

CALIFORNIANS TO PLAY BIG PART IN BEAVERS' LINEUP

Transfers From Junior Colleges in Golden State Look Good for Regular Places On 1934 Squad

CORVALLIS, Sept. 27.—(AP)—Transfers from junior colleges in California will play an important part in the football fortunes of Oregon State which plays four California teams this year.

Of course, the most famous Southern Californian on the Beaver squad is "Red" Franklin, triple-threat and scorer of touchdowns from kickoffs. His most promising understudy—who bids even to become a regular alternate—is Jim Daneri, transfer from Santa Ana Junior college in California. Triple threat, fast, hard runner and heavier than Franklin is Daneri.

Another Golden State man who looks like "pay dirt" to Beaver backers is aggressive Earl Hall, 228, Los Angeles Junior college transfer, who has moved in at left tackle.

Jack Woerner, from Sacramento Junior college, is first string right guard.

John Patrick Caserri, 195, transfer from Pasadena Junior college, may be shifted from reserve end to right tackle.

The Beavers' first mix with a California school is against the veteran San Francisco University Dons here Friday.

The probable starting Oregon State lineup is Woody Joslin and Schultz, ends; Hall and Brown, tackles; Tombeck and Woerner, guards; Devine, center; Fangle, quarter; Franklin and Swanson, halfbacks, and Helkenen or Dick Joslin, brother of last year's Hal Joslin at fullback.

EUENE, Ore.—Behind locked doors the University of Oregon lineup was shifted around several times in yesterday's practice, but Coach Frank Callison would not say how.

He did admit that emphasis was on defense against the famed passing attack of the U. C. L. A. Bruins from the Webfoots meet Saturday.

Frank Michak is improving rapidly at fullback and his understudy, Dick Bishop, shows promise. Neither measures up to last year's Mike Mikulak on defense.

SEATTLE—The sad stories about Matt Muczynski, the 195-pound 2-year University of Washington backfield veteran, look just like that, very sad. Reported out for the season, with a badly hurt right arm, Matt appears like the life of the team.

LOS ANGELES—The U. C. L. A. Bruins, 35 strong, were en route to Portland, Ore., today where on Saturday they meet the Oregon Webfoots in a conference game. During the stop-over at Sacramento, a light workout was planned.

Head Coach Bill Spaulding said his squad was in fine shape, and he would offer no alibi if his team lost.

BENTLEY AND CLARK SHOOT TIE SCORE IN WEEKLY GOLF EVENT

H. B. Bentley and Leland Clark tied with net 36's in the weekly men's golf tournament held last evening at the Rogue Valley golf course, each winning a golf ball as first prize. Only nine holes were played in the event, which was entered by 10 contestants.

The other players were: R. W. Ruhl, Bruce Bauer, F. C. Jones, E. L. Childers, Tod Porter, George Coddling, Mark Miller and Major Morris.

In the annual P. A. T. tournament now under way, only one match was played yesterday, when A. E. Orr defeated A. F. West, 1 up. By this win, Orr is paired with R. B. Hammond in the fifth round, which must be completed before Sunday night.

Pairings for remaining fourth round matches are as follows, complete up to date: Harry McMahon and R. B. Hammond, E. C. Solinsky and G. E. Pierce, Walter Leverette and J. B. Kirk, Bruce Bauer and H. W. Ruhl.

The winner of the Bauer-Ruhl match will play in the fifth bracket with E. A. Botts.

One match still remains to be played in the third bracket, between Gordon Green and Charles Ellis, the winner of which will be paired with Leland Clark. In turn the winner of this match will play R. D. Semon in a fifth-round match.

Fishing Good At Applegate Mouth

GRANTS PASS, Sept. 27.—(Sp.)—Between 5:30 and dusk, Tuesday afternoon, Darrin George, highway employe, caught three steelheads and two Jack salmon on a royal coachman fly at the mouth of the Applegate on Rogue river.

