

### EPISCOPALIANS OF AREA WILL GREET CHURCH NOTABLES

The announcement in yesterday's Mail Tribune that a delegation of notables, direct from the general convention of the Episcopal church at Atlantic City, would spend Friday in Medford and address the parishioners of St. Mark's at an evening service, has awakened unusual interest among the membership, and Rev. Bartlam, the local rector, assisted by members of the vestry, are planning for the entertainment of the visitors and also arranging to take care of an overflow mass meeting at the church in the evening.

A delegation of parishioners from St. Vincent's at Ashland, and also a delegation from St. Luke's at Grants Pass, are expected to attend the evening meeting.

The Rt. Rev. Frederick B. Howden, bishop of New Mexico and Southwest Texas, who heads the visiting clergy, is a colorful figure, a missionary whose diocese has almost twice the area of the state of Oregon. He is reputed to be an interesting and forceful speaker.

The other two members of the visiting party are the Very Rev. Chas. E. McAllister, dean of St. John's cathedral to Spokane, Wash., and Mrs. Wilson Johnston, educational secretary of the Women's Auxiliary to the National Council. These three form one of 21 teams sent out by the national council to bring to the church information from the general convention which closed its 51st triennial on October 23rd, after sessions lasting three weeks, with an attendance of 40,000 people.

On Friday afternoon at 2:30, the visitors will talk to the ladies of St. Mark's Guild at the parish house.

The afternoon meeting will be somewhat informal and tea will be served by the Altar Guild following the meeting. At 6 o'clock the vestry and several members of St. Mark's will entertain the visitors at a dinner at Hotel Medford.

Everybody is invited to attend the 8 o'clock evening services at the church.

### PORTLAND STORE TARGET FOR BOMB

PORTLAND, Ore., Nov. 22.—(AP)—A powerful dynamite bomb wrecked a store front here yesterday in what police described as a continuation of strike violence resulting from the Swift & Company butchers' strike. It was the fourth bombing in the Portland area since the strike started.

Floyd H. Westberry, owner of the shop damaged today, said he had been warned to discontinue sale of Swift products, but had refused. The bomb fell on steel sidewalk doors, tore a large hole in the plate, shattered all windows in the store and broke six windows across the street.

Union butchers and their assistants at the Swift plant are on strike for higher wages and shorter hours.

### MAIN HIGHWAYS CLEAR OF SNOW

GRANTS PASS, Nov. 22.—(Spl.) All main highways of southern Oregon under the supervision of the state highway department are now cleared of snow and open to travel.

J. G. Bromley, resident maintenance engineer, said Wednesday.

On four sections of the roads snow has been plowed by state crews. The Crater Lake highway at Union Creek and the Oregon Caves highway from Grayback Creek up had snow one foot deep.

The Pacific highway over the Siskiyou and the Green Springs road had snow 10 inches deep. Plowing on the Caves and Green Springs highway was done since Sunday morning. The other two sections were plowed on Tuesday only.

The slight storms of Tuesday brought only rains to these summits, Bromley said.

### ROOSEVELT REGIME ATTACKED BY FISH

NEW YORK, Nov. 22.—(AP)—Rep. Hamilton Fish, Jr., attacked the Roosevelt administration today as "a government of propaganda and baloney."

Long (left) started lengthy discourses about the advisability of Louisiana's secession from the union. He mentioned plans for setting up a "Utopian heaven" in an independent state. Long had no comment about the libel trial, but General Ansell, shown after he heard the news, expressed pleasure at the ruling. (Associated Press Photos)

Cut the pork in small slices and fry in greased pan until golden brown. Add the finely sliced onion and celery and cook for about ten minutes. Add the remaining ingredients and season with salt and pepper. Finally, add 4 tablespoons of Chinese sauce. (If you wish, you may thicken this a little with one tablespoon of cornstarch dampened with cold water, added about ten minutes before the Chop Suey is to be served).

### NO ADDED COSTS TO WATER USERS IF BONDS VOTED

For the benefit of voters who will go to the polls to vote on the sewer bond issue on December 4, Chamber of Commerce officials announced today that no additional charge to water users will result from sewer improvements.

One or two voters who called at the Chamber of Commerce recently were under the impression that by voting for the sewer bond issue, and thereby bringing about the needed improvements, that an additional charge for same would be made. Chamber of Commerce officials point out that this is incorrect.

Under the plan which will be submitted to the voters December 4, six per cent of the water revenue will be used against the sewer indebtedness. In other words, a 15-cent fee to make the sewerage improvements plan self-liquidating will be subtracted from the water tax now being collected. The total water tax now is \$2.50 a month and the same amount will be charged after the sewer improvements are accomplished, but the water department will lower the water tax to \$2.35 and place 15 cents against the sewerage.

The impression with a few citizens seems to be that the bond issue is for \$100,000, and that the government grant of \$22,000 is additional. This

is incorrect and Chamber of Commerce officials this morning announced once again that the total amount of the bond issue will be \$100,000, but the government grant of \$22,000 is included in this amount leaving only an actual bond issue of \$78,000.
