

FRANCE 'JITTERY' OVER WEAKNESS IN AIR WARFARE

(Copyright, 1934, by the Associated Press)

PARIS, Oct. 20.—France's fears of danger from aerial warfare were intensified today by disturbing events in Europe.

The funeral of the wartime president, Raymond Poincare, revived the memories of the World War while the London-to-Melbourne air race reminded the French of their vulnerability from the air.

The whole problem of national defense was taken up before parliamentary commissions with a discussion of the naval budget in the chamber of deputies finance commission. There, Naval Reporter Jacques Stern gave a dark picture of the future by telling how the United States, Italy, Germany and Japan all proposed to enlarge their fleets.

France, he said, in trying to economize proposed trimming 20,000,000 francs from its 1934 naval expense, which, with Premier Doumergue's economies, will be 2,800,000,000 francs (\$1,185,000,000).

Fear of a German air armada devastating France is hastening plans for defense.

Maneuvers demonstrated recently that a fleet of bombers could invade France and spread much of Paris in ruins. Defense fleets showed themselves almost helpless.

GLEEMEN THANKS TO COUNTY COURT

(By Arthur W. Warnock)

Special gratitude is expressed, on the part of the Medford Gleemen, for the kindly co-operation shown them in their musical work, to the Jackson county commissioners, consisting of Judge E. B. Day, chairman, and R. E. Nealon and Ralph Billings. Ever since the court house has been finished the commissioners have given the Gleemen the free use of the auditorium for their rehearsals and business meetings. The courtesy is deeply appreciated by the Gleemen. Of course, it really means that overhead expense in the way of a suitable hall to carry on the Gleemen work is avoided.

The county commissioners realize that the Gleemen is a non-profit civic group that is trying to raise musical standards in the community and whose efforts deserve recognition and encouragement from an educational point of view. Thank you, Mr. Commissioners, every one of you.

The campaign to sell associate memberships in the Gleemen, for this season, will take on an intensive note this coming week. H. J. Fletcher, director in charge of the campaign, has added to his canvassing staff the well known J. W. Kirkpatrick, Ernest L. Scott and H. N. Butler. Mr. Fletcher also suggests that if you are not personally called upon and want to do your part in this suitable civic work that you can get your associate memberships easily by dropping into any of the music stores in Medford.

DALIES FRANTZ 5 to 6 o'clock KOIN

ENRIGHT NABBED AS RUM DRIVER

T. J. Enright, local attorney, was placed in the city jail last night, charged with operating a motor vehicle while under the influence of intoxicating liquor. Enright was arrested by city police shortly after 8:30 o'clock, after he had hit a parked car from Seattle, Wash., on Crater Lake avenue, according to officers.

WHEATMEN FIGHT FREIGHT BOOSTS

PENDLETON, Ore., Oct. 20.—(AP)—The proposed increase in railroad freight rates on wheat was the object of a vigorous protest from Umatilla county who joined in a mass meeting here last night.

Speakers declared an increase of 3 cents a bushel on the rate to Portland would cost growers of Umatilla county about \$121,000 a year. The ranchers agreed to subscribe 50 cents a thousand bushels for a campaign to attack the railroads' petition for higher rates. The eastern Oregon wheat league sponsored the meeting here last night and county grazers supported the action.

PRESIDENT PAYS VIRGINIA VISIT

WILLIAMSBURG, Va., Oct. 20.—(AP)—Three centuries old Williamsburg welcomed the nation's thirty-second president today, showed him six years of progress in its transformation to colonial originality and heard him urge upon rising generations the attainment of a "broad, liberal, non-specialized education" to fit them for the change and development of present day America.

Coming here by special train from Roanoke, where he dedicated a new veterans' hospital late yesterday, President Roosevelt was saluted and cheered as he motored by scores of Rockefeller-restored 17th and 18th century buildings.

He was honored as no other Democratic chief executive had been before—when he received an honorary degree of doctor of laws, with Governor George C. Perry of Virginia, from the 241-year-old college of William and Mary.

