Burelson's Observe Sixth Anniversary

Burelson's ladies' ready-to-wear store in the Medford building will observe six years of business in this city by conducting an extensive anniversary sale which is scheduled to begin tomorrow morning. Although Mr. and Mrs. E. T. Burelson have been here for six years this is the first anniversary celebration to be observed in their present attractive new store on north Central in the Medford building.

Each year has been successful enough that the Burelsons have constantly improved their store and stock of merchandise until they now have one of the most complete women's clothing establishments in southern Oregon.

Special values will be offered in all departments at Burelson's. New purchases of fall and winter apparel have been received in preparation for the anniversary event.

The downstairs store is devoted to lower priced apparel and the entire millinery department, while better dresses, coats, suits, hosiery and lingerie are on the main floor.

have the slightest idea what figures would be recommended. Any tax legislation, he added, would hinge finally upon the relief and public works expenditures.

Meanwhile, he said he did not mean to take any action on the bill.

Upon taking office the president brought about a 15 per cent cut in government pay. The last congress restored 10 per cent of this reduction.

Formulating his budget for next year, the president said today he was reserving any estimates on forthcoming relief and public works expenditures until at least the first of the year.

He does not feel the increase will be warranted by January 1 but is confident of the upward trend by the time the new government year begins in July.

Mr. Roosevelt said the 1932 increase would be urged in expectation of an increase in values and in prices by July 1.

Full restoration of the government pay cuts next July 1, will be recommended by President Roosevelt, he announced today at his semi-weekly press conference.

This means a 5 per cent increase in all government salaries, which will make them reach the 1932 level.

REOPEN STERLING SOON IS BELIEF

Early operation of Sterling mine, in the Applegate district, is anticipated with the clearing away of legal obstacles and better prospects of water for mining operations.

A permanent injunction restraining the property has been granted, and suit to quiet title to other portions of the property are pending. Two suits for ejectment also await court action. The injunction covers the last of the "aqueduct" cases.

Additional machinery has been installed by the eastern syndicate leasing the property. They plan to mine the higher levels, heretofore untouched.

The general manager for the eastern syndicate is now in the east on matters in connection with the mine, and is scheduled to return within a week or ten days.

The Sterling, at one stage of its operation, was one of the best gold producers in the state, and over a long period of years has been almost continuously worked by various lessees. The present operators have been making ready for a nearly year to resume work on a large basis.

JACKSON COUNTY BUDGET APPROVAL SCHEDULED NOV. 6

Formal approval of the Jackson county budget for the year will be made by the budget committee, Geo. W. Dunn, Ashland, chairman, November 6. The state law requires that approval be made at the first regular meeting of the county court in November.

While no time has been set for the public hearing, it will be set for a date between November 15 and November 20. This is the earliest period at which it can be set. Two publications of the budget are required before the public hearing.

Roads and relief are the largest items on the budget. The budget committee has given approval to appropriations for paving roads of the county on a permanent basis. Provisions have been made for working some of the heaviest tractors of the coming year. The work will be distributed over various sections of the county as equitably as possible. Many of the roads on the floor of the valley have received only scant attention for the past three years, and are beginning to show the effects of neglect.

The budget committee expects to meet this week, and make deduction of estimated receipts from the various items. The budget's estimated total is tentatively set at \$334,000. It is also estimated that the tax levy for Jackson county will be lower than last year.

County Judge Earl B. Day is working on a plan for publication of the budget in a simplified form, so that it can readily be determined by the layman just what each amount is for, and why. Some of the budgets in the past, in the form presented, have been puzzling to the layman, and Judge Day desires it simplified.

Why I Favor The Chest

In my opinion, the Community Chest offers an excellent medium for assembling and distributing funds for much-needed local welfare and character-building activities. The Chest campaign eliminates duplication of effort by taking the place of scores of "drives" and Community Chest funds are allocated to organizations best fitted to provide maximum benefits from every dollar contributed.