19-oz. Blue Herringbone sutting, \$21.50, made to measure. Klein the Tailor, Upstairs.

FRAT BAN WRECK'S SALEM HIGH SCHOOL GRID HOPE

SALEM, Ore., Sept. 27.—(AP)—The fraternal secret society problem at Salem high school has cropped out again, and this time appears to have wrecked Coach Hollis' Huntington's chances of putting a winning football team on the field.

School board members reported last night that a list of high school students, including at least eight regulars on the football team, had been discharged from further student activities because of alleged affiliation with secret societies.

Mrs. David Wright, school board chairman, said in connection with the action, that "we are following out a plan started last year. We figure that any student who is not willing to co-operate and to be a good citizen should not share in the senior or junior high school activities." Loss of the eight football players will make it practically impossible for Huntington to produce a winning combination out of his remaining men, the coach predicted.

MIDGET FOOTBALL SCORES HIT WHEN FANS SEE TRYOUT

HEBRON, Neb., Sept. 27.—(AP)—A crowd of about 1000 persons found new thrills in six-man football here last night, as four picked high school teams conducted the first experiments in abbreviating the national sport for the needs of small institutions.

Both games ended in ties, but the crowd seemed to like it, the players enjoyed it, and the officials showed their satisfaction by promising to arrange more "midget" games.

Stephen Epler, assistant Beatrice, Neb., high school coach, father of the innovation, was so well pleased he rejected a suggestion to modify his plans by adding another man to each team. Epler said the play showed that the offense and defense are well balanced, that the incentive to passing opens up the game to make it more spectacular, and that injuries are minimized.

The feature game, played under lights on a special 60 by 40-yard gridiron under the auspices of Hebron college, ended 19 to 19.

Beatrice and Hebron academy were unable to break a scoreless deadlock in the preliminary contest.

Chief innovations in the six-man game are: Every man except the center is eligible for a pass; the ball cannot be advanced over the line of scrimmage until after at least a 2-yard pass has been completed; and punts replace placekicks in the kick-off.

SPEED TO BURN IN SONS BACKFIELD

ASHLAND, Sept. 27.—(Sp.)—Blinding speed from a rather light backfield, crushing power from a line that will average close to 300 pounds, short, lightning stabs through the forward wall, powerful smashes off the tackles, passes, forward and lateral, from reverse and double reverses—that is what Anse Cornell's Pacific university footballers will face at Klamath Falls next Friday afternoon when Howard Hobson throws the full force of his 1934 Southern Oregon Normal machine at the Northwest conference members in the first game of the season for the SONS.

Blessed by the largest turnout in the history of the school, Hobson will have a squad boasting experienced men in the backfield to the tune of two deep, and a line that, in case he decides to use his heaviest men, will average over 300 pounds.

ROGUES TO PLAY IN G. P. SUNDAY

GRANTS PASS, Sept. 27.—(Sp.)—Great ideas are circulating among the baseball world of the Rogue River valley, unexpressed generally until Manager Hal Haight of the Medford Rogues stated them loudly over the telephone to Fred Roper, secretary of the Merchants' club.

The two teams will play here Sunday at the Josephine county fairgrounds for the "district championship," and the privilege to go to Portland and a chance to win the state title. Originally scheduled to take place last Sunday, the game was postponed on account of rainy weather.

Good weather is predicted for this Sunday, say relieved baseball fans, after a consultation with semi-official weathermen.

Pair Deny Hunting of Deer With Dogs

Howard Kincaid of Eagle Point, and W. A. Watsonberg of Central Point, employed on the Tillier-Tratt road, entered pleas of not guilty in Justice of the Peace W. R. Coleman's court yesterday to a charge of hunting deer with dogs. The hearing was postponed until a later date. The complaint was filed by the game department of the state police.

