

# TURKEY CROP OF COUNTRY WILL BE UNDER LAST YEAR

### Manager of Oregon Co-Op Gains Insight On Coming Crop While at Regional Meet—Drought a Factor

The turkey crop of the United States is substantially smaller than last year, according to J. C. Leedy, manager of the Oregon Turkey Co-operative, Inc., who recently returned from the annual meeting of the Northwestern Turkey Growers' association at Salt Lake City.

Reports were received at the regional meeting of the growers from all of the western and most of the mid-western states where turkey growing is an important branch of agriculture, and a summary of the reports indicated a decrease ranging from 10 to 25 per cent in many of the turkey producing sections.

**Drought a Factor.**  
The greatest decrease, as shown by the reports, has taken place in New Mexico, where 25 per cent fewer turkeys have been grown this year. Idaho follows with a 21 per cent reduction, while the extremely large tonnage normally produced in Texas has been reduced by 20 per cent. Montana reported a 15 to 20 per cent reduction and Colorado's output will be 10 per cent under that of last year. All of the drought stricken states, including the leading turkey producing states of Texas, North Dakota, Minnesota and Oklahoma, reported material reductions in the turkey crops, along with smaller tonnage of other agricultural products.

## Loses 49 Pounds of Fat In 37 Days

Says, "Feel better than I've ever felt in my life."  
Mrs. E. Freeman Law writes: "Exactly 37 days ago I weighed 243 lbs. was troubled with my kidneys and dropsical symptoms. After my first bottle of Kruschen I weighed 227 lbs. Now I weigh 193 and never felt smaller. I'm 26 yrs. old and have 2 small children—I look and feel over 20." Kruschen salts is the SAFE, healthy way to take off burdensome fat—it helps re-establish proper functioning of body organs—it energizes and makes you feel younger. Complexion clears, eyes grow brighter—vitality, physical charm as well as youthful, slender lines can be yours! Take a half level teaspoonful of Kruschen in hot water every morning—  
One bottle lasts 4 weeks. You can get Kruschen Salts at Jarmen's Drugs, any drug store in the world.

## WINNER OF HOLLYWOOD BEAUTY CONTEST

Five comely misses who won a beauty contest in a snapshot contest representing as many different sections of the country arrived in the film capital for roles in a movie. (Associated Press Photo)

Further Advanced.  
While the crop is smaller, the birds are further advanced this season than in normal years, according to Mr. Leedy, who has visited most of the important turkey producing countries of Oregon. The early maturity of the birds, combined with the natural tendency of the growers to kill the turkeys at the first opportunity, is causing some concern in the dressed poultry trade at the market centers.

Similar turkey crops to last year's reduced production were reported in Oregon, Washington and Nevada, while California and Utah, of all the states, reported slight increases.

Grower associations and independent dealers fear that an over-abundance of poorly finished turkeys thrown on the market in late October or early November, before the normal consumptive demand develops with the war approach of Thanksgiving, will have a depressing effect on the market and result in lower prices than are justified by the price of competing meats, the size of the turkey crop and general economic conditions.

## BOY SCOUT TROOP OF HOWARD SCHOOL HOST TO PARENTS

Boy Scouts of Troop No. 16, of the Howard school, observed Parents' night last Monday evening, at which time fathers, mothers and friends of the boys were present for an interesting program.

Members of the troop who were presented with their Boy Scout Registration certificates for the coming year, by Committee men Earl Sims and John Niedermeyer, were Raymond Chapman, Lorin Chitwood, Donald Croucher, Rex Coy, William Crawford, Loren Croucher, Irwin Doty, Sherrill Doty, Neil Stone, Clarence Swing, Kenneth Williams, Roland Hogue, Kenneth Lawson, Raymond Miller, Richard Nelson, Ivan Newton, Herbert Northcraft, Martin Northcraft, Clyde Perdue, Millard Northcraft, Willis Pratt and Newton Smith.

Sherrill Doty was advanced to Jun-

ior assistant Scout master for his splendid work, and the junior assistant award was made by Committeeman Jack Butler.

Dr. L. L. Sanders showed two reels of moving pictures, one including educational features, showing the care of the teeth, and a comic reel, The Wolf, Fox and Eagle parlors each put on a stunt which was received with a great deal of applause.

The evening was concluded with Halloween refreshments. About fifty parents and 25 boys were in attendance.

Joseph Arbogast, William B. Kizer and William Holland were named as Scout pledges.

