YORK, Sept. 25.—Jack Benny, with his radio, screen and theatrical engagements, is now reputed the most highly paid performer in the amusement field.

Another of the depression surprises, at least in the literary world, has been the magazine Esquire.