MONSTER STADIUM FOR PHILADELPHIA TO DEFY WEATHER

Movable Steel Ceiling Will Cover Vast Arena in Case of Rain—Polo, Baseball Alone Barred by Size

PHILADELPHIA.—(UP)—The hopes and ambitions of sports promoters since commercialized athletics was introduced are about to be fulfilled. Plans have been completed for the election of a huge indoor-outdoor stadium in which sporting events will be held regardless of weather conditions—rain or shine.

A building once occupied by the Baldwin Locomotive Works will be converted into the sports arena. A movable steel ceiling, electrically operated, will cover the place during bad weather.

All Type of Sports. All sporting events, with the exception of pony polo and baseball, can be held in the vast stadium. An ice skating rink will be built in and concealed under the turf at one end.

Rodeos and the circus may be staged in the new combination stadium with only the sky as a ceiling when the weather is clear. There will be housing facilities for 1200 head of livestock under the stadium.

The playing field inside the stadium will be 400 feet long by 200 feet wide—suitable for football, soccer and other outdoor games. For contests where the entire playing field is used, the ground level stands and two balconies will accommodate 70,000 spectators.

When boxing, wrestling and other sports, where a ring in the center is the stage for competition, the capacity of the field is increased to 82,000.

The new stadium will take in an entire block only several squares from the center of the city, and the management believes more than 3,000,000 persons will view the entertainment provided there annually.

It is expected that construction work will begin about the first of the year and be completed by the fall of 1935.

MRS. WOOD, HEATH WIN IN SCOTCH FOURSOME ROGUE VALLEY LINKS

Mrs. D. R. Wood and Mrs. William Heath defeated Mrs. Jack Thompson and Mrs. A. F. Mansfield in the ladies' Scotch two-ball foursome yesterday at the Rogue Valley course, turning in a low net 85, and receiving one golf ball apiece as first prizes. Mrs. Thompson and Mrs. Mansfield carded second lowest net score, a 96.

Other contestants were as follows: Mrs. George Coddling and Mrs. Mark Miller, 103, vs. Mrs. Alberta Vetter and Mrs. Frank Heum, 97; Mrs. Leland Clark and Mrs. Ted Gelbauer, 99, vs. Mrs. David Wilcox and Mrs. Gordon Green, 100; Mrs. Larry Schade and Mrs. E. F. Coleman, no card, Mrs. F.

SOPWITH DISGUSTED WITH SPIRIT SHOWN BY NEW YORK CLUB

BRISTOL, R. I., Sept. 27.—(AP)—As Endeavour, fifteenth vanquished challenger for the America's cup, was being prepared today for her voyage home to England, her owner—Skipper T. O. M. Sopwith—remained, by his own testimony, "not heartbroken because I did not win but disgusted at the spirit in which international racing is conducted here."

"I do not feel vindictive," he said, "at my treatment at the hands of the New York Yacht club, but I do feel completely disillusioned."

Sopwith said he came over here, as he thought, for the good of the sport, but found that the races were "run as a big business, something I was not prepared to contend with."

The English yachtsman said he was fully aware of mistakes he had made during the races and of the last race said: "My tactics were all wrong. I admit it."

WALNUT PRICES SET FOR STATE

DUNDEE, Ore., Sept. 27.—(AP)—The North Pacific Nut Growers' Association established Oregon walnut prices at a meeting here Wednesday. Quotations were in line, grade for grade, with the opening prices in California.

The prices, for delivery to eastern markets, follow: Norpac grade: Franquettes, large, 20 cents; fancy 17 cents; medium, 15 1/2 cents. Soft shell, large, 19 cents; fancy, 16 cents; medium, 14 cents. Mayettes 20 cents.

Cascade grade: Franquettes, large 17 cents; fancy, 16 cents. Soft shell, large 16 1/2 cents; fancy, 15 cents. Mayettes, large, 17 cents.

ROTARY GOLFERS TRIMMED IN G. P.

