CCC EDUCATIONAL PROGRAM WILL BE DRAWN SATURDAY

Commanding officers and educational advisers of the 28 CCC camps in the Medford district will gather at the headquarters here Saturday to make plans for a far-reaching educational and recreational program for the winter. At noon, the Jackson County Chamber of Commerce is sponsoring a stag dinner at the Hotel Medford, for the army officers and Medford business men, according to custom established last year.

At the meeting Saturday, problems of camp administration will be discussed, with Major Clare H. Armstrong, district commander, in charge. J. B. Griffing, civil educational adviser for the Ninth corps area, will be here from San Francisco to confer with the educational advisers of the district.

The Medford district includes 28 camps and the total enrollment in educational work is nearly 3600 men.

Vocational subjects, calculated to assist enrolees in making a living after their tour of duty with the CCC is over, will occupy an important part in the program. Health, first aid and citizenship will find places in the curricula as well as academic subjects to give the men an opportunity for study during the evenings.

The meeting will begin at 8 a. m. Saturday. Movement of camps has been completed and the district has become one of the largest in the United States.

A. H. Banwell, manager of the Chamber of Commerce, has requested that all Medford business men who are interested in attending the Saturday luncheon, leave their names at the Chamber of Commerce office.

MEETING CALLED TO SAVE TIMBER ALONG HIGHWAYS

Invitations were being sent out this morning by the Jackson County Chamber of Commerce for all organizations in southern Oregon to be represented at a meeting to be held in the auditorium of the county courthouse on Thursday, December 13, at 2 p. m. The purpose of the meeting is to bring about unanimous action by southern Oregon organizations in an effort to preserve the distinctive stands of virgin forests lining our highways, particularly the Crater Lake highway between Prospect and the Rogue River national forest.

Last year, when it became known that certain timber companies contemplated denuding the forests adjacent to the highway, the Chamber of Commerce endeavored to arrange for an exchange of timber between the timber owners and the government, in order that the scenic grandeur of the highway may be preserved. While this has not yet been consummated, no action has so far been taken towards cutting down the timber, and Chamber of Commerce officials believe that with every organization in southern Oregon getting behind the program sufficiently, the government will give the matter more serious attention.

Those invited to the meeting include chambers of commerce of southern Oregon, service clubs, Granges, forestry officials, representatives of the timber company and many other individuals who are interested in the preservation of forests adjacent to our highways.

NEW ROXY SEATS PLEASE PATRONS

Roxy patrons are voicing exclamations of delight after seeing and sitting in the new chairs which have just been installed in the East Main theater, according to Gene Childers, owner. Mr. Childers says: "The new chairs are the most comfortable ones we could find. The backs, which are heavily padded and curved, are covered with red mohair. The bottoms have deep springs and are covered with a new blue, long wearing material. The backs of the old chairs, which were not covered, produced a slight echo. The chairs have a new type non-glare aisle light. The new equipment will make the house perfect for sound reception."

Mr. Childers announced today that he is going to completely redecorate the interior of the theater to harmonize with the new chairs.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep . . . Vigor . . . Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS . . . a doctor's prescription . . . which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS . . . the old reliable relief that contain no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934. Foster-Milburn Co
