

PAIR NABBED HERE FOR CAMPUS CRIME GET 5-YEAR TERM

CORVALLIS, Oct. 6.—(AP)—Two men who confessed to a series of thefts from fraternities on Oregon State college campus, were today under sentence to five years in Oregon penitentiary.

The two, who said they were Eugene H. Eckstrom, 26, of Chicago, and John C. Eckstrom, 25, of Racine, Wis., were sentenced in night court here less than 36 hours after the thefts. They were arrested in Medford.

SERA APPORTIONS PROJECTS MONEY

PORTLAND, Oct. 6.—(AP)—The state emergency relief administration today approved and appropriated more than \$100,000 for use during this month in operation of transient relief, of single men's camps, and for a score of work projects.

The single men's camps alone will cost \$24,000. Transient relief will mean an expense of about \$39,000.

The committee approved improvement of the water system at enterprise airport; road maintenance near La Grande; planning projects in Umatilla county; graveling city streets at Loetline, in Willows county, and a number of other projects in other parts of the state.

BELGIAN STEAMER IS SUNK IN STORM

AMSTERDAM, Oct. 6.—(AP)—The German steamer Wilhelmsfeldt reported by wireless today that the Belgian steamer Charles Jose, with a gross tonnage of 551, sank four miles west of Haaka lightship at 11 p. m. last night during a severe storm.

Distress signals were received at the lightship but did not identify the sender. Several rescue ships searched the area in vain.

The Wilhelmsfeldt picked up a lifeboat containing one member of the Charles Jose's crew but the other nine who launched another lifeboat, were believed to be lost.

TYPHOON SWEEPS LUZON PROVINCE

MANILA, P. I., Oct. 5.—(AP)—Four fishermen were drowned, many persons injured and hundreds left homeless by the typhoon which swept over northern Luzon island last night, disrupting communication and causing heavy property damage. The typhoon, the second to devastate this section in a week, blew down telephone and telegraph lines and washed out railroad tracks. Manila escaped the wind and rainstorm.

Hubbard's Assist Housing Act Loan Seekers In City

The National Housing act puts within easy reach of the home owner the money needed to repair, remodel or repaint any type of building. The banks and lending companies are showing a fine spirit of co-operation with the government in eliminating as far as possible the "red tape" necessary to secure an NHA loan.

The procedure in applying for a loan is quite simple. The home owner first secures a bid on the work and material necessary for the repairs to his property and then applies for the loan.

The home owner should see that the bid, which accompanies his application specifies quality materials. This will simplify getting the loan approved as the banks and lending companies are going to be sure that repairs made will take care of the properties until all loan payments are made.

They cannot afford to loan on jobs done with inferior materials. Especially is this true of paint. They know that cheap paint can't stand up — can't protect the property against the destructive elements — can't give lasting satisfaction — can't even justify the cost of putting it on a house, inside or out. The home owner pays as much or more for applying it — and gets less than nothing in return.

Hubbard Bros., who runs Medford and Riverside, is fortunately in a position to be of the greatest assistance to those property owners who plan to do some much needed painting through the NHA.

Hubbard Bros. is prepared to quickly secure complete estimates on all work and materials in connection with painting. They can arrange with local painting contractors to have the job done; they can tell the home owner just what materials to use; how much will be necessary; what it will cost and in addition, can give accurate cost estimates for application.

STRICKLIN REAPPOINTED AS ENGINEER FOR STATE

SALEM, Ore., Oct. 6.—(AP)—Governor Julius L. Meier announced the reappointment of C. E. Stricklin as state engineer to serve until October 2, 1938. He was previously appointed to the office in October, 1931. Prior to his first appointment Stricklin served as assistant state engineer for several years.

The W. C. T. U.

The Women's Christian Temperance Union will hold its regular meeting Thursday, October 11, at the Girls' Community club on North Bartlett street. This will be a pre-election and pre-convention meeting, at which time plans will be completed for the state convention which opens here Tuesday, October 21, at the First Methodist church.
