BILLINGS GOING TO LAND GRANT MEET IN EUGENE

County Commissioner Ralph S. Billings of Ashland will represent Jackson county at a meeting in Eugene, November 9, of representatives of 18 western Oregon counties coming under the Oregon-California land grant act. Purpose of the meeting is to frame recommendations to the state planning commission for disposal of land grant lands.

One plan advanced calls for inclusion of the grant land in the national forest reserves. The western Oregon counties feel this plan is not acceptable, unless they receive revenues in lieu of taxes.

It is also expected that the question of annual revenue to the counties will be specified in measures coming before the next session of congress.

The O. & C. land grant was issued to the Southern Pacific railroad originally, and the corporation paid annual taxes upon it until 1918. That year the land reverted back to the government. In 1925, the O. & C. land grant fund bill was passed, which reimbursed the counties for taxes they would have received from the railroad.

Some of the money received from this source was used by Jackson county in the construction of the new courthouse.

In 1933, the federal government ruled that the 1933 O.-C. money should not be paid from the general treasury, but from the O.-C. special fund, made up of receipts from timber sales, grazing fees, and other sources. Half payments were made, and the county courts were recently advised that funds for payment of the last half of the claim were available. It amounts to approximately \$32,000, and Jackson county has filed formal application for it with the treasury department at Washington, D. C.

The ballot boxes will be distributed Monday to Medford and Ashland and precincts on the floor of the valley.

The ballot boxes are delivered to the chairman of the election, sealed and locked. Each box contains a ballot for each registered voter in the precinct.

The polls open at 8 o'clock in the morning, and close at 8 in the evening.

NRA FORCES PAY
CARAVAN DRIVERS

PORTLAND, Nov. 1.—(P)—Eight young men who were engaged in the Midwest to drive caravans of new automobiles to Portland for local dealers, have the NRA to thank for the little money they received for the long trip.

The eight unemployed youths were picked up at the factory site and received a small amount of money in advance for expenses on the western trip. They were stranded here, penniless.

James Bretherton, NRA compliance officer, took a hand. He managed to get \$7 for each of the boys in addition to the advance, after insisting on payment of wages in full.

Bretherton said the practice of running "new-car" caravans to the west is growing and that many unemployed men are being left here stranded, to become a burden on western relief organizations.

STORM WARNINGS FLY

PORTLAND, Nov. 1.—(P)—Small craft warnings were continued at all Oregon and Washington coast stations today as fresh to strong winds were predicted for today and tonight.

Why I Favor The Chest

Public spirited men and women of this city will be anxious to offer their services in the campaign for Community Chest funds next week.

The meeting tonight at the court house should be well attended!

The organizations participating in Chest funds are not asking for more money than last year. Instead, they are eliminating duplication of effort and combining several drives for welfare money in one well-organized campaign. In my opinion, the Community Chest offers a thoroughly business-like method of gathering and distributing money for welfare and character-building activities. Medford citizens should, and I'm sure, will generously support this campaign which has been launched today.

WILLIAM F. ISAACS,
Proprietor, The Toggery.

INSULL DEFENDS
SELF ON CHARGE

WASHINGTON, Nov. 1.—(P)—Peering to the capital in a jocular mood, Theo. G. Bilbo said today the reason he started his successful campaign for the senate was to get "a place to park my car."

The senator-elect from Mississippi laughingly referred to his previous position "clipping papers" in the farm administration, and added: "The only trouble was they would not give me a place to park by automobile. I don't know whether a parking place went with the job or not. But they didn't give me one."

"That's why I ran for the senate. So I could have a place to park my car. Now I can park it in a million-dollar garage."

AUTO, TRUCK CRASH
CASE BEFORE COURT

The suit of D. W. Beebe against C. F. Wey, for \$5770 for alleged damages growing out of an auto accident on the Pacific highway near the fairgrounds last summer, was under way today before a circuit court jury.