CAMPAIGN OPENED ON STOCK 'GYPS'

WASHINGTON, Oct. 20.—(AP)—A relentless campaign to curb stock swindlers and their worthless securities has been initiated by the securities and exchange commission.

A successful issue to the campaign will mean the elimination of valueless and fraudulent stocks from exchange. Further, it was revealed today, the drive in some instances will eliminate or drastically remodel the exchanges themselves.

Some of the commissioners are so angry at the situations disclosed to them that they had pledged a continuous, and, insofar as possible, an unrelenting cleanup drive.

Snow at Crater Lake Nearly six inches of snow had fallen at Crater Lake national park at noon Saturday, the storm having started about two a. m. according to reports received in Medford.

SIGNS LIFE TO SCIENCE

UKIAH MEN FOLKS ALL GO HUNTING

PENDLETON, Ore., Oct. 20.—(AP)—Ukiah, whose 150 residents call each other by the first names, was the village primalter today, women and children doing all the work while the men hunted.

It was the annual deer-hunting day for the men of the little Blue Mountain town.

The hotel, store, postoffice and other places of business were operated by the feminine sex while the men, with rifles ready, stalked the forest deer.

Only one business place did not open and that was a garage. Since no women wished to dirty themselves with grease, any motorist in distress could be his own mechanic, hitch-hike or jolly well revert to the horse and buggy days.

GRANT MORE TIME FOR SEED LOANS

CORVALLIS, Oct. 20.—(AP)—Farmers in seventeen Oregon counties have been given an additional month in which to apply for federal seed loans, and oats has been added to the list of crops on which seed loans may be obtained.

The counties in which the additional time is effective are Marion, Linn, Lane, Benton, Polk, Yamhill, Clackamas, Washington, Columbia, Wasco, Sherman, Jefferson, Gilliam, Morrow, Umatilla, Wheeler and Multnomah.

Counterfeiters Sentenced PORTLAND, Oct. 20.—(AP)—Convicted of counterfeiting and of passing counterfeit one dollar coins in Pendleton, Donald Carl Harris, 28, was sentenced to seven years in prison, and Carl Leslie Jenner, 39, received a five year sentence when they appeared before Federal Judge James Alger Fee late yesterday.

SCOTTSBORO CASE HAS NEW ANGLES

MONTEGOMERY, Ala., Oct. 20.—(AP)—Samuel S. Leibowitz, New York attorney, tonight held releases from all nine defendants in the nearly four-year-old Scottsboro case naming his as their counsel in further trials and appeals to higher courts.

Keywood Patterson and Clarence Norris, two of the nine negroes now under sentence to die on December 7, today again signed releases naming Leibowitz as their attorney, after earlier in the week designating the international labor defense.

The negroes were convicted in Morgan circuit court at Decatur last December of attacking Mrs. Victoria Price aboard a southern railway freight train on March 25, 1931. The Alabama supreme court has confirmed the sentences and the next more in their behalf is in the United States supreme court.

In addition to signing releases, the negroes wrote Governor B. M. Miller asking that he "see that we have no more visitors from the communc lawyers."

IDAHO GOVERNORS AUTO RECOVERED

PORTLAND, Ore., Oct. 20.—(AP)—A stolen automobile recovered here was identified today as belonging to Governor C. Ben Ross of Idaho and will be staid homeward tomorrow.

Police said Robert Leekemy, 23, and Robert Barber, 21, admitted stealing the car in Boise, Ida., and driving it to Portland.

The two are bound over to the county grand jury on charges of committing five robberies in the Portland vicinity.

An insurance company report identified the car as that of Governor Ross and arrangements were made to return it to Boise.

SPORTS ST. MARY'S GAELS TROUNCE FORDHAM IN HECTIC WAY

NEW YORK, Oct. 20.—(AP)—The bells of St. Mary's pealed joyously today as the brown Gaels from California trounced Fordham, 14 to 9 and scored another victory in their football feud with the New Yorkers.

A capacity crowd of nearly 60,000 flocked into the Polo grounds for the third renewal of what has come to be one of the most colorful of intersectional gridiron rivalries.

Battled to a standstill in the early stages of a furious, savage battle, the Californians first drew up on even terms with Fordham, then uncovered a vicious drive in the last two heats to take the lead and hold it.