# FARMERS' PROFIT WILL BE LARGER THAN LAST YEAR

### First Nine Months of Year Has Increase of \$750,000,000 Over Same Period Last Year, Is Shown

By G. A. PHILLIPS (Associated Press Financial Writer.)  
NEW YORK, Nov. 1.—(AP)—Wall street is considerably cheered by indications that when all crops are finally harvested the farmer will "dig in" for the winter with a much fatter pocketbook than last year.

In sharp contrast to conditions prevailing in industry, where earnings statements and labor disorders reflect the stress and strain of troubled times, farm income in the first nine months was reported by the bureau of agricultural economics to have totalled \$4,313,000,000 compared with \$3,479,000,000 in that period last year, an increase of more than \$750,000,000.

**September Good Month.**  
In September alone, cash income from all sources was reported by the bureau to have totalled \$662,000,000, an increase of \$81,000,000 over August and \$108,000,000 over September, 1933, although in order to make this showing there were exceptionally heavy sales of cattle from the drought areas. In addition to cattle sold to the government and large sales of corn.

This improvement, trade observers find, has been reflected in a substantial increase in retail and wholesale business, better collections and stronger credit conditions in the major agricultural areas.

**Bank Clearings Index.**  
One of the most reliable business indexes—bank clearings—have shown consistent increases in farm centers for several months in the past week clearings in such cities as Omaha, Kansas City, Atlanta, New Orleans and Minneapolis, were 8 to 44 per cent higher than they were a year ago.

Standard Statistics Co. estimates total farm income in 1934 will aggregate \$8,019,000,000, an increase of \$1,703,000,000 or 23.3 per cent over the total in 1933 when it was estimated at \$6,316,000,000.

# KING OF SWEDEN GREAT-GRANDDAD

### STOCKHOLM, Nov. 1.—(AP)—King Gustaf of Sweden is a great-grandfather today.

A daughter was born last night to princess Sybilla, wife of Prince Gustaf Adolf, the king's grandson, inaugurating the fourth generation of the royal family.

Since Gustaf Adolf is a son of the Crown Prince Gustaf Adolf, had the child been a boy it would have been a future heir to the throne. A salute of 42 guns and the pealing of church bells gave news of the birth to the public.

Princess Sybilla of Saxe-Coburg and-Gotha and Gustaf Adolf were married in the spring of 1933 in Coburg, Germany, her home.

# GRIDIRON GUESSESS CAN'T GET WINNINGS

NEW YORK, Nov. 1.—(AP)—The Herald Tribune says four football pools failed to pay off this week to players who selected winners in last Saturday's college games. The holders of winning tickets are out about \$130,000, the paper says.

The pools, operated principally in the Wall street area, were reported to have taken heavy losses the last two weeks. Although they are conducted legally, the police have been unable to proceed against the operators because no complaints have been made by victims.

The Herald Tribune says the oldest and most reputable of the pools which failed to pay off flooded the Stock Exchange floor and adjoining offices with its cards. The odds offered by this pool were 500 to 1 to anyone picking 13 winners out of 15 games, 250 to 1 for 12 out of 12, 75 to 1 for 9 out of 9, 20 to 1 for 6 out of 7, and 15 to 1 for 6 out of 6.

# LIONS CLUB MEET ENJOYS PROGRAM BY DANCE PUPILS

### The Lions club meeting at the Town club Wednesday noon was the most successful for several years.

Leon Ted Higgins, chairman of the entertainment committee presented, through the kindness of Ted and Evelyn Schrader, several of their dancing students in interpretive numbers that were enthusiastically received.

Kent and Rosalyn White gave a tap number and a boogie number. Miss Hene McClellan's numbers, acrobatic and tap, and Miss Jean Scammon's oriental numbers were equally well received and enjoyed by those present. Miss Nedra Gillette entertained with an interpretive Russian dance, received by those present with the most enthusiastic applause and requests for encores.

Little Miss Betty Jones, aged 4½, shared equally in honors, and Florida Campbelle's acrobatic interpretations brought rousing applause.

Mrs. Effie Yeoman, accompanied by Mrs. Genevieve Brown, sang for her first number, "Carissima," and her second, "Strada," both numbers being greatly appreciated. I. E. Schuler honored the club with a recitation, "The Successful Man." Mr. Schuler reached the hearts of the membership and guests with his appealing and able manner of presentation. Mr. Schuler's recitation was very appropriate, and brought to the attention of the membership the fact that financial or apparent success in the eyes of one's fellow men is not nearly as significant as appreciation or individual duty to society and family.

