

DESKS IN SENATE SHIFTED FOR NEW BOURBON INFLOW

Republican Side Stripped to
Make Shift to Right Side
—Huey Long's Neighbor
Would Move Elsewhere

By HERBERT PLUMMER
Associated Press Staff Writer
WASHINGTON.—The most convinc-
ing evidence of the democrats' sweep
in the elections of November 6 to be
found in Washington is the United
States senate chamber.

Col. Ed Halsey, secretary of the
senate, and Chesley Jurney, ser-
geant-at-arms, have been amusing
themselves in their spare time since
the elections in shifting senatorial
desks from the left (republican) side
of the chamber to the right (demo-
cratic) side.

The result is striking when one
glances down from the vantage point
of the press gallery and sees just to
what extent the republican side of
the dividing political aisle has been
stripped.

One whole row of desks formerly
occupied by republicans had to be
shifted over to make room for new-
ly-elected democrats. To fill up the
gaping space, the remaining 27 desks
left have been scattered liberally
around.

A 'Cherokee Strip'
Republican senators of the 74th
congress will have no cause to com-
plain of being crowded. A square
dance, almost, could be executed in
the yawning space between their
desks.

Halsey and Jurney admit the present
set-up may be only temporary. It
may be necessary after the senate is
convened to form a "Cherokee
strip" on the republican side to take
care of the democratic overflow. It
was necessary once before to do this
to provide seats for republicans.

Back in 1907 nine republicans took
up their abode on the democratic
side.

Huey Long may force a "Cherokee
strip" all by himself. The Louisiana
"kingfish" has a habit of roaming
all over the chamber while making
a speech. After Huey has tread on a
few senatorial toes on the crowded
democratic side there'll probably be
a howl for more space. Already Sen-
ator Byrd of Virginia, who sits im-
mediately behind Long, has served
notice that either he or Huey must
move in the next congress.

Byrd threatens to sit on the repub-
lican side unless Vice President Gar-
ner gives him another seat.

A Difficult Assignment
Probably the toughest assignment
of them all on the senate side of
the capitol in the next congress will
be that of young Leslie Biddle, secretary
to the majority.

It's Biddle's job to keep track of all
the democratic senators. He must
know where they are at all times or
else see that they are paired for im-
portant votes. He is responsible to
Senator Robinson, the majority leader,
for the whereabouts of all demo-
cratic senators.

With 69 on his hands in the next
congress, Biddle is in for a hard time.
Often in the past it has been a ques-
tion of how fast Biddle's heels flew
around the capitol, whether the dem-
ocrats won or lost on a roll call. He'll
be forced to move faster than ever
from now on.

Killed 500 Rattlesnakes
BRULE, Neb., (UP)—What is be-
lieved to be a Nebraska record was
established in a stubble field be-
longing to Gus Schulz when more
than 500 rattlesnakes were killed in
a week. The snakes were discovered
when Schulz investigated after the
death of one of his cattle. A portion
of the field formerly was an old
prairie dog town.

Oregon Weather.
Unsettled with rain, west portion
and snow over mountains tonight
and Saturday; moderate temperature;
fresh south and southwest wind off
the coast.

Eastern Star Bummage Sale, Sat-
urday, Nov. 24, 8 p.m. Sparta Bldg.

Officer Indicted

Police Sergeant Oliver L. Hassing
of San Francisco was indicted by
the grand jury on a charge of
"burglary with explosives." He was
suspended from the force. Three
other persons were jointly indicted
following an unsuccessful attempt
to blow up a safe. (Associated

Cape Cod Town Crimeless
EASTHAM, Mass., (UP)—Eastham,
Cape Cod's tiniest town, boasts of
being a crimeless community. There
hasn't been an arrest here during
the past year. The one-man police
department, Constable Harvey T.
Moore, had one call during the 12
months. That was to inspect a couple
of automobile mudguards that had
been scraped.

Don't miss the beautiful fur dis-
play of Fred Benioff's Friday and Sat-
urday at Ethelwyn B. Hoffmann's.

STREET PLAYING PERILS CHILDREN, COUNCIL WARNS

With several children being injured
in the residential districts recently,
as they played in the street, the city
council recently adopted a resolution
requesting parents of children to
keep them from playing in the streets
where they are apt to be hurt.

The resolution follows:
"Whereas, there is now being con-
ducted in the various cities of the
northwest, a campaign for the safety
of the public in the use of streets of
the various municipalities; and
"Whereas, it is obviously impos-
sible for the City of Medford, with
the limited funds available, to prop-
erly police and patrol all the streets
of the City of Medford, and particu-
larly streets in the residential sec-
tions of the city; and

"Whereas, it is customary for chil-
dren to use the streets in the resi-
dential areas for recreation purposes,
such as for playing games, roller
skating and the like; also bicycling,
and the children of the city are ac-
customed to riding bicycles upon the
public streets after dark without hav-
ing the same properly equipped with
lights or other warning device; and
"Whereas, many injuries have been
received by children within the City
of Medford by reason of their use
of the streets, as aforesaid; now,
therefore,

"Be it resolved by the City Council
of the City of Medford, Oregon:
"Section 1. That the parents of
children using the streets of the City
of Medford for recreational purposes
be requested to use their utmost en-
deavor to keep the children of the
community off of the streets, and
that drivers of motor vehicles be like-
wise requested to use extreme care
and caution when operating such motor
vehicle in the residential areas.

