# EASTERN CHEESE PRICES ADVANCE

PORTLAND, Oct. 29.—(AP)—Advances in the eastern cheese trade were general, the chief cause being the tighter holding of distributors. Business was not of large volume owing to the holding tendency of makers but what sales were shown were generally at advances of 1/4 to 1/2 lb.

Locally there was no general change in values but the recent heavy buying by the government has steadied the market all around.

Trade in the butter market was strong at the almost general advance forced on cubes by the produce exchange. There was also an advance in butterfat but the price was still showing a spread.

Market for eggs continued to hold firm here. A boost of 1c was quoted on the exchange for mediums on the exchange but all fresh eggs were well held with storage stock weak.

# CCC DISTRICT HAS OWN PUBLICATION

The first edition of the Medford District News, monthly CCC paper, was published this week at the district headquarters. The paper is a four-page publication and 6000 copies were run off to provide one copy for every man in the district.

Smaller mimeographed newspapers are published in most of the camps of the Medford district, according to Major Clare H. Armstrong, district commander. The little newspapers have been an important morale factor and will be continued. It is planned to have a newspaper published by every camp in the district, in addition to the larger district paper, which is commercially printed.

The paper featured a line drawing of Crater Lake, turned out by L. Howard Crawford, CCC artist. News of all camps in the district was included. Medford district boasts 27 camps for the winter, in addition to the large headquarters detachment, located here in Medford.

ARCHITECT. W. R. Ballard says: "When business makes heavy demands on energy, smoking a Camel smooths the way—restores my energy. My mind is clearer and more alert."

YOUNG SOCIETY MATRON: "Camels are a grand-tasting cigarette," says Mrs. Alston Boyer of New York. "They are so mild! And it's marvelous how smoking a Camel revives my energy."

NEWSPAPER WOMAN. Gretta Palmer: "When I'm up to my neck in work, smoking a Camel is a great solace. It brings that renewed energy... comfort... just the 'lift' I need."

COLLEGE STUDENT. Richard Whitney says: "After a long, hard session, a Camel tastes simply swell! It refreshes my energy in short order."