Four Medford Rotarians who attended the regular inter-city Rotary meeting and luncheon at Grants Pass yesterday were swamped 3 to 9 points in a golf contest at the Grants Pass Country club, when C. J. Semon, Mike DeVaney, Oren Schenck and Walter Leverette went down before the "too tough opposition" of Grants Pass club members. Although the Medford was supposed to have been composed of more players, only four turned up at the course.

The Grants Pass team will meet the local Rotarian golfers on the Rogue River Valley course for a return match in the near future.

MCCOY'S SON-IN-LAW DIES IN AUTO CRASH

Mr. and Mrs. M. L. McCoy received word yesterday that their son-in-law, O. A. Olson, of Seattle was killed Tuesday night in an automobile accident. Mrs. McCoy left Wednesday for Seattle to be with her daughter. Details of the accident were not known here.

The Olsons have visited the McCoy's here, and Mr. Olson enjoyed golfing many times at the Rogue River Valley golf course.

REPORT NO TRACE OF CENTRAL PT. MOTHER WHO DESERTED FLOCK

No trace has been found of Esther Owens of the Central Point district, who disappeared the first of the week leaving five children behind to be cared for by her husband, Oliver Owens, a CCC worker. The children are under the care of a neighbor woman, the district attorney's office said this morning.

Update police have been looking for the mother and information has been sought from other sources, so far without avail.

Mrs. Oliver left a letter behind informing her husband she was going on a visit to her sister in Washington state and wishing him "Good luck and God bless you." Another sentence in the letter said: "I have tried to get along with you, but have failed."

The woman left last Sunday apparently on a visit to a neighbor, and has not been seen since by her husband.

The husband alleges that his wife is infatuated with another man, and he was brought before the district attorney for questioning. He denied the allegation. The district attorney

DUMPING OF RUBBISH ALONG RURAL ROADS STARTED, COURT TOLD

County authorities the past week have received numerous reports from rural residents that the autumn distribution of rubbish, along the country roads has started. County Judge Day said this morning, if any offender was caught he would be prosecuted. An irate citizen called this morning, to report that a load of tin cans, paper, etc., had been deposited near his front gate recently and thinks it is the same fellow who did the same thing last spring, to his great disgust. Spring is the other season when the practice prevails.

The Old Stage road, the roads leading from the Midway Highway, and roads in the Phoenix-Talent district are the main dumping areas. The same routes are also favored for evening driving, and the suspicion arises that somebody is combining pleasure with getting rid of the summer's accumulation of garbage.

The Oregon law prohibits the dumping of refuse along any road or highway.

Country residents are urged to get the license numbers of cars and report same to the authorities, so arrangements can be made for the removal of the rubbish, and court action.

Remember It Always Pays to Wait for This GREAT BARGAIN CARNIVAL

Look what's back of the "PRICE" claims

-and don't worry, you'll get this famous "G-3"

SURE, you'll hear a lot of talk about "special discounts"—"floor level" prices—and other so-called bargain claims.

Did it ever occur to you that our friends talk so much about price because they know that their tires can't stand up against the biggest sensation of the year—our "G-3" All-Weathers?

Don't let them kid you—the tire to buy is the tire with 43% longer non-skid mileage at no extra price!

That's what the "G-3" gives you. Come in and see for yourself!

GOOD YEAR

Here's what you get in Goodyear's new "G-3"!

You get the broader road contact of a flatter, wider All-Weather Tread.

You get quicker stopping and the greater road grip of more non-skid blocks in the center.

You get the easy steering and smooth travel of wider riding ribs.

You get the slow, even wear of close-needled non-skid blocks and ribs.

You get more rubber in the tread—an average of two pounds more per tire.

—All of which adds up to 43% MORE NON-SKID MILEAGE at no extra cost to you!

Just Ask—

the motorists who have tried our improved lubrication service... Widespread satisfaction on the part of our patrons convinces us that our thorough lubrication service, under the personal supervision of Franklin George, is an outstanding value! The latest equipment and the finest lubricants—exactly the right type for every part of your car—plus our own specialized service cannot be excelled—Try it and YOU'll be the judge.
