armament. That should be the best peace-loving imitation yet offered on the international stage.

The explanation, of course, is that the proposal will be grossly unacceptable. It will be the kind of disarmament which might help Britain and Japan, but would pinch us. At least the secreted the assets. They now that is, whet president Representations and a haif ago the nation's liabilities exceeded the assets. They now that it is exceeded the assets. dapan, but would pinch us. At least the exceeded the assets. They now may a experts have heard. They a little beyond the liabilities, but understand that the Japanese offer not far enough.

will be based on a reduction in the size of capital ships to around 25,000 tons.

It is designed, apparently, to call our bliff about eliminating offensive weapons of war, and also slyly to gain Britain's support. Britain favors the smaller ships, which she considers more effective for her purposes.

Our experts have no private criti-Cur experts have no private criti-cism to offer against the Japanese. We know very well that we ourselves will have to concect some similar pro-gram to satisfy the public demand for disarmament and yet protect our own interests. So will everyone else

wants his own particular kind of

That is the explanation of why Mr. been "to consevelt chose our naval chief of perations, Admiral Standley, as Unitdeed States representative. No one will discuss tricky naval technicalities on Admiral Standley. Everyone

This is the first time we ever sent a chief of naval operations to a disammed thereby he had compiled with a remander conference. The fact that we did this time stfords a clear insight into just what Mr. Roosevelt from the heads of the NRA? There was nothing from Hugh Johnson or lend.

without a word of publicity a record number of the new deal college professors are departing from Washington. Probably more than half are remaining but certainty dozens have gone back to their college. desks. (There are so many you can-

oesa. (There are so many you canget an exact count.)
The reason is that the colleges seem
to be getting bardboiled about lending their men. Vale has virtually
a laid down an edict that her men must hald down an edict that her men must abandon either their government or their college work unless they can do both on a part-lime hasts. Salaries of Yale 'profs' are being docked for the time they spend in Washington. want to come to Washington will have to find substitutes for their faculty posts. Harvard decided to be lenient with two men, but is frowning on further leaves of absence.

Also there was the celebrater

### BRAKE ON PRICES WILL KEEP THEM FROM GOING WILD FIND SHORTAGE

President Feels Commodity Levels Should Be Little Higher Before Stabilization Attempt Is Made

WASHINGTON, Oct. 10-(AP)-President Rossevelt feels that com-modity prices should go a little high-er before an attempt is made to stabilize the price level.

The president was described as fe

The president was described as feeling that considerable progress had been made in the last year and a half to bring the nation's assets and liabilities to a more even relationship, but that the asset column should go still higher.

It was emphasized, however, that prices would be prevented from going through the roof, so to speak, and that when a reasonable level was

### Capacity Throng at Cooking School For Opening Day

The Mall Tribune's free cooking school opened today with a capac-ity throng present at the Craterian theater to hear Heater Heath, kitchen economist, explain prepara-tion of new and old dishes.

tion of new and old dishes.

Thursday's program will be entirely different, with moving pictures at 1:30 p. m., followed at 2 o'clock by Hester Heath's cookery chats. A new, very latest model electric range is included among the valuable gifts featured at this Mail Tribune school.

The western premier of the

The western premier of the sound picture "Home of Tomorrow" delighted guests at today's seasions. This picture was runted to the Pacific coast especially for this school, through the efforts of the California Cream Power Pro-

In an effort to determine the exact cause of the shortage, a careful research and minute check of legal fees had to be made, and this has consumed all the time since the discrepancy was first discovered.

All that is known at the present time is that such a shortage exists it is believed further investigation will reveal that the discrepancy was due merely to an error in bookkeeping not to any more serious irregularitys. E. M. Wilson is now out of fown, but when he returns, further investigation will recommission set out that it attempted to co-operate with irrigation officials and sportsmen in protein officials and sportsmen in protein of the first of die.

Upon word from W. I. Howland of the Klamath hatchery that fish removal should start, Matt L. Ryckman, superintendent of hatcheries, authorized Howland to co-operate with believed further investigation will that the discrepancy was due if to an error in bookkeeping, or any more serious irregularity. Wilson is now cut of town, but he returns, further investigation, will no doubt be made under his cloot.