Beebe alleges that while traveling on the highway in his auto, Way, driving a truck, turned in at the "Old Airport Road," without warning, striking the rear wheel of his car, causing it to turn over and resulting in his sustaining three broken ribs. The accident occurred, the complaint cites, when Beebe was attempting to pass Way.

The case is expected to be in the hands of the jury this afternoon.

Following the workers meeting at the Court House tonight, a public rally will be held at the Armory tomorrow evening under direction of A. C. Soderberg. These organizations are: The Red Cross, Salvation Army, Boy Scouts, Health Association, Girl Scouts, Girls' Community club and the Welfare Exchange.

The rally will be preceded by a parade which will move east from Main to Barlett streets, and north to Armory, starting from the Jackson county courthouse, at 7:30 Friday evening, according to Mr. Soderberg. Included in this parade will be the Medford high school band, the Girl Scouts, Eagles drill team, Boy Scouts and decorated automobiles.

The program planned for the Armory is as follows:

A public address system for this special rally has been provided through the courtesy of Pruitt's Melody Shop of this city.

Crash Fatal For
Football Player

RAINIER, Ore., Nov. 1.—(P)—Mike Brusco, 17, quarterback on the Rainier Union high school football squad, was fatally injured last night in an automobile accident in the Fern Hill community near here. Brusco was riding in a car driven by Bob Miller when the lights went out. The machine went over an embankment and turned over, pinning Brusco underneath.

WAR GERMS SEEN
IN FORTHCOMING SAAR PLEBISCITE

(Continued from page one.)

Petain, minister of war, gave October 19, that France must prepare for a shock and the statement that Germany is becoming formidable, voiced the official feeling and caused a general wave of anxiety, especially along the frontier of the Saar basin.

GENEVA, Nov. 1.—(AP)—A special session of the league of nations council today was called to meet November 21 to discuss the problem of the Saar territory plebiscite.

BERLIN, Nov. 1.—(AP)—A semi-official German source, answering reports that France is preparing for possibly occupation of the Saar territory, warned today that France is "playing with fire."

The Deutsche Diplomatische Politische Korrespondenz, mouthpiece of the government, in an editorial headed "Playing With Fire," said: "Under no circumstances could peace and order be enforced in the Saar with military force by a power which is a party to the January 19 plebiscite."

The rich Saar region votes then on whether to join Germany or France, or to remain under the mandate of the league of nations.

The editorial expression came in quick reaction to reports from Paris and London that France is making ready for a possible Saar occupation whenever the Saar governing commission deems it advisable.

PARIS, Nov. 1.—(AP)—A war scare overshadowed the visits of French people to the graves of their military and civil dead in All-Saints Day cemetery pilgrimages today.

Battle sounds of twenty years ago were recalled as fear of another conflict with Germany was aroused by official and private warnings.

The strength of Chancellor Hitler's army, said one newspaper, will be greater next spring than the one with which Germany entered the World war.

Preparations for defense increased the nation's dread of an air invasion, with its possible campaign of bombs, gas and microbes.

PORTLAND FOREIGN
Trade Increasing

PORTLAND, Nov. 1.—(P)—A 22 per cent increase in foreign trade out of Portland was marked up for October, compared with the corresponding month a year ago.

Exports for last month totaled \$1,603,856 compared with \$1,301,666 in 1933.

TURKEY SOLD AT 20 TO 22 CENTS

Scattered and small sales of Jackson county turkeys have been made the past week, at prices ranging from 20 to 22 cents, according to County Agent R. O. Fowler. It is estimated there are 42,000 turkeys in Jackson county. The fowls are reported of exceptional size and quality.

Demand for turkeys is expected to become more active in a week or ten days. According to the county agent, there is a shortage of turkeys in the nation. Unfavorable weather conditions last spring and drought last summer took heavy toll in Texas and mid-west turkey raising sections. Growers expect that when the buying starts for the Thanksgiving trade, the price will rise.

Many of the local growers expect to hold a goodly portion of their flocks for the Christmas trade. Bulk of the crop is expected to move for the Thanksgiving business, however.

The outlook for turkey raisers is described as "favorable."