The Gaels out-rushed Fordham, 406 yards to 144. They gained 110 yards in the air to Fordham's 87 and completed five out of 18 aerials against three out of sixteen for the Rams.

Fordham gave the big crowd a thrill midway in the opening quarter.

The visitors drew up on even terms with the Rams in the second. Mattos, a sub back, shot several forty and fifty yard passes, but shifted his tactics when his heaves either were blocked or incomplete. He stormed around end and through tackle to Fordham's nine, then flung one to Erdelitz on the one yard line. Mattos took it across and Keran converted.

Coach Slip Madigan turned on the heat in the third and with Mattos leading the attack, the Gaels bucked, smashed and passed their way down the field until the end of the quarter halted them on Fordham's ten yard mark. Mattos flipped a ten yarder to Erdelitz on the second play of the fourth, for a touchdown. Meister kicked the point.

Fordham battling gamely against the powerful St. Mary's line, but having little luck either with its running attack or its passing, added its last two points shortly afterwards when Meakin, the Ram's big center, blocked an attempted Gael punt, the ball rolling across the goal line for an automatic safety.

Dr. Jarrett said that although a similar case was reported recently that posthumous births are so exceptional that it is unusual for more than one to occur throughout the world in a year.

BARE BORN AFTER MOTHER'S DEATH

RICHMOND, Va., Oct. 20.—(AP)—The posthumous birth of a baby girl ten minutes after her mother had died at Memorial hospital was reported today by physicians. The child, weighing seven pounds and five ounces was normal in every respect, said Dr. L. E. Jarrett, the physician in charge.

Dr. Jarrett said that although a similar case was reported recently that posthumous births are so exceptional that it is unusual for more than one to occur throughout the world in a year.

PLACE KICK NETS STANFORD CLOSE EDGE OVER DONS

KEZAR STADIUM, San Francisco, Calif., Oct. 20.—(AP)—Its power halted for three quarters by a fighting University of San Francisco football team, Stanford grabbed a 3-0 victory out of the fire today by a place kick in the game's closing minutes.

Monk Moscrip, Stanford's place-kicking end, lifted the ball between the standards from the eight yard line after a mighty Stanford drive had advanced the ball from the Indians' 20 yard line.

It was the second consecutive time Stanford beat the Dons in the closing minutes of the game, last year's 20-13 victory having been won by a touchdown just before the final gun.

With less than 10 minutes of play remaining, Stanford's drives began to work as the Indians took the ball on their own 20 yard line after a San Francisco punt had rolled over the goal line.

With Bobby Grayson and Bones Hamilton doing the work, the ball was advanced to near midfield where Frank Altuzza, Stanford's ace punter, broke away around left end and dashed to the Dons' 15 yard line.

Hamilton plunged through to the Dons' eight yard line and with one down left Moscrip dropped back to score a perfect field goal. His previous try from the 35 yard line in the second quarter fell short.

A desperate University of San Francisco team took to the air after Stanford kicked off following the field goal, but it could not get far as the Indians tightened. A fumble on their own 20 yard line cost San Francisco the ball and the game ended before Stanford could knock at scoring territory again.

PORTLAND STRIKE RIOTERS JAILED

PORTLAND, Oct. 20.—(AP)—Declaring their actions were "vicious and cowardly," Municipal Judge Long sentenced two men to sixty days in jail for throwing rocks at windows of non-strike during the textile mill strike here.

The two who were sentenced were Robert Stiger, 23, textile worker, and Homer Brewster, 29, a barber. Two other men, Ray Good, 21, and Eddie Spina, 19, accused of beating non-strike, got a 30-day sentence for an attack on a woman worker.

MEDFORD'S TIGERS The Medford High School's Tigers are on their way to another championship. Football as it is played in this section is more interesting and exciting to watch than many of the games played by university teams, due largely to the fact that the fire and enthusiasm our boys put into their play outweighs the greater proficiency of the highly trained college elevens. Plan to attend the games played by the Tigers. Give our boys your whole-hearted support and cheer for them. They're out there to win for Medford.