C. E. Youngue, Jack Callahan, E. M. Kirtley, R. W. Frame, Earl Gray and P. Carper were guests of the club.

The proposed joint meeting with the Klamath Falls and Bend Lions' dens was discussed, and referred to the committee for final consideration. Present intentions are that the meeting be held at Pinehurst about the middle of November.

A motion was passed that next meeting of the club be postponed, and that the membership meet with all other service clubs and other organizations at a joint meeting at Hotel Medford at noon, November 6, election day.

# PEACE LOOMS IN A. & P. LABOR WAR

### WASHINGTON, Nov. 1.—(AP)—Success appeared imminent today in the federal government's fight to prevent a chain store labor war from wrecking President Roosevelt's industrial truce.

Optimistic comment came from officials of the great Atlantic & Pacific Tea Co. as they and union representatives went home to consider a seven-point program laid down by the government. The company closed its 300 stores in Cleveland in protest against union "coercion"; union leaders charged "discrimination."

Haggard after almost 11 hours of conference, members of the national labor relations board emerged early today to announce that both parties had agreed to consider the peace plan, calling for immediate reopening of the stores.

# A VICIOUS MEASURE!

## The Healing Arts Constitutional Amendment would destroy

- the Basic Science Law
- our Health and Hospital Standards
- the Workmen's Compensation Law.

The Healing Arts Constitutional Amendment would cause Oregon to become the dumping ground for ignorant "diploma mill" doctors and promoters of low-grade hospitals.

Under the sponsorship of selfish private and corporate interests there will appear on the ballot at the general election November 6, a so-called "Healing Arts Constitutional Amendment."

**Destructive Measure**  
Under the fictitious claim of preventing "medical monopoly," this vicious measure seeks to destroy Oregon's basic laws of health and high standards of hospitalization which have been made possible by the long and earnest efforts of Oregon clubwomen, civic bodies, professional societies and social and welfare associations, together with the cooperation of State Legislature, State Industrial Accident Commission, the State Board of Higher Education and the boards of trustees of Oregon hospitals.

**Don't Be Misled**  
This Healing Arts Constitutional Amendment would lower the standards of education of the doctors who treat our sick and injured; destroy the sanitary, aseptic and other recognized requirements of our hospitals; and would counteract the beneficial effects of our Workmen's Compensation Act, which has enabled so many victims of accidents in industry to win their way back to health and self sufficiency.

It would deprive the State Industrial Accident Commission, the State Board of Higher Education and the boards of trustees of our hospitals of their protective power, and would transfer this power to commercial schools of healing which are private corporations interested solely in private gain.

**Health Standards at Stake**  
This Healing Arts Constitutional Amendment would destroy the purpose of the Basic Science Law passed by the last legislature, which law requires that any doctor who is thereafter licensed shall possess a sufficient knowledge of the basic subjects of anatomy, physiology, pathology, chemistry and hygiene to en-

able him to recognize the nature of the disease from which the sick person is suffering. It would allow you and your family to become possible victims of unscrupulous, ignorant "diploma mill" doctors who are interested solely in enriching themselves at public expense.

**Affects Hospital Standards**  
It would force Oregon hospitals, which are now conducted under the highest standards of practice, to permit any doctor, however incompetent, to treat the most serious cases of illness; perform surgery; care for contagious diseases; attend patients in childbirth and undertake other practices for which they might be wholly unfitted.

**A Blow to the State**  
From the State Industrial Accident Commission this Amendment would take away its power to properly administer the now efficient Workmen's Compensation Act, and the injured workmen in Oregon would become the prey of unscrupulous "diploma mill" doctors, and the now carefully administered State Industrial Accident fund would be subjected to wholesale raids by any avaricious group interested solely in private gain.

**Stamp Out this Menace**  
The menace of this Healing Arts Constitutional Amendment strikes straight at the heart of your home and family welfare—at the health of yourself and loved ones. It strikes at Oregon's enviable hospital standards. It strikes particularly at the infant mortality rate, which, thanks to our splendid health laws, is lower than in the large majority of other states. It strikes at the efficiently and economically administered Workmen's Compensation Act, which now stands as a bulwark of protection for those employed in Oregon industries.

Every self-thinking man and woman in Oregon should vote "NO" against this Healing Arts Constitutional Amendment.

# VOTE 305 X NO