"Section 2. That in the judgment
of the City Council, a safety cam-
paign in the City of Medford is ad-
visable, and all employees of the City
of Medford are herewith directed and
requested to cooperate therein as well
as all parents of children and oper-
ators of motor vehicles.

"Section 3. That a copy of this
resolution be furnished to the press
in the City of Medford with the re-
quest that the same be published.

"Passed by the City Council and
signed by me in open session in
authentication of its passage this
7th day of November, 1934.

"GEO. W. PORTER, Mayor.

"Approved by me this 7th day of
November, 1934.

"GEO. W. PORTER, Mayor.

"Attest: M. L. ALFORD, Recorder."

GROCERIES & MEATS

Why

Mrs. Jones!

Do you mean to say you've

never tried Snow Flakes

—the light, flaky crackers

that taste so good with

soup and salads? Do get

a package today. You'll

like them!

You'll find these soda

wafers delicately light

and deliciously fresh.

That's why most women

in the West prefer them,

of course.

The Uneda Bakers

bakery is within a short

distance of your gro-
cery store... that's

why these crackers

are oven-fresh!

Don't ask for crackers—say

RAINS BRING RESPIRE FROM FOREST FIRES IN W. VIRGINIA AREAS

CHARLESTON, W. Va., Nov. 23.—P.
A score of southern West Virginia
communities, threatened and in some
cases isolated by raging forest fires,
welcomed scattered rainstorms today.
Two thousand men—all available
fire fighters—struggled to halt the
spread of the flames toward the set-
tlements. One fire fighter, Henry
Prith, 19, was crushed to death by
a blazing tree which fell on Zion
mountain.

The largest of the communities
threatened was Beckley, a city of 10-
000, situated on a mountain top 70
miles from Charleston. After the
flames destroyed telegraphic com-
munications to Beckley yesterday, ar-
rangements were started for radio
broadcasts to the isolated city. The

wire service was restored, however,
before broadcasts became necessary.

With high winds whipping the
flames over miles of forest land, the
fire fighters were encouraged by pre-
dictions of continued rains through-
out most of West Virginia today.

State forest wardens estimated the
total number of fires at 250, in both
northern and southern sections of the
state.

Conferred 5,610 Degrees
STILLWATER, Okla. (UP)—Okla-
homa A. & M. college has conferred
5,610 degrees since it was founded in
1891. Only eight were honorary de-
grees; 4,935 were bachelor of science
degrees. Dr. Henry G. Bennett, presi-
dent since 1928 has conferred 82 per
cent of all the degrees, though there
have been 14 presidents.

Farms to Plant Tree Belts
FORT COLLINS, Colo. (UP)—
Twenty-six farms in 17 Colorado
counties will be planted with experi-
mental belts of trees under direction
of the Colorado Agricultural Exten-
sion service. Planting of the trees
will determine what trees are best
for this purpose, college officials
said.

NAVAL ACADEMY EXAM IS SLATED

January 5, 1935, a civil service ex-
amination will be held to determine
eligible applicants for appointment
to the U. S. naval academy at An-
napolis, Md.

The first congressional district of
Oregon will have one vacancy at that
academy in 1935. The successful can-
didate will enter the academy next
June. Congressman James W. Mott
is anxious that all ambitious young
men in the first district, which he
represents, have an opportunity to
try for this coveted appointment.

Any young unmarried man not less
than 16 years of age or more than 29
years of age on April 1 may compete.

In order to make the required ar-
rangements it is necessary that the
applicant notify Congressman James
W. Mott, Washington, D. C., not later
than December 5 of his desire to par-
ticipate in the examination.

EAGLE POINT SCHOOL TO PRESENT OPERETTA

EAGLE POINT, Nov. 23.—(Sp.)—
Under the direction of Miss Wilda
Darnelle, the Eagle Point grade school
will present the very successful and
popular operetta, "Little Red Riding
Hood." The play will be given in
the Oakes hall the night of December
7th, starting at 8 o'clock. The play
is a magnificent spectacle of three
acts, with beautiful costumes and a
cast of 40 members. Maria David-
son plays Little Red Riding Hood,
Rud Ward, grandmother, and Eddie
Dahack the Big Bad Wolf.

PORTLAND ASSURED PLENTY OF TURKEYS

PORTLAND, Nov. 22.—(AP)—An ade-
quate supply of turkeys for the Por-

land holiday trade was indicated in
a survey of the market today. The
indication was that producers are ex-
tremely eager to market their birds
with as little delay as possible.
Up to this time the average quality
has been the best known for the pre-
Thansksgiving movement. A definite
preference for hens is shown by prices.
They generally command a premium
of one cent a pound over toms of
large size.

Live birds today were from 14 to 17
cents a pound. For dressed stock the
top price to retailers was 17 to 23
cents.

For bargains in oranges, 122 North
Riverside.
